

The Self from the Anthropological Perspective

The Anthropological Perspective

Emma Gilberthorpe

The Anthropological Perspective:

The Anthropological Perspective ,1975* **Global Health** Merrill Singer,Pamela I. Erickson,2013-02-12 Affordable and conceptually accessible this succinct volume captures the distinctive anthropological perspective on global health issues for undergraduates in the social and health sciences Ideal for professors who want to add an experiential human face a cultural dimension and an emic understanding of health in cross cultural contexts to interdisciplinary course content Global Health exposes the day to day health challenges people around the world face Key to its message is that despite strides in improving worldwide health human impacts on the environment violent social conflict and increasing social inequality diminish the success of global health initiatives to protect against illness disability and death Readers gripped by the impact of undeniable far reaching realities such as global warming infectious disease food insecurity water crises war and genocide and refugee crises will learn to apply a holistic anthropological framework in search of solutions to such complex biosocial conditions

Innovation in the Anthropological Perspective Julia C. Gluesing,Christine Miller,Helga Wild,2024-07-30 Innovation is a constant in human life and organization arising from within a context based culture of social structures and beliefs This book re examines the processes practices and mechanisms of innovation from an anthropological perspective offering a theory of innovation as a dynamic multidimensional system It uses methods and stories across a broad arc of time place social and cultural context and subject matter The chapters explore the intersection of virtual local and global dynamics and deepen our understanding of aspects and dimensions of innovation that challenge common perceptions particularly in business and organizational environments The approach aims to situate innovation in an integrated view of human and non human ecologies and to create common ground for a new form of research and practice *The Anthropological Lens* James L. Peacock,2001-12-13 Anthropology is a complex wide ranging and ever changing field This clear coherent and well crafted book is a revised version of a very successful text first published in 1986 designed to supplement standard textbooks and monographs It covers the central concepts distinctive methodologies and philosophical as well as practical issues of cultural anthropology and it is accessible to the anthropological novice and of value to the professional The updated version covers current issues in cultural anthropology and includes topics such as globalization gender post modernism and public issues and reflects changes in perspective and language

The Pernicious Plague of Annihilation: A Delve into the Anthropological Perspective of Genocide Pasquale De Marco,2025-03-16 In a world scarred by the horrors of genocide this book offers a profound exploration of this heinous crime through the lens of anthropology With meticulous research and case studies it unravels the complex interplay of cultural social psychological economic and political factors that fuel mass annihilation Delving into the motivations processes and consequences of genocide the book sheds light on the mechanisms of mass violence and the devastating impact it has on individuals communities and societies Survivors narratives poignant and powerful provide a window into the horrors of genocide and its lasting effects The book also examines the international

community's response to genocide scrutinizing its successes and failures in preventing and intervening in these atrocities. It explores the legal frameworks, accountability mechanisms, and efforts to promote reconciliation and healing in the aftermath of mass violence. Furthermore, it delves into the role of media in shaping public perception of genocide, highlighting the power of storytelling and documentation in raising awareness and galvanizing action. The intersection of genocide and religion, the arts, and technology are also explored, shedding light on the complex dynamics at play. With a comprehensive analysis of past genocides and a critical examination of current prevention and response mechanisms, this book aims to foster a deeper understanding of this global scourge. It seeks to equip readers with the knowledge and tools necessary to challenge ideologies of hate, promote empathy, and work towards a world free from genocide. This book is an essential resource for scholars, policymakers, activists, and anyone seeking to understand the complexities of genocide and contribute to its prevention. It is a call to action, a reminder that we must never be complacent in the face of such atrocities and that we have a collective responsibility to protect human dignity and uphold the rights of all. If you like this book, write a review.

Anthropological Perspectives on Aging Britteny M. Howell, Ryan P. Harrod, 2023-02-21 Taking a holistic approach to the study of aging, this volume uses biological, archaeological, medical, and cultural perspectives to explore how older adults have functioned in societies around the globe and throughout human history. *Culture* Marc J. Swartz, David K. Jordan, 1980-01-01 *Anthropological Perspectives on the Religious Uses of Mobile Apps* Jacqueline H. Fewkes, 2019-10-10 This edited volume deploys digital ethnography in varied contexts to explore the cultural roles of mobile apps that focus on religious practice and communities, as well as those used for religious purposes, whether or not they were originally developed for that purpose. Combining analyses of local contexts with insights and methods from the global subfield of digital anthropology, the contributors here recognize the complex ways that in-app and on-ground worlds interact in a wide range of communities and traditions. While some of the case studies emphasize the cultural significance of use in local contexts and relationships to pre-existing knowledge networks and/or non-digital relationships of power, others explore the globalizing and democratizing influences of mobile apps as communication technologies. From Catholic confession apps to Jewish Kaddish assistance apps and Muslim halal food apps, readers will see how religious-themed mobile apps create complex sites for potential new forms of religious expression, worship, discussion, and practices. *Anthropological Perspectives on Global Challenges* Emma Gilberthorpe, 2024-03-28 This volume offers a snapshot of anthropological perspectives on global challenges. Whilst it could not hope to represent the full scope of anthropological perspectives, those that are presented highlight some of the critical flaws embedded in such an all-encompassing notion. The contributors reveal the possibilities of reimagining the ways in which challenges are understood and addressed and demonstrate how a combination of deep understanding of the past and collaboration, cooperation, and inclusive dialogue about the future can improve the chances of positive action. The collection thus not only shows us that perspectives must change but also how that change might be

realised Whilst the chapters are authored solely by anthropologists this book is not solely for anthropologists The book is illustrative of the practical and theoretical insights that anthropology can offer those individuals teams and policy and decision makers engaged in research mitigation and or intervention practices in relation to the global challenges Beyond academia it contributes to broader understandings of the challenges we collectively face at this point in time and how we might collectively and effectively address them Anthropological Perspectives on Local Development Simone Abram, Jacqueline Waldren, European Association of Social Anthropologists, 1998 Conference papers presented in a workshop at the 1996 EASA Conference in Barcelona

Getting the books **The Anthropological Perspective** now is not type of inspiring means. You could not unaided going considering book stock or library or borrowing from your contacts to right of entry them. This is an no question easy means to specifically get guide by on-line.
