million people are employed by small businesses It is that important that your business survive and is a success It does matter how successful your small business enterprise becomes Not only is your family counting on you but so is your community country and the economy In this book not only will you be provided the amor you need to survive the changing landscape of your local community you will be given the tools that will give your business a chance to win where other small businesses fail This book was written with your small business success in mind Coming from a small business background and as a career entrepreneur the author Samuel K Burlum understands the many obstacles that can undermine a small business owner s efforts He also knows of tools that can make all the difference between being just another business to being a beacon of why a business on Main Street can work In this book you will learn How to protect your business from commonly made mistakes How to handle business adversity and challenges How to find funding for your new or expanding business How to properly convey your business s message to potential consumers How to plan your business strategy for long term How to build strategic business partnerships and alliances How to establish policies and procedures for business operations Ron Ball World Renowned and Recognized Public Speaker and Author Corporate Trainer and Host of the TV show Choose Greatness says So many business books are filled with fluff and dominated by theory Samuel K Burlum does everyone a favor by explaining how entrepreneurial success actually happens He then pulls back the curtain and shows you how to build a successful business In my success seminars I have delivered these principles to over 8 million people in 24 countries Samuel K Burlum lives these principles He provides YOUR opportunity to fast track your business in Main Street Survival Guide for Small Businesses **Cutting Edge Small Business Success Strategies** Chuck Keys,Pamela Hilliard Owens,2014-10-14 This well organized business book clearly demonstrates how to start and stay in business in the 21st Century The concepts are tested and still successfully in place with many past and present clients The Author makes himself available for additional information The book size makes it very handy to carry in ones briefcase or purse The book is meant to be your friend your personal handy always available Business Coach Consultant Success is the only option You will enjoy and profit from this book *5 Principles Of Survival For Small Business* WAURISA LYN SHORTER, Does an organization like a small business exist There are many different definitions for this term The American Small Business Association SBA defines a one member private business and an enterprise with more than one to 499 employees are small businesses A flea market vendor is not like a software design company with 400 employees It is obviously illogical to include all small businesses under this definition In some ways the SBA itself acknowledges the omission of what constitutes a small business in this 29 page definition And these are actual numbers You think you don t need to know them when you grow your business but I encourage you to read on According to a 2002 Census report there are 22 million small businesses in operation If you take a closer look at this figure there are about 17 million small businesses without employees Some businesses are simply the covers that accountants and lawyers have set up for tax breaks Others are businesses that are unable or unwilling to scale up Although there are no

employees you can still set up a small business if You sell part time candles cleaning products or cosmetics and make a profit of several hundred dollars per year You quit a job at a company and the company hired you to work as an independent contract worker You are retired but still consulting in your field You open a stall at a local arts festival to sell home made handicrafts You buy and resell some things at a higher price to make a profit such as cars rental houses valuable collectibles You get a return on your investment There is no problem with this type of business They bring money to the owner so these activities are business not merely hobbies Many business activities even help them lead a more comfortable life But these small businesses rarely hire more employees In many cases employers do not want to grow their business They only intend to earn enough money to live or earn extra income
