Creolization and Contraband Linda M. Rupert, 2012-07-01 When Cura ao came under Dutch control in 1634 the small island off South America s northern coast was isolated and sleepy The introduction of increased trade both legal and illegal led to a dramatic transformation and Cura ao emerged as a major hub within Caribbean and wider Atlantic networks It would also become the commercial and administrative seat of the Dutch West India Company in the Americas The island s main city Willemstad had a non Dutch majority composed largely of free blacks urban slaves and Sephardic Jews who communicated across ethnic divisions in a new creole language called Papiamentu For Linda M Rupert the emergence of this creole language was one of the two defining phenomena that gave shape to early modern Cura ao The other was smuggling Both developments she argues were informal adaptations to life in a place that was at once polyglot and regimented They were the sort of improvisations that occurred wherever expanding European empires thrust different peoples together Creolization and Contraband uses the history of Cura ao to develop the first book length analysis of the relationship between illicit interimperial trade and processes of social cultural and linguistic exchange in the early modern world Rupert argues that by breaking through multiple barriers smuggling opened particularly rich opportunities for cross cultural and interethnic interaction Far from marginal these extra official exchanges were the very building blocks of colonial society

Heritage languages such as the Turkish varieties spoken in Berlin or the Spanish used in Los Angeles are non dominant languages often with little prestige Their speakers also speak the dominant language of the country they live in Often heritage languages undergo changes due to their special status They have received a lot of scholarly attention and provide a link between academic concerns and educational issues This book takes a language contact perspective we consider heritage languages from the perspective of their history their structural properties and their interaction with other surrounding languages

Functional Categories in Three Atlantic Creoles Claire Lefebvre, 2015-07-15 This book is about the functional categories of three Caribbean creoles Saramaccan Haitian Creole and Papiamentu with two specific goals The first one is to evaluate the respective contribution of the source languages to the functional categories of these three creoles The second is to evaluate the degree of similarity dissimilarity of the functional categories across these creoles This study is cast within the relabeling based account of creole genesis Several lexical items discussed in this book may fulfill more than one grammatical function thus raising the issue of multifunctionality No such in depth comparative work of these three creoles with their source languages and of the three creoles among themselves is available elsewhere in the literature This book is addressed to linguists including Master and PhD students interested in syntactic categories and more specifically in functional categories to creolists and to researchers interested in language contact

Trade, Globalization, and Dutch Art and Architecture Marsely Kehoe, 2025-10-01 We all look to our past to define our present but we don t always realize that our view of the past is shaped by subsequent events It s easy to forget that the Dutch dominated the world s oceans and trade in the seventeenth century when it s cultural imagination conjures up tulips and wooden shoes instead of spices and slavery This book examines the Dutch so called Golden Age though its artistic and architectural legacy recapturing the global dimensions of this period by looking beyond familiar artworks to consider exotic collectibles and trade goods and the ways in which far flung colonial cities were made to look and feel like home Using the tools of art history to approach questions about memory history and how cultures define themselves this book demonstrates the centrality of material and visual culture to understanding history and cultural identity
