The Declaration of Self-Evident Truths Wanda Ashford Longshore, 2004-03-01 Journey to the Arks A Mission to Save Humanity was written for a general audience of all ages Although labeled science fiction it is as well an amalgamation of human interest stories paralleling a Dickensian world model of intricate relationships and surprising twists The book s message is predicated on the notion that in our world of continuous flux and turmoil human beings can if they so choose seize the opportunity to establish a harmonious world Guided by inhabitants of a planet so remote in the universe as to evade scientific scrutiny the host of protagonists comes together each microcosms of frailty and at once limitless potential to create a unified society of peaceful coexistence The book is a tribute to humankind s infinite circle of interconnectedness and our potential to reach beyond the Self where dreams are made real
