Social Disorganization:

Social Disorganization: Oxford Bibliographies Online Research Guide Andres F. Rengifo, 2010-05 This ebook is a selective guide designed to help scholars and students of criminology find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In criminology as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Criminology a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of criminology Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com **Social Disorganization** Robert E. Lee Faris (sociologue)., 1955 [Social](#)

[Learning and Social Structure](#) Ronald Akers, 2017-07-28 The social learning theory of crime integrates Edwin H Sutherland's differential association theory with behavioral learning theory It is a widely accepted and applied approaches to criminal and deviant behavior However it is also widely misinterpreted misstated and misapplied This is the first single volume in depth authoritative discussion of the background concepts development modifications and empirical tests of social learning theory Akers begins with a personal account of Sutherland's involvement in criminology and the origins of his influential perspective He then traces the intellectual history of Sutherland's theory as well as social learning theory providing a comprehensive explanation of how each theory approaches illegal behavior Akers reviews research on various correlates and predictors of crime and delinquency that may be used as operational measures of differential association reinforcement and other social learning concepts Akers proposes a new integrated theory of social learning and social structure that links group differences in crime to individual conduct He concludes with a cogent discussion of the implications of social learning theory for criminology and public policy Now available in paperback with a new introduction by the author this volume will be invaluable to professionals and for use in courses in criminology and deviance [Criminology](#) Gennaro F. Vito, Jeffrey R.

Maahs, Ronald M. Holmes, 2006 Across America crime is a consistent public concern The authors have produced a comprehensive work on major criminological theories combining classical criminology with new topics such as Internet crime and terrorism The text also focuses on how criminology shapes public policy **Criminological Theory** J. Robert Lilly, Francis T. Cullen, Richard A. Ball, 2007 The Fourth Edition of this highly acclaimed book expands on previous editions

with coverage of newly emerged theories and empirical updates supported by a significant amount of new references

Criminological Theory provides coverage of the latest theories in the field without diminishing the presentation of classic analysis Major theoretical perspectives that have developed from both recent critical work and traditional schools together with practical applications compel the reader to apply theories to the contemporary social milieu

Encyclopedia of Social Deviance Craig J. Forsyth,Heith Copes,2014-01-21 Social deviance does not involve just criminal behavior it s any behavior that violates a cultural norm and that can involve something as minor as consistently and deliberately wearing lively mismatched socks Moreover whether a crime a sin or simply unique taste what s considered deviant at one time and place can change as when extensive tattooing and body art evolved from a sideshow carnival spectacle to a nearly universal rite of passage within U S culture Drawing contributions from across the social and behavioral sciences including sociology anthropology criminology politics psychology and religion the Encyclopedia of Social Deviance introduces students to this lively field of rule making and rebellion that strikes at the core of what it means to be an individual living in a social world

Key Features More than 300 articles are organized A to Z in two volumes available in both electronic and print formats Articles authored by key figures in the field conclude with cross reference links and further readings Although organized A to Z a thematic Reader s Guide groups related articles by broad areas e g Concepts Theories Research Methodologies Individual Deviance Organizational Deviance etc as one handy search feature on the e Reference platform which also includes a comprehensive index of search terms

The Routledge International Handbook of Rural Criminology Joseph F Donnermeyer,2016-04-28 49% of the world s population lives in small towns villages and farms yet until recent years criminological scholarship has focused almost exclusively on urban crimes The Routledge International Handbook of Rural Criminology is the first major publication to bring together this growing body of scholarship under a single cover For many years rural criminology has remained marginalized and often excluded from the mainstream with precedence given to urban criminology this volume intends to address that imbalance Pioneering in scope this book brings together leading international scholars from fourteen different countries to offer an authoritative synthesis of theoretical and empirical literature This handbook is divided in to seven parts each addressing a different aspect of rural criminology Rurality and crime Criminological dimensions of food and agriculture Violence and rurality Drug use production and trafficking in the rural context Intersections between rural and green criminology Policing justice and rurality Teaching rural criminology Edited by a world renowned scholar of rural criminology this book explores rural crime issues in over thirty five countries including Japan Sweden Brazil Australia Tanzania the US and the UK This is the first Handbook dedicated to rural criminology and is an essential resource for criminologists sociologists and social geographers engaged with rural studies and crime

Juvenile Delinquency in a Diverse Society Kristin A. Bates,Richelle S. Swan,2020-01-21 Juvenile Delinquency in a Diverse Society Third Edition presents students with a fresh intersectional examination of juvenile delinquency in the

context of real communities and social policies integrating many social factors that shape juvenile delinquency and its control including race ethnicity class gender and sexuality Authors Kristin A Bates and Richelle S Swan use true stories and contemporary examples to link theories of delinquency not just to current public policies but to existing community programs encouraging readers to consider how theories of delinquency can be used to create new policies and programs in their own communities Readers will gain a foundational understanding of the social diversity that contextualizes varying experiences and behavior of juvenile delinquency as well as a deeper appreciation for the policies social justice and community programs that make up the juvenile system

Sociology for Nurses Shama Lohumi, 2015-08-31 Brief yet containing the whole of the INC prescribed syllabus this book primarily aims at catering to the curricular needs of B Sc nursing students It will however be of immense use for the GNM students and the degree students of various streams studying sociology Written with a view to fulfil the requirement of student nurses Includes substantially new approaches aspects on the various topics Contains the latest data in chapters relating to demography population social problems and national health related programmes Contains exam oriented questions at the end of chapters Has multiple choice questions which help students have a firm grasp on the subject

Social Disorganization and Strain Theories: A Historical Perspective on Contemporary Theories of Criminology Patrick Mernick, 2012-12-30 An intense analysis of these early theories is required in order to conduct a critical examination of contemporary criminological philosophies Contemporary criminologists and academic scholars continue to employ forms of social disorganization and strain theory into new theoretical models The strengths and deficiencies attributable to this early theory continue to enhance understanding of a plethora of studies proposed as facilitators in the quest to determine causation of deviant criminal behaviors

Social Problems and Public Policy Lee Rainwater, 1974 Deviance is by definition a social problem Since deviant behavior violates the normative expectations of a given group deviance must be regarded as a problem for that group since all groups of people want their norms to be enforced Many modern societies place considerable value on personal liberty so much so that interference with personal choices to deviate from group norms can be justified only in terms of the potential damage that particular kinds of behavior might do to the legitimate interests of others Sociological research suggests that the social problem associated with deviance is often the behavior of individuals who violate norms cannot be justified in terms of basic values of liberty social order or justice In other kinds of deviance though the social problem is that people or in a more organized way social institutions interfere with individual liberty and self realization Each selection in this volume has been chosen to cover a full range of substantive problematic issues a range of social science perspectives that can be brought to bear on issues of all kinds and a range of social science methodologies used in studying modern society Deviance and Liberty is divided up into thirty nine contributions and five main parts ranging from Modern Perspectives on Deviance and Social Problems Deviant Exchanges Gambling Drugs and Sex Deviant Personal Control Illness Violence and Crime Deviance Identity and the Life Cycle and Moral

Enterprise and Moral Enforcement It is a welcome addition to the libraries of those interested in the study of deviance or society as a whole Sociology for nurses 2/e I. Clement,2014 In its pursuit to bring about an awakening among students of nursing about human social behavior this second edition of Sociology for Nurses continues to build on sociological theories that are of relevance to the nursing community Conforming to the syllabus prescribed by the Indian Nursing Council and catering to the needs of second year B Sc Nursing students this book provides jargon free explanation of even the most difficult concepts to the student s benefit Criminology Theory and Terrorism Joshua D. Freilich,Gary LaFree,2017-10-02 Although there has been an increase in research on terrorism across the social and behavioural sciences in the past few decades until recently most of this work has originated from political science psychology or economics Therefore our focus in this book on criminological conceptual frameworks and empirical studies that engage terrorism and responses to it is unique We include a distinguished group of researchers that offer their distinctive insights into criminological perspectives on terrorism The contributors focus on criminological perspectives that have rarely if ever been previously applied to the study of terrorism This includes a range of perspectives from rational choice to social disorganization from strain to routine activities theory This volume will advance understanding of terrorism by taking advantage of criminological contributions and at the same time will serve as a useful update to the criminologists and their students already working in this area It would also be a helpful introduction to those criminologists and their students who would like to be more engaged in this important area of research This book was originally published as a special issue of Terrorism and Political Violence

Criminological Theories Ronald L. Akers,2013-07-04 In Criminological Theories the noted criminologist Ronald Akers provides thorough description discussion and appraisal of the leading theories of crime delinquent behavior and law criminal justice the origin and history of each theory and its contemporary developments and adherents Akers offers a clear explanation of each theory the central concepts and hypotheses of each theory as well as critical criteria for evaluating each theory in terms of its empirical validity Researchers and librarians as well as general readers will find this book a very useful tool and will applaud its clear and understandable exposition of abstract concepts Criminological Theory Matt DeLisi,Kevin M. Beaver,2011-01-28 In order to understand the perpetuance of crime multiple influences in offenders lives must be considered Criminological Theory A Life Course Approach explores criminal and anti social behavior by examining important factors occurring at each stage of life This collection of cutting edge scholarship comprehensively covers life course antisocial behavior ranging from prenatal factors to childhood examples of disruptive behavior delinquency and adult crime Diverse research from internationally recognized experts on criminal behavior brings readers towards a sharpened understanding of crime and the prevailing life course approach **CUET-PG Sociology [HUQP22] Question Answer Book 3000+ MCQs Per Updated Syllabus** ,2024-02-06 CUET PG Sociology HUQP22 3000 Chapter wise question With Explanations As per Updated Syllabus cover all 24 Chapters Highlights of CUET PG Sociology Question Bank 3000 Questions

Answer MCQ 125 MCQ of Each Chapter Unit wise As Per the Updated Syllabus Include Most Expected MCQ as per Paper Pattern Exam Pattern All Questions Design by Expert Faculties JRF Holder Environmental Criminology Martin A. Andresen,2014-03-14 The field of environmental criminology is a staple theoretical framework in contemporary criminological theory With this book Martin Andresen presents the first comprehensive and sole authored textbook on this influential and compelling school of criminological thought He covers a wide range of topics including the origins of environmental criminology the primary theoretical frameworks such as routine activity theory geometric theory of crime rational choice theory and the pattern theory of crime the practical application of environmental criminology an examination of how theories are operationalized and tested policy implications for the practice of crime prevention As well as these popular topics Andresen also discusses also a number of topics that are at the leading edge of research within environmental criminology This text will be ideal for courses on crime prevention where students are often encouraged to consider policy problems and apply theory to practice This book offers up environmental criminology as a theoretical framework for making sense of complex neighbourhood problems meaning that it will be perfect for modules on geography of crime crime analysis and indeed environmental criminology It would also be a good supplement for courses on criminological theory **Criminal Circumstance** Kenneth Land,2018-02-06 The main objective of this book is to propose an alternative criminal opportunity theory The authors build upon social control and routine activities to develop a dynamic multi contextual criminal opportunity theory Emphasizing the importance of contextual explanations of criminal acts they propose two levels of analysis individual and environmental At each level the theory pivots on three broad organizing constructs offenders motivated to commit criminal acts targets such as persons or property suitable as objects of criminal acts and the presence or absence of individuals or other defensive mechanisms capable of serving as guardians against criminal acts Crime is profoundly real possessing qualities that make its occurrence and prevention pressing and persistent matters for individuals and societies Theory in contrast is seen as highly abstract and removed from the seriousness of real life Theory almost seems to be a peculiar sport of an academic class The practically minded even some academic criminologists are often perplexed by the seeming obsession some scholars have with theory which after all is nothing more than an explanation of facts The practically minded seeing a compelling need to identify the crucial factors that could be used to predict and prevent crime wonder why anyone would invest precious time and energy into speculating about the abstract underlying details of why crime occurs when and where it does The authors contend that every intervention prevention and policy is based on some theoretical explanation of the causes of human behavior The improvement of interventions preventions and policies is thus directly related to the improvement of theoretical understandings of the abstract underlying details of the causes of crime The development of explanations of events when properly done is a crucial component to understanding and possibly improving the real world This work does just that **Exploring Green Criminology** Dr Michael J Lynch,Professor Paul B

Stretesky, 2014-05-28 Widespread and significant forms of harm such as green or environmental harm have generally been overlooked by criminologists This book argues that green harm needs to become a key area of study within the discipline of criminology and considers how the discipline can be redesigned The authors propose an environmental frame of reference which can be addressed from within criminology and which enables criminologists and environmentalists to respond and react differently to environmental crime **Essentials of Applied Sociology** Mr. Rohit Manglik, 2024-07-24 This title explores key sociological theories and their application in solving real world social issues such as poverty inequality and public policy A practical resource for sociology students

Right here, we have countless book **Social Disorganization** and collections to check out. We additionally manage to pay for variant types and in addition to type of the books to browse.
