The Deviated Confessions Of A Deviated Mind:

The Deviated Juan Lopez, 2004-05-01 **Article 36 of the Belgic Confession Vindicated against Dr. Abraham Kuyper** Philippus Jacobus Hoedemaker, 2019-05-01 To this day Abraham Kuyper stands as a shining example of responsible and effective Christian action in all areas of life A leading journalist theologian churchman and politician in the late 19th and early 20th centuries Kuyper effectuated during a career spanning 50 years an astonishing metamorphosis of the Dutch political and ecclesiastical landscape Lifting high the banner of the universal lordship of Christ he managed to revitalize a moribund political party and mobilize the so called kleyne luyden the little guys into a social ecclesiastical educational and political force to be reckoned with And he did all of this while proclaiming There is not a square inch in the whole domain of our human existence over which Christ who is Sovereign over all does not cry Mine What is less well understood is the degree to which Kuyper spoke out of two sides of his mouth In fact Kuyper shortchanged his trumpeted Christocratic agenda in the interest of political expediency From early on he redefined theological categories in order to implement a dualism between church and state that could allow him to harness the church as a political action committee in the secularized democratic environment all the while posturing as a champion of historic Christian theopolitical civilization The epicenter of this revaluation of Christian values was Article 36 of the Belgic Confession which mandated that the civil magistrate remove and prevent all idolatry and false worship that the kingdom of anti christ may be thus destroyed and the kingdom of Christ promoted This in the view of Kuyper and his movement was a denial of true Calvinism which championed freedom of conscience and religion Hoedemaker disputed this arguing that Kuyper had set up a straw man Did Article 36 really entail violation of conscience and the elimination of religious freedom No this was a smokescreen In fact Kuyper s solution was the problem as it did not take the Bible seriously Hoedemaker returned to the Reformed fathers to recover a sound Reformed political theology capable of being defended and advanced in the modern world Hoedemaker had once stood shoulder to shoulder with Kuyper to advance the very same agenda of Christ s lordship over every area of life But he came to realize that Kuyper s practical agenda deviated fundamentally from this proclaimed agenda starting with the separation from the national church and culminating in Kuyper s mutilation A A van Ruler of Article 36 This book presents Hoedemaker s argument involving a detailed analysis of Kuyper s published statements on the subject mainly his extended discussion included in vol 3 of Common Grace It is the translation of Artikel XXXVI onzer Nederduitsche Geloofsbelijdenis tegenover Dr A Kuyper gehandhaafd beoordelingen van de opstellen in de Heraut over kerk en staat Amsterdam Van Dam 1901 *The Inquisition: Fear, Confession, and the Birth of Thought Policing* Charlie Armstrong Adams, 2025-09-12 The Inquisition Fear Confession and the Birth of Thought Policing From the Dominican friars of the thirteenth century to the Spanish Inquisition under Ferdinand and Isabella this book uncovers how the Church built one of the most feared institutions in history and in the process invented the blueprint for modern psychological warfare What began as a tribunal to punish heresy became the

world's first system of thought policing Confession was transformed into a surveillance tool neighbors into informants and entire communities into maps of suspicion Ritualized penance humiliation and public executions were carefully staged not only to punish dissent but to terrify the masses into conformity Behind the flames of the auto da f lay a deeper machinery of repression dossiers censorship and the criminalization of private belief This book reveals how the Inquisition pioneered methods later perfected by the Gestapo the Stasi and COINTELPRO shifting from burning bodies to breaking minds By weaponizing fear confession and control of conscience it created the psychological DNA of every secret police state that followed Book Two in the series Zersetzung A History of Breaking Minds this volume shows how the Inquisition was not a medieval relic of superstition but the prototype of modern surveillance and psychological control If you want to understand how fear became an institution how conscience became a crime and how the lessons of the Inquisition still echo in today's systems of control this book will take you to the roots of it all *Peter: Confession and Absolution ...
