Terra Prime Arthur Barnhart, 2004-04-12 Terra Prime is the series title of a collection of four novels that chronicle a stark and sometimes troubling vision of humanities first voyage to star systems beyond our own Book One Ripton's Ride begins humanities sullied erste reise to the stars Over a hundred years of technological advancements has forever changed mankind's perception of the stars but that great knowledge has not diminished that ever burning need to explore them Insignificant to the universe and naAAve in the belief that we are alone mankind is not prepared for what waits for us out there

Justice and Popular Culture George A. Gonzalez, 2019-07-18 This book examines how the Star Trek franchise does more than reflect and depict the political currents of the times Gonzalez argues that Star Trek also presents an argument as to what constitutes a just stable thriving society By analyzing Star Trek this book argues that in order to obtain true democracy and justice the productive forces of society must be geared toward achieving a thriving society the whole individual and the environment This dialectic is consonant with the notions of revolutionary change progress postulated by Karl Marx and examined within this text The book concludes that the only way to hope to avoid a planetary cataclysm is through justice more specifically communism as a concept of justice
