Encountering The Adivasi Question P. Bandhu, T.G. Jacob, 2019-08-01. The main problem facing most Adivasi groups in the country is displacement and loss of their own original habitats and livelihood through development projects like dams tourism and wildlife sanctuaries. By generally categorising them as girijan mountain dwellers vanavasis forest dwellers or tribal with its connotations of primitive and backward or even the popular jangli wild in official parlance and in the mass media they are robbed of their identity dignity and rights as among the first peoples of this subcontinent who earlier enjoyed economic and political freedom and autonomy in the form of self rule. All over India the process of uprooting indigenous people from their rich culture is on the disruption of a way of life fundamental to which is the belief that it is not the earth which belongs to man but man who belongs to the earth.

Women Workers in Brick Factory Amal Mandal, 2005. The brick factory work is seasonal and the employment is contractual utterly insecure and wage is piece rated. Though women workers comprise about one half of the total workforce in every factory they hail from the families that survive by working as labourer in every conceivable sense they are from lower caste and class illiterate and they are mostly wives of male factory workers.

While husbands of those women are not necessarily confined to unskilled factory works women really are Women are in plethora those works which are unskilled in nature and where wage earning is comparatively low Workers after hard day s toil receive wage that is barest minimum for subsistence This is why workers are compelled to work along with other family members and as long in a day as they can Women workers and others are deprived of all statutory benefits and amenities like maternity benefits creche fixed working hour etc Even basic minimum welfare provisions like rest shed drinking water and toilet are conspicuously absent in brick factories Though owners are amassing whooping profit they have persistently ignored and evaded the welfare provisions for the workers that are applicable to the factory Given the nature of skill attainment of the workers the employment opportunity available in the unorganised sector and insipid role of trade union there seems no immediate escaping from the bondage and tethering of back bending work subsistence wage insecure job and debasing working conditions India Vision 2020 India.
