The Death Of An Adult Child A For And About Bereaved Parents:

The Death of an Adult Child Jeanne Webster Blank, 2016-11-03 This book was written to be a comfort and guide for bereaved parents whose adult child has died to show by sharing our experiences that we are not alone in our responses to our child's death that we are not weak defective in character or otherwise inadequate because of the way we grieve to spell out ways in which some of us have increased our understanding of our condition found solace dispelled guilt and anger overcome depression come to terms with survivors and memorialized our deceased children Questionnaires were sent to more than sixty bereaved parents of adult children who died and many anonymous examples from these questionnaires are used throughout the book

Working with Bereaved Parents Louis A. Gamino, 2025-03-28 Working with Bereaved Parents is a thoughtful guide for frontline practitioners in mental health and medicine who face the daunting task of helping parents after the death of a child Within a culturally inclusive and respectful framework chapters consider several psychosocial factors that complicate parental bereavement as well as helpful factors that facilitate adaptation The author shows how contemporary theory and findings from evidence based research can be artfully applied to clinical practice with bereaved parents The book also shares a range of strategies for promoting parents resilience and personal growth in the wake of devastating loss

The Spiritual Lives of Bereaved Parents Dennis Klass, 2013-11-12 This book describes how parents lose find or relocate spiritual anchors after the death of their child It describes how ordinary people reconstruct their lives after their foundations have shifted and how they make sense of their world after one of their centers of meaning has been removed Klass grounds his descriptions of spirituality in his scholarly study of comparative religions and in his two decades studying the lives of bereaved parents He argues that continuing bonds with their dead children can give parents a new transcendent reality Deceased children like saints or bodhisattvas can offer a bridge between the profane and sacred worlds support parents as they find meaning in a world made forever poorer and bind together a community adequate to parents grief The book reports Klass's clinical practice and his work as advisor to a bereaved parents self help support group

Grief and the Loss of an Adult Child Otto S. Margolis, 1988-02-04 This book examines and describes aspects of acute grief that are peculiar to those who have lost an adult son or daughter The essays in this volume express the view of scholars clinicians social workers and individuals who have personally experienced the loss of an adult child Each contributor describes his or her experiences within the scope of thanatology itself a discipline whose focus is on the practice of supportive physical and emotional care for those whose lives are threatened with an equal concern exhibited for the well being of their family members A philosophy of caregiving is proposed that reinforces alternative ways of enhancing the quality of life introduces methods of intervention on behalf of the emotional status of all involved and fosters a more mature understanding of the dying process and the problems of separation loss bereavement and grief

Handbook of Death and Dying Clifton D. Bryant, 2003-10 Dying is a social as well as physiological phenomenon Each society characterizes and

consequently treats death and dying in its own individual ways that differ markedly. These particular patterns of death and dying engender modal cultural responses and such institutionalized behavior has familiar economical, educational, religious, and political implications. The Handbook of Death and Dying takes stock of the vast literature in the field of thanatology, arranging and synthesizing what has been an unwieldy body of knowledge into a concise yet comprehensive reference work. This two-volume handbook will provide direction and momentum to the study of death-related behavior for many years to come.

Key Features: More than 100 contributors representing authoritative expertise in a diverse array of disciplines: Anthropology, Family Studies, History, Law, Medicine, Mortuary Science, Philosophy, Psychology, Social Work, Sociology, Theology. A distinguished editorial board of leading scholars and researchers in the field. More than 100 definitive essays covering almost every dimension of death-related behavior. Comprehensive and inclusive exploring concepts and social patterns within the larger topical concern. Journal article length essays that address topics with appropriate detail. Multidisciplinary and cross-cultural coverage.

Healing a Parent's Grieving Heart Alan D. Wolfelt, 2002-04-01. Presenting simple yet highly effective methods for coping and healing, this book provides answers and relief to parents trying to deal with the loss of a child. It offers 100 practical, action-oriented tips for embracing grief, such as writing a letter to the child who has died, spending time with others who will listen to stories of grief, creating a memory book, box, or Web site, and remembering others who may still be struggling with the death. The guide also addresses common problems for grieving parents, including dealing with marital stress, helping surviving siblings, dealing with hurtful advice, and exploring feelings of guilt. This compassionate resource will aid parents who have been through the death of a child, whether the passing happened recently or many years ago, whether the child was young or an adult.

Bereavement Groups and the Role of Social Support William G. Hoy, 2016-02-26. All too frequently, clinical practice consists of repeating year after year the methods learned in graduate training, occasionally seasoned by a technique learned in a continuing education workshop. *Bereavement Groups and the Role of Social Support* gives clinicians what they've been missing in other volumes: practical techniques that have a solid contemporary empirical basis. Deftly weaving together theory, research, and practice, this volume is a compendium of the latest practical thinking about bereavement support groups. Readers will learn when well-loved practices make sense and are supported by sound evidence, as well as which practices should possibly be discontinued. The book also contains the results of a qualitative study bringing together the best practices of experienced bereavement group leaders from around the world.

Post-Traumatic Stress Theory John Harvey, Brian Pauwels, 2013-08-21. Few phenomena are as widely experienced across different individuals, cultures, and contexts as that of traumatic stress.

Whether as victims perpetrators supporters or simply observers most people can identify to some extent with the psychological and physical consequences produced by traumatic events This text examines the nature of traumatic stress the contexts in which it occurs and the needs and coping strategies of its survivors Topics include the survivors of rape soldiers of war and the nature of coping with loss or trauma in old age Furthermore the roles of culture social support and more formal organizations in the ongoing process of overcoming trauma are explored as the text details the nature of traumatic experiences the needs of survivors and the challenges faced by those who wish to support and help those survivors
