The Philosophy of Time Roger McLure,2015-04-29 The question of the existence and the properties of time has been subject to debate for thousands of years This considered and complete study offers a contrastive analysis of phenomenologies of time from the perspective of the problematics of the visibility of time Is time perceptible only through the veil of change Or is there a naked presence of time itself Or has time always effaced itself McClure s new work also stages confrontations between phenomenology of time and analytical philosophy of time By doing so he explores ancient issues from a fresh perspective such as whether time passes whether experimental time is real time and whether the very concept of time is contradictory

The Deconstruction of Christianity Alisa Childers,Tim Barnett,2024-01-30 A groundbreaking book on the true nature of faith deconstruction Alisa and Tim help the reader to deconstruct the deconstructionists and thus to respond to them both with arguments and with love and sensitivity This is a timely book Carl Trueman author of *The Rise and Triumph of the Modern Self* A movement called deconstruction is sweeping through our churches and it is affecting our loved ones It has disrupted dismantled and destroyed the faith of so many and this book can help you not only understand what s happening but also stand your ground and respond with clarity and confidence Maybe you have a loved one who is deconstructing their faith and you are struggling to know how to respond Maybe you are trying to understand the radical spiritual makeover your friend or family member is going through Maybe your relationship with a loved one has been strained or even cut off because of your toxic Christian beliefs and you don t know what to do Maybe you re experiencing doubt yourself and facing hard questions about truth God the Bible theology and the gospel Some who leave the faith feel wounded by the church Others feel repressed by some of the moral imperatives found in Scripture For some it leads to a custom made spirituality For others deconstructing their faith leads them away from the truth into agnosticism atheism the occult or humanism In this seminal book Alisa Childers author of *Another Gospel* and Tim Barnett creator of *Red Pen Logic* will help you understand what deconstruction is where it comes from why it is compelling to some and how it disorients the lives of so many You will be able to think through the main issues around faith deconstruction and explore wise and loving ways to respond from a biblical worldview

Program Development in Computational Logic Maurice Bruynooghe, Kung-Kiu Lau, 2004-06-17 1 The tenth anniversary of the LOPSTR symposium provided the incentive for this volume LOPSTR started in 1991 as a workshop on logic program synthesis and transformation but later it broadened its scope to logic based program development in general that is program development in computational logic and hence the title of this volume The motivating force behind LOPSTR has been the belief that declarative paradigms such as logic programming are better suited to program development tasks than traditional non declarative ones such as the imperative paradigm Specification synthesis transformation or specialization analysis debugging and verification can all be given logical foundations thus providing a unifying framework for the whole development process In the past 10 years or so such a theoretical framework has indeed begun to emerge Even tools have been implemented for analysis verification and specialization However it is fair to say that so far the focus has largely been on programming in the small So the future challenge is to apply or extend these techniques to programming in the large in order to tackle software engineering in the real world Returning to this volume our aim is to present a collection of papers that reflect significant research efforts over the past 10 years These papers cover the whole development process specification synthesis analysis transformation and specialization as well as semantics and systems
