Ink Stone Jamie McKendrick, 2011-06-16 The best ink stones are slates from Chinese riverbeds but in the long history of their use these have all been found As one expert writes the better the stone the smaller and more consistent the particles will be and the denser the ink These new poems by Jamie McKendrick have a remarkable density of ink They explore the grain or tooth of the natural world with unusual and discomforting detail at the same time as they chart the medium they work in not only what the eye sees but the eye itself its structure and structurings These poems open onto conflicting perspectives of home and abroad the domestic and the wild the natural and the uncanny elegy and celebration

Poetry & Displacement Stan Smith, 2007-11-01 The paradigmatic figure of twentieth century history is the displaced person a concept which emerged from the demographic migrations deportations and genocidal purges that accompanied two world wars the destruction and construction of nation states and the restructuring of the global order which they occasioned These processes almost inevitably fostered a poetry of exile and expatriation intimately bound up with the experience of modernity and the culture of modernism culminating in the postcolonial era with the globalisation of displacement as the determining condition of postmodernity In this timely new volume renowned poetry critic Stan Smith examines a number of poets Plath Larkin Heaney Walcott Middleton Fisher Duffy

through the lens of displacement *Out There* Jamie McKendrick,2012-10-04 Jamie McKendrick s sixth collection starts from the far flung out there is the nothing or the something of outer space ascertaining the mood of an observer on Uranus or the perils of medieval travel or listening for the speech of alien landscapes Closer to home the poems adopt an outsiderish stance as they ponder the business of non belonging and draw up wry inventories of marginality finding room for those whom history has forgotten the inhabitants of a drowned valley in Wales or equally for the outcasts of natural history the northern bald ibis the hyena the moa whose skeleons are cairns to their own extinction But the poems themselves are vivid and stubbornly realised individuals they take short views make canny distinctions and tread carefully Invoking paintings and artefacts and facades they also add to an ongoing portrait of the artist caught for example amidst the patiently observed flotsam of a repeatedly flooding house which becomes more finely drawn with each of Jamie McKendrick s collections
