Fundamentals of Story Logic Therese Budniakiewicz, 1992 This book may be viewed not only as a post Proppian post Greimassian reconstruction and theoretical advance but also as a neo Proppian neo Greimassian remodelling of story logic leading to an integrated descriptive model which focuses by design on narrative semiotics as a branch of descriptive poetics The investigation and the revision of the actantial model and the narrative schema are made concrete through multiple small narratives from literary fiction specifically Nathanael West's *Miss Lonelyhearts* a parable of Pascal and a historical chronicle The modifications which Therese Budniakiewicz proposes are turned as it were backward towards a theoretical foundation that is both re found and re founded and what emerges is a methodology of textual analysis the scope of which extends to include hermeneutics and interpretation At the same time through the analysis the author makes of the contractual and communication events and the central position she gives to the

Sender and Receiver the book is led to place emphasis on the social and interactional nature of discourse and thereby integrating the basics of narrative within the framework of law and society and justice By putting the theory in perspective while carefully analyzing its premises and by consolidating a broad spectrum of interdisciplinary concepts crucial to narrative Fundamentals of Story Logic will be welcomed by all students of fiction narratology and the classical Greimas *Story Logic and the Craft of Fiction* Catherine Brady,2010-09-15 This book illuminates how technique serves story logic the particular way fiction makes meaning Writers raid the cupboard of theory looking for what works and generic rules don't account for the rich variety of strategies they employ For writers who are past the beginner stage Brady offers a closer look at craft fundamentals including plot characterization patterns of imagery and style The lively lucid discussion draws on vivid examples from classic and contemporary fiction ranging from George Eliot and William Faulkner to Haruki Murakami and Toni Morrison Because it supplies the analytical tools needed to read as a writer this text will enrich the reader's approach to any work of fiction energizing discussion in a workshop or craft course **The Story of Your Life** Steve

Madison,2020-10-12 And so the time has come for you to tell the story of your life How will you do it A straightforward linear narrative Perhaps you will adopt an experimental approach Do you aim to produce something of great artistic merit Will you tell the story simply or do you want to convey something complex and beguiling Will you be scrupulously truthful or do you intend to embroider the facts and events Perhaps you want to present a fantasy version of your life rather than the real thing Perhaps you want others to admire you and respect you so you will censor all the unsavory and disreputable things you did You definitely won't be presenting awarts and all account Or maybe you want people to know exactly who you are so you will tell it exactly as it is You will show the world your true self and they can take it or leave it What kind of audience do you want Do you seek people of refinement and the highest taste or are you eager for the masses to crowd in to hear your tale Are you an elitist or a populist Do you want to have as large an audience as possible or as select an audience as you can find Is quality better than quantity Will you produce a crowd pleasing thriller or a high minded meditation Perhaps a horror story captures the essence of your life or a sci fi or a western or a rom com It is more tragedy than comedy or did the laughs and fun times flow thick and fast There are so many factors to consider A life is not an easy thing and its telling is even harder Come inside and learn how to tell the story of your life *Collaborative Screenwriting and Story Development* Marc Handler,2023-12-05
