Adult Literacy Program Handbook Andres R. Montez,1980 A Summer Program for the Church School Miles Henry Krumbine,1926 *Social TV* Cory Barker,2022-06-27 Winner of the 2023 SCMS Media Industries Scholarly Interest Group Outstanding Book Award sponsored by the Center for Entertainment Media Industries On March 15 2011 Donald Trump changed television forever The Comedy Central Roast of Trump was the first major live broadcast to place a hashtag in the corner of the screen to encourage real time reactions on Twitter generating more than 25 000 tweets and making the broadcast the most watched Roast in Comedy Central history The trumproast initiative personified the media and tech industries utopian vision for a multi screen and communal live TV experience In *Social TV* Multi Screen Content and Ephemeral Culture author Cory Barker reveals how the US television industry promised but failed to deliver a social media revolution in the 2010s to combat the imminent threat of on demand streaming video Barker examines the rise and fall of Social TV across press coverage corporate documents and an array of digital ephemera He demonstrates that despite the talk of disruption the movement merely aimed to exploit social media to reinforce the value of live TV in the modern attention economy Case studies from broadcast networks to tech start ups uncover a persistent focus on community that aimed to monetize consumer behavior in a transitionary industry period To trace these unfulfilled promises and flopped ideas Barker draws upon a unique mix of personal Social TV experiences and curated archives of material that were intentionally marginalized amid pivots to the next big thing Yet in placing this now forgotten material in recent historical context *Social TV* shows how the era altered how the industry pursues audiences Multi screen campaigns have shifted away from a focus on live TV and toward all day content streams The legacy of Social TV then is the further embedding of media and promotional material onto every screen and into every moment of life *The Congregationalist* ,1929 The Untold Stories of the Space Shuttle Program Davide Sivoletta,2022-11-26 In September 1969 several months after the Apollo 11 lunar landing President Richard M Nixon established the Space Task Force to chart NASA s path for the decades to come This imaginative vision was shattered less than six months later when on January 13 1970 NASA Administrator Dr Thomas Paine announced that owing to funding cuts only the reusable Space Shuttle could be afforded there would be no space station no return to the Moon and no missions to Mars This is a story never before told about the missions and technologies that NASA had begun to plan but never fully realized The book is a companion to the author s previous two works on the Space Shuttle Whereas the first two books showed how the Space Shuttle flew in space and what the program accomplished this book explains what more the Space Shuttle could have achieved and how the space transportation system could have further matured if circumstances had been otherwise A final chapter also discusses how some of these plans might be resurrected in future programs **Section 319 Success Stories** ,1994 All projects described in this report were funded by section 319 of the Clean Water Act They range from information and educational programs to highly technical applications of nonpoint source

control technology The success stories in this report represent one or two projects from each state this is only a portion of the nonpoint source projects and occurring in the states Also the stories may reflect only a portion of the total project effort for which funds are awarded Page 4

Literature for Little Bodhisattvas Natasha Heller,2025-01-31 In *Literature for Little Bodhisattvas* Natasha Heller makes two key interventions first she argues that picturebooks are a new genre of Buddhist writing and second she calls attention to an emergent family Buddhism in Taiwan that fashions children as religious subjects through shared attention with adult readers Surveying Taiwanese Buddhism from the ground up Heller explores the changing family dynamics that have made children into a crucial audience for Buddhist education and the home a key site for Buddhist cultivation By taking picturebooks seriously as part of the Buddhist textual tradition Heller demonstrates their engagement with canonical sources alongside innovations for modern audiences Close readings analyzing both text and image trace narrative themes about Buddhist figures and connect representations of buddhas and bodhisattvas to a visual culture where new values such as cuteness are articulated Heller shows that picturebooks have become an integral part of a contemporary Buddhist education that equips children with strategies to interpret everyday life in Buddhist ways and provides religious models for action in the modern world *Literature for Little Bodhisattvas* is a pathbreaking work revealing how contemporary picturebooks reframe Buddhism and offer fresh perspectives on its teachings and ideals of family for both children and adults *The Massachusetts Teacher* ,1926
