Blake's tenure as Children's Laureate 1999-2000. She followed Blake during the years in which he continued to work off the page producing work for hospitals in Angers and Paris and staging major exhibitions around the world collaborating with him both in an administrative and curatorial capacity. But what Kenyon has observed during a number of years of working alongside him and sharing a friendship is that Blake's work is necessarily intertwined with his life. His life informs his wonderful illustrations and his artwork in turn informs his life, a life which is extremely private, mysterious and full of complexities and ambiguities. Kenyon and Blake share a background in teaching and this interest informs Blake's connection to what educationists call learning and teaching but which could also be termed simply education. A shared enthusiasm for education brought Kenyon and Blake together and informs the projects both the artist and curator now work on aiming to reach children and adults in new ways and provide new experiences. With exceptional insight into Blake's oeuvre and his life, Ghislaine Kenyon has produced not merely a biography but a critical view of the artist's work. *Quentin Blake: In the Theatre of the Imagination* is a fitting tribute to Quentin Blake's journey and his great legacy: the delightful illustrations to over 300 books, several written by him, paintings, prints and sculptures and the contribution he has made to art education and the lives of so many different people.
