

The background of the book cover is a photograph of a landscape at dusk or dawn. A large, full moon is visible in the upper left corner of the sky. In the foreground, there is a large, dark, mossy stone on the left. In the middle ground, there are several other large stones scattered across a grassy field. The sky is a mix of dark blue and light green, suggesting the time is either early morning or late evening. The overall mood is serene and historical.

**Éirinn & Iran go Brách** Mansour Bonakdarian, 2023-12-05 This book analyzes particular patterns of nationalist self configuration and nationalist uses of memory counter memory and historical amnesia in Ireland from roughly around the time of the emergence of a broad based non sectarian Irish nationalist platform in the late eighteenth century the Society of

United Irishmen until Ireland's partition and the founding of the Irish Free State in 1922. In approaching Irish nationalism through the particular historical lens of Ireland, this book underscores the fact that Irish nationalism during this period and even earlier always utilized a historical paradigm that grounded Anglo-Irish encounters and Irish nationalism in the broader world history, a process that I term worlding of Ireland. In effect, Irish nationalism was always politically and culturally cosmopolitan in outlook in some formulations even in the case of many nationalists who resorted to insular and narrowly defined exclusionary ethnic and/or religious formulations of the Irish nation. Irish nationalists, as nationalists in many other parts of the world, recurrently imagined their own history either in contrast to or as reflected in the histories of peoples and lands elsewhere even while claiming the historical uniqueness of the Irish experience. Present in a wide range of Irish nationalist political, cultural, and historical utterances were assertions of past and/or present affinities with other peoples and lands.

*Half Slave and Half Free, Revised Edition* Bruce Levine, 2005-05-11 Revised Edition With a New Preface and Afterword. In a revised edition brought completely up to date with a new preface and afterword and an expanded bibliography, Bruce Levine's succinct and persuasive treatment of the basic issues that precipitated the Civil War is as compelling as ever. Levine explores the far-reaching divisive changes in American life that came with the incomplete Revolution of 1776 and the development of two distinct social systems: one based on slavery, the other on free labor, changes out of which the Civil War developed. *America*, 1919. Bureau of Education, 1875. **Genetic Studies in Joyce** David Hayman, Sam Slote, 1995. Joyce criticism is a long way from having controlled the treasure trove of manuscript materials in the 63-volume James Joyce Archive. PROBES represents a new effort of incorporating manuscript research into critical concerns, demonstrating in a practical manner how genetic work contributes to a fuller and more nuanced appreciation of Joyce's work. The organization of the essays is designed to highlight our two major but interlocking concerns: the nature and theoretical underpinnings of genetic criticism of Joyce and especially of *Finnegans Wake*, and some of the many ways that theory can be applied to the creative situation reflected in the notes and manuscripts. The questions raised in this volume are both current and important. Like *Finnegans Wake* itself, the manuscript record, because it is so complete, by stimulating the reader's curiosity and ingenuity lends itself to a variety of approaches while rewarding specialized knowledge. Here too, as we decipher and transcribe, we are well advised to follow Joyce's advice and wipe our glosses with what we know. This volume will provide much that is new and of interest for all scholars of Joyce as well as scholars interested in the issues raised by genetic criticism. History of Tennessee James Phelan, 1888. **Nineteenth-Century American Literature and the Discourse of Natural History** Juliana Chow,2021-11-18  
 Nineteenth Century American Literature and the Discourse of Natural History illuminates how literary experimentation with natural history provides penumbral views of environmental survival The book brings together feminist revisions of scientific objectivity and critical race theory on diaspora to show how biogeography influenced material and metaphorical concepts of species and race It also highlights how lesser known writers of color like Simon Pokagon and James McCune Smith connected species migration and mutability to forms of racial uplift The book situates these literary visions of environmental fragility and survival amidst the development of Darwinian theories of evolution and against a westward expanding American settler colonialism      **New Catholic World** ,1887      **Shadow Dancing in the U.S.A.** Michael Ventura,1985
