Understanding the Social Dimension of Sustainability Jesse Dillard, Veronica Dujon, Mary C. King, 2008-07 Pt 1 Overviews of the field pt 2 International perspectives pt 3 The Role of business pt 4 Local applications pt 5 Integration and conclusion *The European Union and the Social Dimension of Globalization* Jan Orbie, Lisa Tortell, 2009-01-13 Examines the nature of the EU and its external role in relation to social issues raised by globalization It explores how the EU influences both directly and indirectly the rest of the world in relation to the social component of globalization *The Human and Social Dimension of Urban Lightscapes* Daria Casciani, 2020-11-02 This book explores new criteria and characteristics for integrating human psychology in the design of modern urban lighting It identifies a new area of lighting design research and practice that focuses on the nocturnal urban experience in terms of people's emotional cognitive and motivational perceptions to achieve more accessible sociable and sustainable cities In turn the book compares new tools and research methodologies for tackling complex issues concerning the ties between lighting people and the city Moreover it presents a series of case studies to provide an in depth understanding of the influence of urban lighting in terms of luminous atmosphere perception positive social affect social enhancement accessibility and hospitality Lastly the book proposes a multidisciplinary qualitative and quantitative methodology for assessing the spatial experience of outdoor lighting

European Higher Education Policy and the Social Dimension Y. Kooij, 2015-05-19 The Bologna Process has significantly shaped recent higher education policies across Europe but the impact of the social dimension has been neglected This book provides an overview of the major Bologna reforms and through a cross country comparative study discusses whether this social aspect can ever successfully be incorporated into policy **Normative Patterns and Legal Developments in the Social Dimension of the EU** Ann Numhauser-Henning, Mia Rönnmar, 2013-06-28 This book explores the normative and legal evolution of the Social Dimension labour law social security law and family law in both the EU and its Member States during the last decade It does this from a wide range of theoretical and legal substantive perspectives The past decade has witnessed the entering into force of the Lisbon Treaty and its emphasis on fundamental rights a new coordination regulation within the field of social security Regulation 883/2004/EC and the case law of the Court of Justice of the European Union in the so called Laval Quartet Furthermore structural changes affecting demographics and family have also challenged solidarity in new ways The book is organised by reference to distinct normative patterns and their development in the fields of law covered such as the protection of established groups the position of market functional values and the scope for just distribution The book represents an innovative and important interdisciplinary approach to analysing EU law and Social Europe and contributes a complex yet thought provoking picture for the future The contributors represent an interesting mix of well known and distinguished as well as upcoming and promising researchers throughout Europe and beyond The Social Dimension: Volume 2 Henri Tajfel, Colin Fraser, Joseph Maria Franciscus Jaspars, 1984-05-24 The two

volumes of *The Social Dimension* present a comprehensive survey of the major developments in social psychology which took place in Europe during the very active 1970s and 1980s. They aim to capture the diversity and vitality of the discipline, stress the growing emphasis on fully social analyses of social psychological phenomena, hence the social dimension, and to provide a valuable resource for researchers in the future. Although comprehensive in scope, the volumes are not written in the formal style of a reference handbook. Instead, the authors of the thirty-three chapters, drawn from more than a dozen mainly European countries, and all experts in their own fields, were invited to present their own personal overviews of the issues in social psychology on which they were actively working. Both volumes are organized into three main Parts. Volume 1 is concerned with the social development of the child, interpersonal communication and relationships, and the social reality group processes and intergroup relations. This ambitious enterprise has produced a distinctive yet authoritative summary and evaluation of the growth points of social psychology in Europe, which will interest and influence not only social psychologists but many readers from related disciplines.
