**A Bird in the Bush** Stephen Moss, 2013-07-25 This journey through the world of birdwatchers is a wonderful book fascinating often hilarious anecdotes and information Daily Mail Critic's Choice Scholarly authoritative and above all supremely readable Stephen Moss's book is the first to trace the fascinating history of how and why people have watched birds for pleasure from the beginnings with Gilbert White in the eighteenth century through World War II POWs watching birds from inside their prison camp and all the way to today's twitchers with their bleeping pagers driving hundreds of miles for a rare bird Proves that birdwatchers can be as instructive to watch as birds Sunday Times Thoroughly researched and well written The Guardian Moss knows his subject intimately and writes about it with just the right mixture of affection and occasional quizzicality Sunday Telegraph It would be difficult to imagine anyone producing a more comprehensive thoughtful intelligent and entertaining examination of how people have watched birds at each point in history In fact it is one of the few books which might prove such compulsive reading that even a dedicated twitcher might forgo a day in the field to stay at home to finish it Birding World

The Gift of Birds Larry Habegger, Amy Greimann Carlson, 1999 Whether it roots us in our own backyard or takes us across continents watching birds calls us to stillness and demands our keen attention to the details that flicker around us This collection of stories will appeal to bird lovers everywhere
