The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines:

The Anti-Marcos Struggle Mark R. Thompson, 1996 **Politics in Southeast Asia** William Case, 2013-09-13 This volume provides an introduction to the politics of the five key southeast Asian states Malaysia Singapore Indonesia Thailand and the Philippines and is intended as a textbook for undergraduate and graduate students taking courses on this subject Using a comparative politics and political economy perspective the author focuses in particular on the degree of democracy in the five countries arguing that in all the countries considered democracy is to varying degrees imperfect The book synthesises a wide range of scholarship and presents the material in a concise and accessible way **A Force More Powerful** Peter Ackerman, Jack DuVall, 2015-12-01 This nationally acclaimed book shows how popular movements used nonviolent action to overthrow dictators obstruct military invaders and secure human rights in country after country over the past century Peter Ackerman and Jack DuVall depict how nonviolent sanctions such as protests strikes and boycotts separate brutal regimes from their means of control They tell inside stories how Danes outmaneuvered the Nazis Solidarity defeated Polish communism and mass action removed a Chilean dictator and also how nonviolent power is changing the world today from Burma to Serbia *Why Civil Resistance Works* Erica Chenoweth, Maria J. Stephan, 2011 Though it defies consensus between 1900 2006 campaigns of nonviolent resistance were more than twice as effective as violent struggles This study combines statistical analysis with case studies to debunk the myth that violence occurs because of structural environmental factors is necessary to achieve certain political goals *Globalization, Democratization and Asian Leadership* Vincent Kelly Pollard, 2017-03-02 The foreign policies of presidents prime ministers and their foreign secretaries can be influenced by the preferences of domestic and international nongovernmental actors as well as those of other governments Representative democracy media power citizen activism and the globalization of politics and telecommunications for example have accelerated changes in the sharing of power This book focuses on the Philippines and Japan where willingly and unwillingly foreign policy executives share power with individuals and groups inside and outside of government bureaucracies and their societies The book retells the foreign policy narratives of regional cooperation military relations and official development assistance foreign aid revealing how executive foreign policy makers and civil society organizations share power and succeed or fail in a globalizing democratizing world A variety of published unpublished and declassified sources provide journalists scholars government practitioners and global citizens with a sophisticated understanding of the domestic politics of foreign policy making as well as its intergovernmental and transnational side Conjunctures and Continuities in Southeast Asian Politics Narayanan Ganesan, 2013 In their evolution of political structures and life countries often undergo significant conjunctures major events that reorder political structures and norms The examination of such conjunctures offers an important methodological framework to uncover and document changes that have significantly altered the political template of a country This collection of case studies examines the critical conjunctures that have affected the countries of Southeast

Asia in recent decades Each chapter traces the antecedent conditions prior to the event describes the changes brought about by the conjuncture and details the lasting legacy Booty Capitalism Paul David Hutchcroft,1998 Analyses how booty capitalism emerges from relations between a patrimonial state and a predatory oligarchy Focuses on the nature of relations between state and oligarchy in the banking sector in the period 1960 1995 *Capital, Coercion, and Crime* John Thayer Sidel,1999 Drawing on in depth research in the Philippines this book reveals how local forms of political and economic monopoly may thrive under conditions of democracy and capitalist development Populist Threats and Democracy's Fate in Southeast Asia William Case,2017-02-17 This book offers a new explanation for democracy s collapse or persistence in Southeast Asia today Focusing on Thailand the Philippines and Indonesia the three countries in the region with the most democratic experience William Case shows that existing accounts based on contextual factors are by themselves incomplete Hence they lead us wrongly to anticipate democracy s persistence in Thailand and its collapse in Indonesia They more accurately though only partially correlate with democracy s fluctuations in the Philippines *Staging Politics* Julia C. Strauss,Donal B.Cruise O'Brien,2007-04-27 This fresh and original study analyses how power presents itself in dramatic performance in these two increasingly economically and politically important continents Emotion and politics play a hugely important role in the politics of Asia and Africa but as this book sets out too much of western political research into the subject concentrates on apparent deficiencies on the weakness of institutions defects in the bureaucracy or markets poor management of elections absent judicial autonomy Viewing political performance through Western eyes in this way where politics is primarily about the naked pursuit of power and interests can lead to a misunderstanding of how politics actually works in Africa and Asia where process plays a far more important role Thus performance drama and emotion are far more integral to political outcome there than in the West By concentrating on this new perspective the authors each a recognised specialist in one or more states in Asia and Africa avoid this trap and offer a coherent picture of the impact political performance has on the culture and politics of these societies and how they function
