Warren,2017-01-12 Bill Warren's Keep Watching the Skies was originally published in two volumes in 1982 and 1986. It was then greatly expanded in what we called the 21st Century Edition with new entries on several films and revisions and expansions of the commentary on every film. In addition to a detailed plot synopsis, full cast and credit listings and an overview of the critical reception of each film, Warren delivers richly informative assessments of the films and a wealth of insights and anecdotes about their making. The book contains 273 photographs, many rare, 35 in color, has seven useful appendices and concludes with an enormous index. This book is also available in hardcover format. ISBN 978 0 7864 4230 0

**The Terminator** Sean French,2021-04-08 Made on a low budget, The Terminator was one of the most influential films of the 1980s. Combining explosive special effects and an intricate time travel plot, it set Arnold Schwarzenegger on the road to superstardom and allowed its director James Cameron to go on to make some of the most expensive films of all time. The Terminator quickly found a cult following who appreciated its deadpan humour, comic book violence and elaborate variations on standard science fiction themes. Resolutely populist, accomplished and instantly memorable, The Terminator has dramatically outlived its humble beginnings. Sean French's insightful study traces the film's production history, its sources and the extent of its influence. He argues that The Terminator's visual flair, stylised acting and choreographed violence are so compelling not so much because they offer intellectual rewards but because they traffic in the darker, more visceral pleasures of moviegoing. In his foreword to this new edition, Sean French reflects on Terminator sequels and reboots, suggesting that the original film has more in common with the gritty visions of the New Hollywood than present day action blockbusters.

Queering Teen Culture Jeffery P. Dennis,2013-12-16 Why did Fonzie hang around with all those high school boys? Is the overwhelming boy-meets-girl content of popular teen movies, music, books and TV just a cover for an undercurrent of same-sex desire? From the 1950s to the present, popular culture has involved teenage boys falling for, longing over, dreaming about, singing to and fighting over teenage girls. But Queering Teen Culture analyzes more than 200 movies and TV shows to uncover who Frankie Avalon's character was really in love with in those beach movies and why Leif Garrett became a teen idol in the 1970s. In Top 40 songs, teen magazines, movies, TV soap operas and sitcoms, teenagers are defined by their pubescent discovery of the opposite sex, universally and without exception. Queering Teen Culture looks beyond the litany to find out when adults became so insistent about teenage sexual desire and why, and finds evidence of same-sex desire, romantic interactions and identities that, according to the dominant ideology, do not and cannot exist. This provocative book examines the careers of male performers whose teenage roles made them famous, including Ricky Nelson, Pat Boone, Fabian and James Darren, and discusses examples of lesbian desire, including *I Love Lucy* and *Laverne and Shirley*. Queering Teen Culture examines *Ozzie and Harriet*, *Father Knows Best* and *Leave It to Beaver*. Were Ricky, Bud and Wally sufficiently straight? The juvenile delinquent films of the 1950s: Why weren't the rebel without a cause, bad boys interested in girls? Horror, sci-fi and zombies from outer space: *Body of a Boy*, *Mind of a Monster*, *Soul of an Unearthly Thing*, teen idols, pretty androgynous and

feminine No wonder they were rumored to be funny beach movies She wants to plan their wedding but he wants to surf sky dive and go drag racing with the guys Biker hippies boys of the late 1960s I know your scenedon t think I don t the 1950s nostalgia of the 1970s Why does Fonzie spend all his time with high school boys teen gore What makes the psycho killer angry and much more including Gidget the Brat Pack buddy dramas nerds and operators Saved by the Bell The Real World and the incredible shrinking teenager Queering Teen Culture is an essential read for academics working in cultural and gay studies and for anyone else with an interest in popular culture
