Nectar #17 Babaji Bob Kindler,Lex Hixon,Kyogen Carlson,OP Sharma,John Forman,2004-09-24 Our small but dedicated staff at Nectar of Nondual Truth is pleased to offer the Autumn issue of this contemporary journal of religious and philosophical teachings to all who value spirituality and its continued existence in this world Each issue is filled with writings of substance created by deep and thoughtful minds steeped in the principles and practices of their chosen tradition Such commitment as rare as it is in present times is the result of long standing study conscious action inner compassion and deep seated meditation Wherever these

kinds of qualities are made manifest humanity is reminded of the many blessings being bestowed upon it continually Nectar of Nondual Truth concentrates mainly on the nondual element of religion philosophy and spirituality but maintains a close watch on all other perspectives as well This is because true nondualism is never narrow and exclusive but latitudinous and all encompassing The contents of these pages are a testament to that universal orientation From the seriously sought after humility which Christianity enjoins upon its monastic communities to the duality dissolving mind unifying insight which radical nondual Buddhism epitomizes the avid seeker of Truth perceives the One working among the many in order to reveal to them the One If that revelation of homogenous unity gets expressed via the treasures of religious tradition or instead happens to appear in the serendipitous setting of the spontaneous     The Large Sutra on Perfect Wisdom Edward Conze,2023-07-28 Some 2000 years ago Buddhism experienced a major reformation through a movement called the Mahayana or Great Vehicle which dominated religious through in much of Asia for many centuries and still exerts considerable influence The basic Mahayana texts sermons ascribed to the Buddha and called sutras in Sanskrit discussed the perfect wisdom The Large Sutra on Perfect Wisdom took shape between 50 and 2000 A D in southern India during one of the most momentous outbursts of religious creativity in human history Some 2000 years ago Buddhism experienced a major reformation through a movement called the Mahayana or Great Vehicle which dominated religious through in much of Asia for many centuries and still exerts considerable influence The basic Mahayana texts     **The Four Seals of the Dharma** Lama Khenpo Karma Ngedön,2021-05-01 Upon completing the path that led him to fully develop compassion and wisdom Shakyamuni arrived at enlightenment the state of Buddhahood that marks the end of suffering Replying to the requests made of him he transmitted three cycles of teachings to explain the path he had taken and the methods he used Traditionally Buddhism counts 84 000 teachings and the four seals of the Dharma contain the essence of all these Like a royal seal that historically proved authenticity and authority the four seals give a true description of our current situation and that to which we can progress All phenomena are impermanent by nature All contaminated phenomena are suffering by nature All phenomena are empty and devoid of inherent existence Nirvana is a state of absolute peace The first two seals allow us to understand the characteristics of our condition and the last two the qualities of liberation In this way the teaching shows the Buddha's path and the Buddhist perspective Today Buddhism is no longer an exotic movement but a methodology that has taken root and is practiced in the West Nevertheless do we really know what it means to be Buddhist Using the introspective process of investigation that is precious to this tradition Lama Khenpo Nged n directly involves the reader in this discovery by asking simple to the point questions and then bringing together the elements of an answer connected with these four statements     *A Treasury of Mah\_y\_na S\_tras* Zhenji Zhang,1983 The Mah clearly a comprehensive translation of a major work within the canon was called for This volume addresses that need It contains 22 of the 49 S\_tras of the Mah\_ratnak\_ta or Treasury S\_tra many translated for the first time in a Western language selected and arranged to give the modern reader

a progressive introduction to one of the world's major religious traditions. Subjects covered include Mahāyāna and miracles, the teachings on Consciousness Emptiness and monastic discipline, the Mystical Light of the Tathāgata and the devotional practice of Pure Land, making this a comprehensive source book of Mahāyāna Buddhism hitherto unavailable in English. The book also includes an introduction to provide historical and interpretive guidance, annotations that assist in the comprehension of difficult passages and an extensive glossary that will be valuable to specialist and layman alike. A team of scholars working in Taiwan spent eight years translating the Treasury's million words from Chinese using Tibetan texts for comparison and checking each Sūtra with an international board of scholars. In the course of translating from the original, special effort was made to retain both the devotional style appropriate for religious reading and the precision required by the scholar while presenting the material with a clarity and flow that would make it accessible to the Western layman. The editors then selected, arranged and annotated the 22 Sūtras presented here. Published in cooperation with The Institute for Advanced Studies of World Religions.

**Ornament of the Great Vehicle Sūtras** Maitreya, 2014-11-11. The Buddhist masterpiece Ornament of the Great Vehicle Sūtras, often referred to by its Sanskrit title Mahāyānasūtrālaṅkāra, is part of a collection known as the Five Maitreya Teachings, a set of philosophical works that have become classics of the Indian Buddhist tradition. Maitreya, the Buddha's regent, is held to have entrusted these profound and vast instructions to the master Asaśa in the heavenly realm of Tuṣita. The Ornament provides a comprehensive description of the bodhisattva's view, meditation and enlightened activities. Bodhisattvas are beings who, out of vast love for all sentient beings, have dedicated themselves to the task of becoming fully awakened Buddhas, capable of helping all beings in innumerable and vast ways to become enlightened themselves. To fully awaken requires practicing great generosity, patience, energy, discipline, concentration and wisdom, and Maitreya's text explains what these enlightened qualities are and how to develop them. This volume includes commentaries by Khenpo Shenga and Ju Mipham, whose discussions illuminate the subtleties of the root text and provide valuable insight into how to practice the way of the bodhisattva. Drawing on the Indian masters Vasubandhu and, in particular, Sthiramati, Mipham explains the Ornament with eloquence and brilliant clarity. This commentary is among his most treasured works.

In clear language, James William Coleman, professor of sociology at the California Polytechnic State University, guides us through the ancient sūtras that preserve the Buddha's message, illuminating their meaning for today's world and tying the Buddha's wisdom together for us.
