Sixty Years A Crusader

George H. Nash

Sixty Years A Crusader:

Matt'ēos Urhayec'i and His Chronicle Tara L. Andrews, 2016-11-28 Winner of the 2018 Dr Sona Aronian book prize for Excellence in Armenian Studies In Matt os U hayec i and His Chronicle Tara L Andrews presents the first ever in depth study of the history written by this Armenian priest who lived in Edessa modern day Urfa in Turkey around the turn of the twelfth century and was an eyewitness to the First Crusade and the establishment of the Latin East Although the Chronicle is known as an extremely valuable source of information for the eleventh and early twelfth century Near East neither its guiding structure nor U hayec i s motivation in writing it have ever been clear to modern historians This study elucidates the prophetic framework within which the text was written and demonstrates how that framework has influenced U hayec i s understanding of the time in which he lived **The Crusade Years, 1933-1955** George H. Nash, 2013-12-01 Covering an eventful period in Herbert Hoover s career and more specifically his life as a political pugilist from 1933 to 1955 this previously unknown memoir was composed and revised by the 31st president during the 1940s and 1950s and then surprisingly set aside This work recounts Hoover s family life after March 4 1933 his myriad philanthropic interests and most of all his unrelenting crusade against collectivism in American life Aside from its often feisty account of Hoover s political activities during the Roosevelt and Truman eras and its window on Hoover s private life and campaigns for good causes The Crusade Years invites readers to reflect on the factors that made his extraordinarily fruitful postpresidential years possible The pages of this memoir recount the story of Hoover s later life his abiding political philosophy and his vision of the nation that gave him the opportunity for service This is in short a remarkable saga told in the former president s own words and in his own way that will appeal as much to professional historians and political scientists as it will lay readers interested in history **The Complete Idiot's Guide to Crusades** Melissa Snell, Paul L. Williams, 2003-02-05 You re no idiot of course You know the Crusades were a war between Christian and Muslims for control of the Holy Land However these bloody conflicts raged over centuries under changing circumstances making the whole story difficult to follow You don t have to don armour and cross deserts to relive the Crusades The Complete Idiot s Guide to the Crusades shows you why these wars began why they continued for so long and how their impact on the world still resonates This Complete Idiot s Guide gives you An introduction to the Dark Ages and the Renaissance and why Pope Urban II would grant absolution to anyone who reclaimed the Holy Land for Christianity The origins of such Holy Orders as the Knights Templar the Hospitallers and the Teutonic Knights and the roles they played during the Crusades *Good Health* , 1927 **Crusaders** Dan Jones, 2020-10-06 A major new history of the Crusades with an unprecedented wide scope told in a tableau of portraits of people on all sides of the wars from the author of Powers and Thrones For more than one thousand years Christians and Muslims lived side by side sometimes at peace and sometimes at war When Christian armies seized Jerusalem in 1099 they began the most notorious period of conflict between the two religions Depending on who you ask the fall of the holy city was either an inspiring legend

or the greatest of horrors In Crusaders Dan Jones interrogates the many sides of the larger story charting a deeply human and avowedly pluralist path through the crusading era Expanding the usual timeframe Jones looks to the roots of Christian Muslim relations in the eighth century and tracks the influence of crusading to present day He widens the geographical focus to far flung regions home to so called enemies of the Church including Spain North Africa southern France and the Baltic states By telling intimate stories of individual journeys Jones illuminates these centuries of war not only from the perspective of popes and kings but from Arab Sicilian poets Byzantine princesses Sunni scholars Shi ite viziers Mamluk slave soldiers Mongol chieftains and barefoot friars Crusading remains a rallying call to this day but its role in the popular imagination ignores the cooperation and complicated coexistence that were just as much a feature of the period as warfare The age old relationships between faith conquest wealth power and trade meant that crusading was not only about fighting for the glory of God but also among other earthly reasons about gold In this richly dramatic narrative that gives voice to sources usually pushed to the margins Dan Jones has written an authoritative survey of the holy wars with global scope and human focus

Crusade and Colonisation Elena Lourie,2024-10-28 The history of the Reconquista the Christian reconquest of Spain from the Arabs has proved an increasingly stimulating field of historical research On the one hand the struggle forced Spanish society into a mould which then shaped the course of its expansion into the Americas on the other it gave rise to a unique process of accommodation and acculturation Dr Lourie here concentrates on the realms of the Crown of Aragon in the 12th 14th centuries The first articles deal with the evolution of the crusading spirit with geopolitics notably the rivalry between Aragon and Castille and with the progress of Christian colonisation The next section examines the conflicting demands of ideology demography and colonisation and includes one major new study on Christian ambivalence towards the Mudejars the conquered Muslim population Dr Lourie seeks to throw this attitude into sharper focus by comparing the Muslim situation with that of the Jews and it is to the latter and their relations with Christians that her last five articles are devoted

A Brief History of the Crusades Geoffrey Hindley,2013-02-07 Why did the medieval Church bless William of Normandy s invasion of Christian England in 1066 and authorise cultural genocide in Provence How could a Christian army sack Christian Constantinople in 1204 Why did thousands of ordinary men and women led by knights and ladies kings and queens embark on campaigns of fanatical conquest in the world of Islam The word Crusade came later but the concept of a war for the faith is an ancient one Geoffrey Hindley instructively unravels the story of the Christian military expeditions that have perturbed European history troubled Christian consciences and embittered Muslim attitudes towards the West He offers a lively record of the Crusades from the Middle East to the pagan Baltic and fascinating portraits of the major personalities from Godfrey of Bouillon the first Latin ruler of Jerusalem to Etienne the visionary French peasant boy who inspired the tragic Children s Crusade Addressing questions rarely considered Hindley sheds new light on pressing issues surrounding religious division and shows how the Crusades have helped to shape the modern world and relations between

Christian and Muslim countries to this day **Crusades** Benjamin Z. Kedar, Jonathan Phillips, Jonathan Riley-Smith, 2016-08-12 *Crusades* covers seven hundred years from the First Crusade 1095-1102 to the fall of Malta 1798 and draws together scholars working on theatres of war their home fronts and settlements from the Baltic to Africa and from Spain to the Near East and on theology law literature art numismatics and economic social political and military history Routledge publishes this journal for The Society for the Study of the Crusades and the Latin East Particular attention is given to the publication of historical sources in all relevant languages narrative homiletic and documentary in trustworthy editions but studies and interpretative essays are welcomed too *Crusades* appears in both print and online editions *The Crusades* Nikolas Jaspert, 2006-09-27 This German to English translation of a highly successful book is a clear approachable student friendly introduction to the history of the Crusades With a long chronological span from the eleventh to the late fifteenth century and with a wide geographical coverage of the whole of Europe and some of the Middle East *The Crusades* is clear concise and more wide ranging than most single volume works Taking recent scholarship into account and using boxes case studies marginal directions and chronologies the book is well laid out and easy to follow providing a comprehensive overview of the crusade movement for students at all university levels **A Crusade of Brotherhood** Augustus Field Beard, 1909

The Christian Crusade for World Democracy Stephen Earl Taylor, Halford Edward Luccock, 1918 **The Children's Crusade** G. Dickson, 2007-11-08 The Children's Crusade was possibly the most extraordinary event in the history of the crusades The first modern study in English of this popular crusade sheds new light on its history and offers new perspectives on its supposedly dismal outcome Its richly reimagined history and mythistory is explored from the thirteenth century to present day The Crusades: Classic Histories Series Malcolm Billings, 2016-10-06 In 1095 Pope Urban II granted absolution to anyone who would fight to reclaim the Holy Land With God at their backs the first Christian crusaders embarked on an unprecedented religious war While addressing the contribution of flamboyant characters like Saladin and Richard the Lionheart Malcolm Billings also looks at the experiences of the peasants knights and fighting monks who took the cross for Christendom and the Holy Warriors of Islam who after battle on battle emerged victorious He analyses the ebb and flow of crusade and counter crusade and details the shifting structures of government in the Levant which became the perennial battleground of East and West **The Crusade Against the Constitution** Sir William Thomas Charley, 1895

History of the Fourth Crusade Edwin Pears, 2018-01-19 The Greek speaking Roman empire at the end of the twelfth century was very much smaller than it had once been It is no part of my purpose to trace the history of its decline further than to show what were the immediate causes which led to its weakness in 1203 when the Fourth Crusade effected what is generally known as the Latin Conquest of Constantinople In the year 1200 the territory over which the Roman emperor in the East ruled no longer included any part of Italy or Sicily Cyprus had been taken possession of by our Richard the Lionhearted in 1190 and never again came under the sway of the emperors The Saracens had captured some of the fairest Asiatic

provinces which had owned allegiance to Constantinople The successes of the Crusaders had for a time established a kingdom of Jerusalem and had won a considerable number of important places from the enemy but as the century closed nearly all of them had been lost **A Crusader's Fortress in Palestine** Metropolitan Museum of Art (New York, N.Y.), Bashford Dean, 1927 **The Mosquito Crusades** Gordon Patterson, 2009-04-06 Among the struggles of the twentieth century the one between humans and mosquitoes may have been the most vexing as demonstrated by the long battle to control these bloodsucking pests As vectors of diseases such as malaria yellow fever encephalitis and dengue fever mosquitoes forced open a new chapter in the history of medical entomology Based on extensive use of primary sources The Mosquito Crusades traces this saga and the parallel efforts of civic groups in New Jersey's Meadowlands and along San Francisco Bay's east side to manage the dangerous mosquito population Providing readers with a fascinating exploration of the relationship between science technology and public policy Gordon Patterson's narrative begins in New Jersey with John B Smith's effort to develop a comprehensive plan and solution for mosquito control one that would serve as a national model From the Reed Commission's 1900 yellow fever experiment to the first Earth Day seventy years later Patterson provides an eye opening account of the crusade to curtail the deadly mosquito population **The Damascus Chronicle of the Crusades** H. A. R. Gibb, 2012-12-06 Remarkable contemporary account of early Crusades by one of Damascus leading citizens covers events of 1097-1159 Based on both written and oral reports colorful narrative relates every particular of life during wartime **Crusaders, Condottieri, and Cannon** Kagay, Villalon, 2021-10-11 This volume consists of the work of eighteen established and younger scholars and focuses on the Mediterranean as a military arena during the Middle Ages The essays center on several pillars of Mediterranean warfare the crusading movement including the Spanish reconquista the development of gunpowder weaponry the widespread use of mercenaries and warfare as understood by the lawcodes and intellectuals of the period A number of articles in this collection present new answers to old historiographical questions Crusaders, Condottieri, and Cannon Donald Joseph Kagay, L. J. Andrew Villalon, 2003 This collection of eighteen essays focuses on various phases of warfare around the medieval Mediterranean Topics of these essays range from crusading activity to the increasing use of mercenaries to the spread of gunpowder weaponry
