

An abstract painting featuring a central face rendered in earthy tones of brown, tan, and white. The face is surrounded by various shapes and colors, including a large red shape resembling a tomato, a yellow shape resembling a lemon, and a blue shape resembling a cucumber. The overall style is expressive and textured, with visible brushstrokes and a rich palette of colors.

 Addressing US literature from 1876 to 1910 this volume aims to account for the period s immense transformations while troubling the ideology of progress that underwrote much of its self understanding This volume queries the various forms and formations of post Reconstruction American literature It contends that the literature of this period most often referred to as turn of the century might be more productively oriented by the end of Reconstruction and the haunting aftermath of its emancipatory potential than by the logic of temporal and social advance that underwrote the end of the century and the beginning of the Progressive Era Acknowledging that nearly all US literature after 1876 might be described as post Reconstruction the volume invites readers to reframe this period by asking under what terms did post Reconstruction American literature challenge or re consolidate the nation as an affective political and discursive phenomenon And what kind of alternative pasts and futures did it write into existence **Discourse on Applied Sociology: Theoretical perspectives** Samir Dasgupta,Robyn Bateman Driskell,2007 This engaging two volume study pursues a balance between theoretical and practical sociology Volume I subtitled Theoretical Perspectives focuses on the problems and prospects of applied sociology in an era of globalization The essays emphasize the close association of applied sociology with altruism identity formation race and ethnicity They evaluate the empirical truths of sociological theories and examine their relevance for contemporary research poverty demographic issues and social policies The authors agree that the ultimate test of theory is the extent to which it can produce knowledge that works **Bibliographic Index** ,1994 **Discourse on Applied Sociology: Volume 1** Samir Dasgupta,Robyn Driskell,2007-08-01 This engaging two volume study pursues a balance between theoretical and practical sociology Volume I subtitled Theoretical Perspectives focuses on the problems and prospects of applied sociology in an era of globalization The essays emphasize the close association of applied sociology with altruism identity formation race and ethnicity They evaluate the empirical truths of sociological theories and examine their relevance for contemporary research poverty demographic issues and social policies The authors agree that the ultimate test of theory is the extent to which it can produce knowledge that works **American Book Publishing Record** ,2006 *Sociological Abstracts* ,2004 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers *The Cumulative Book Index* ,1994 A world list of books in the English language *Reclaiming the Sane Society* Miri Seyed Javad,Robert Lake,Tricia M.
