Five Emus to the King of Siam Helen Tiffin,2007 Western exploitation of other peoples is inseparable from attitudes and practices relating to other species and the extra human environment generally Colonial depredations turn on such terms as human savage civilised natural progressive and on the legitimacies governing apprehension and control of space and landscape Environmental impacts were reinforced in patterns of unequal exchange by the transport of animals plants and peoples throughout the European empires instigating widespread ecosystem change under unequal power regimes a harbinger of today's globalization This book considers these imperial exchanges and charts some contemporary legacies of those inequitable imports and exports transportations and transmutations Sheep farming in Australia transforming the land as it dispossessed the native inhabitants became a symbol of new white nationhood The transportation of plants and animals into and across the Pacific even where benign or nostalgic had widespread environmental effects despite the hopes of the acclimatisation societies involved and by extension of missionary societies planting the seeds of Christianity In the Caribbean plantation slavery pushed back the jungle itself an imported word and erased the indigenous occupants one example of the righteous biblically justified cultivation of the wilderness In Australia artistic depictions of landscape often driven by romantic and gothic aesthetics encoded contradictory settler mindsets and literary representations of colonial Kenya mask the erasure of ecosystems Chapters on the early twentieth century in Canada Kenya and Queensland indicate increased awareness of the value of species preservation conservation and disease control The tension between traditional and

Euroscientific attitudes towards conservation is revealed in attitudes towards control of the Ganges while the urge to resource exploitation has produced critical disequilibrium in Papua New Guinea Broader concerns centering on ecotourism and ecocriticism are treated in further essays summarising how the dominant West has alienated nature from human beings through commodification in the service of capitalist progress

A Sense of Place Michael Shapiro, 2009-05-01 In A Sense of Place journalist travel writer Michael Shapiro goes on a pilgrimage to visit the world's great travel writers on their home turf to get their views on their careers the writer's craft and most importantly why they chose to live where they do and what that place means to them The book chronicles a young writer's conversations with his heroes writers he's read for years who inspired him both to pack his bags to travel and to pick up a pen and write Michael skillfully coaxes a collective portrait through his interviews allowing the authors to speak intimately about the writer's life and how place influences their work and perceptions In each chapter Michael sets the scene by describing the writer's surroundings placing the reader squarely in the locale whether it be Simon Winchester's Massachusetts Redmond O Hanlon's London or Frances Mayes's Tuscany He then lets the writer speak about life and the world and through quiet probing draws out fascinating commentary from these remarkable people For Michael it's a dream come true to meet his mentors for readers it's an engaging window onto the twin landscapes of great travel writers and the world in which they live

Travelers' Tales India James O'Reilly, Larry Habegger, 2009-11-01 India is among the most difficult and most rewarding of places to travel Some have said India stands for I'll Never Do It Again Many more are drawn back time after time because India is the best show on earth the best bazaar of human experiences that can be visited in a lifetime India dissolves ideas about what it means to be alive and its people give new meaning to compassion perseverance ingenuity and friendship India monsoon and marigold dung and dust colors and corpses smoke and ash snow and endless myth is a cruel unrelenting place of ineffable sweetness Much like life itself Journey to the Kumbh Mela in Allahabad the world's biggest party with David Yeadon and take A Bath for Fifteen Million People greet the monsoon with

Alexander Fraser where the Indian and Pacific Oceans meet track the endangered Indian One Horned Rhinoceros through the jungles of Assam with Larry Habegger encounter the anguish of the caste system with Steve Coll discover the eternal power of the monument of love the Taj Mahal with Jonah Blank and much more Late Victorian Orientalism Eleonora Sasso, 2020-06-30 Late Victorian Orientalism is a work of scholarly research pushing forward disciplines into new areas of enquiry This collection of essays tries to redefine the task of interpreting the East in the nineteenth century taking as a starting point Edward Said's Orientalism 1978 in order to investigate the visual fantasised and imperialist representations of the East as well as the most exemplary translations of Oriental texts The Victorians envisioned the East in many different modes or Orientalisms since as Said suggested there were perhaps as many Orientalisms as Orientalists By combining together Western and Oriental modes of art this study is not only aimed at filling a gap in Victorian and Oriental studies but also at broadening the audiences it is intended for **Clean**, 2008-07-24 Why do we still have nits What exactly are purity rules And why have baths scarcely changed in 200 years The long history of personal hygiene and purity is a fascinating subject that reveals how closely we are linked to our deeper past In this pioneering book Virginia Smith covers the global history of human body care from the Neolithic to the present using first hand accounts and sources From pre historic grooming rituals to New Age medicine from ascetics to cosmetics Smith looks at how different cultures have interpreted and striven for personal cleanliness and shows how throughout history this striving for purity has brought great social benefits as well as great tragedies It is probably safe to say that no one who reads this book will look at his or her body or bathroom in quite the same way again
