Strabo Geography Volume 8s 17 General Index Loeb Classical Library:

The Archaeology of Imperial Landscapes Bleda S. Düring, Tesse D. Stek, 2018-03-29 This book examines the poorly understood transformations in rural landscapes and societies that formed the backbone of ancient empires *Polybius and His Legacy* Nikos Mitsios, Melina Tamiolaki, 2018-03-19 Although scholars continue to address old questions about Polybius it is clear that they are also turning their attention to aspects of his history that have been inadequately dealt with in the past or have even gone largely unnoticed Polybius history is increasingly treated not just as a source of valuable information on the impressive expansion of Roman rule in the Mediterranean world but also as a complex and nuanced narrative with its own interests and purposes Moreover since apart from Livy's use of Polybius which has been thoroughly discussed most studies of Polybius reception focus on the modern world especially in relation to the theory of mixed constitutions finding out more about Polybius impact on ancient Greek and Roman authors remains a major desideratum This volume brings together contributions which in either posing new questions or reformulating old ones attest both to the ardent scholarly interest currently directed toward Polybius and to the variety of hermeneutical issues raised by his work Subjects discussed include Polybius historical ideas his methods of composition his views on the role of the historian his representation of cultural difference his intertextual affinities and his reception and influence Taken together the papers in this collection attempt to promote a deeper understanding of the qualities and peculiarities of Polybius history as well as to offer fresh insights into the interpretation of this important work *Transformations of Romanness* Walter Pohl, Clemens Gantner, Cinzia Grifoni, Marianne Pollheimer-Mohaupt, 2018-07-09 Roman identity is one of the most interesting cases of social identity because in the course of time it could mean so many different things for instance Greek speaking subjects of the Byzantine empire inhabitants of the city of Rome autonomous civic or regional groups Latin speakers under barbarian rule in the West or increasingly representatives of the Church of Rome Eventually the Christian dimension of Roman identity gained ground The shifting concepts of Romanness represent a methodological challenge for studies of ethnicity because depending on its uses Roman identity may be regarded as ethnic in a broad sense but under most criteria it is not Romanness is indeed a test case how an established and prestigious social identity can acquire many different shades of meaning which we would class as civic political imperial ethnic cultural legal religious regional or as status groups This book offers comprehensive overviews of the meaning of Romanness in most former Roman provinces complemented by a number of comparative and thematic studies A similarly wide ranging overview has not been available so far **Hydraulics and Fluid Mechanics, Volume 2** Manish Pandey, N V Umamahesh, Z Ahmad, Giuseppe Oliveto, 2024-12-24 This book comprises the proceedings of the 28th International Conference on Hydraulics Water Resources River and Coastal Engineering HYDRO 2023 focusing on broad spectrum of emerging opportunities and challenges in the field of hydraulics and fluid mechanics It covers a range of topics including but not limited to experimental and computational fluid mechanics sediment dynamics environmental impact

assessment of water resources projects environmental flows pollutant transport etc Presenting recent advances in the form of illustrations tables and text it offers readers insights for their own research In addition the book addresses fundamental concepts and studies in the field of flood forecasting and hydraulic structures making it a valuable resource for both beginners and researchers wanting to further their understanding of hydraulics water resources and coastal engineering

Slave Revolts in Antiquity Theresa Urbainczyk,2016-06-16 Although much has been written on Greek and Roman slavery slave resistance has typically been dismissed as historically insignificant and those revolts that are documented are portrayed as wholly exceptional and resulting from peculiar historical circumstances that had little to do with the intrinsic views or organizational capabilities of the slaves themselves In this book Theresa Urbainczyk challenges the current orthodoxy and argues that there were many more slave revolts than is usually assumed and they were far from insignificant historically She carefully dissects ancient and modern interpretations to show that there was every reason for the writers who recorded and re recorded the slave rebellions and wars to repress or to reconfigure any larger scale slave resistance as something other than what it was Further she shows that we often have the accounts that we do because of the happenstance of certain ancient authors having been particularly interested in creating accounts of them for their own interests Urbainczyk argues that we need to look beyond the canonical sources and episodes to see a bigger history of long term resistance of slaves to their enslavement

Egyptian Cultural Icons in Midrash Rivka Ulmer,2009 Rabbinic midrash of late antiquity and the early medieval period visualized Egypt and presented Egyptian religious concepts and icons Midrash is analyzed in a cross cultural perspective utilizing insights from the discipline of Egyptology Topics the Greco Roman Nile god Isis Serapis and other gods festivals mummy portraits funeral customs the Egyptian language Pharaohs Cleopatra Alexandria the divine eye The hermeneutical role of Egyptian cultural icons in midrash is explored

Rome in Egypt's Eastern Desert Hélène Cuvigny,2021-08-21 A detailed archaeological study of life in Egypt's Eastern desert during the Roman period by a leading scholar Rome in Egypt's Eastern Desert is a two volume set collecting H l ne Cuvigny's most important articles on Egypt's Eastern Desert during the Roman period The excavations she directed uncovered a wealth of material including tens of thousands of texts written on pottery fragments ostraca Some are administrative texts but many more are correspondence both official and private written by and to the people mostly but not all men who lived and worked in these remote and harsh environments supported by an elaborate network of defense administration and supply that tied the entire region together The contents of Rome in Egypt's Eastern Desert have all been published earlier in peer reviewed venues but most appear here for the first time in English All of the contributions have been checked or translated by the editor and brought up to date with respect to bibliography and some have been significantly rewritten by the author in order to take account of the enormous amount of new material discovered since the original publications A full index makes this body of work far more accessible than it was before This book assembles into one collection thirty years of detailed study of

this material conjuring in vivid detail the lived experience of those who inhabited these forts often through their own expressive language and the realia of desert geography military life sex religion quarry operations and imperial administration in the Roman world *Spuren der altägyptischen Gesellschaft* Richard Bußmann, Ingelore Hafemann, Robert Schiestl, Daniel A. Werning, 2022-11-21 Die Hinterlassenschaften der Gesellschaft des Alten Ägyptens reichen von monumentalen Pyramidenanlagen bis zu mikroskopischen Spuren menschlicher Aktivitäten von Felsinschriften bis zu Romanen Wie lässt sich das alles sinnvoll in Bezug stellen und welche Methoden und Fragestellungen sind dafür notwendig Das Buch versammelt 28 Beiträge zu Ehren Stephan J Seidlmayers die versuchen darauf aktuelle Antworten zu geben
