

STATE OF TEXAS

Texas, nicknamed the "Lone Star State," became the 28th state in the United States on December 29, 1845. Texas is the second largest state in the country, both in land size and population, with over 29 million people living there. Only Alaska has more land, and only California has more people. The name Texas is from the Caddo Native American word "Tejas," which means "friends." The friendly name reflects the state's reputation for being diverse and welcoming.
