Straight Talk What Men Need To Know What Women Should Understand:

Between a Man and a Woman? Ludger H. Viefhues-Bailey, 2010-09-24 Through a probing investigation of conservative Christianity and its response to an issue that according to the statistics of conservative Christian groups affects only a small number of Americans Ludger Viefhues Bailey alights on a profound theological conundrum in today's conservative Christian movement both sexes are called upon to be at once assertive and submissive masculine and feminine not only within the home but also within the church society and the state Therefore the arguments of conservative Christians against same sex marriage involve more than literal readings of the Bible or nostalgia for simple gender roles Focusing primarily on texts produced by Focus on the Family a leading media and ministry organization informing conservative Christian culture Viefhues Bailey identifies two distinct ideas of male homosexuality gender disturbed and passive and oversexed strongly masculine and aggressive These homosexualities enable a complex ideal of Christian masculinity in which men are encouraged to be assertive toward the world while also being submissive toward God and family This web of sexual contradiction influences the flow of power between the sexes and within the state It joins notions of sexual equality to claims of natural difference establishing a fraught basis for respectable romantic marriage Heterosexual union is then treated as emblematic of if not essential to the success of American political life yet far from creating gender stability these tensions produce an endless striving for balance Viefhues Bailey's final brilliant move is to connect the desire for stability to the conservative Christian movement's strategies of political power

Homosexuality, Science, and the "plain Sense" of Scripture David L. Balch, 2000 Homosexuality is arguably the most hotly contested topic in the church today Taking up the issue from both poles of the discussion this volume by eleven biblical scholars psychologists and theologians canvasses the debate over the meaning of the scriptural passages on homosexuality from Genesis Leviticus Romans and 1 Corinthians in light of contemporary scientific and exegetical evidence Contributors David L Balch Phyllis A Bird Nancy J Duff David E Fredrickson Kathryn Green McCreight Christine E Gudorf Robert Jewett Stanton L Jones William R Schoedel Christopher Seitz Mark G Toulouse Mark A Yarhouse

Feminist Narratives and the Sociology of Religion Nancy Nason-Clark, Mary Jo Neitz, 2001 In 14 essays US and Canadian sociologists of religion cultivate the growing gender and feminist consciousness in their profession and challenge established scholars and graduate students to be cognizant of it They combine biography and scholarly pursuits academic rigor and personal passion There is no index c Book News Inc

Women Caught in the Conflict Rebecca M. Groothuis, 1997-07-16 The goal of this book is not to analyze the competing viewpoints women's equality versus traditional family values in any depth but simply to step outside the familiar rhetoric in an attempt to obtain a view of the Big Picture The aim of this inquiry is a clearing of the conceptual atmosphere

Seven Promises of a Promise Keeper Jack W. Hayford, Gary Smalley, Charles R. Swindoll, Max Lucado, Crawford Loritts, Promise Keepers, Howard Hendricks, Bill Bright, James C. Dobson, Luis Palau, Isaac Canales, 1999-06-05 This best selling book has been completely revised and

expanded with new author insights and stories on each of the Promise Keeper s seven promises Men will find practical ways to deepen their Christian walk with encouraging chapters from Bill Bright James Dobson Gary Smalley and Luis Palau and many others

The Battered Wife Nancy Nason-Clark,1997-01-01 Nason Clark s sociological research reveals how churches and secular organizations have responded sometimes with assistance sometimes not to victims of violence in their midst and how their response could be more effective By exploring the relationship between violence and Christians response to it from various perspectives those of victim clergy congregation this book ultimately encourages a pastoral assistance that reduces violence in the world and helps victims find the inner strength to leave their gardens

Secular Faith Mark A. Smith,2015-09-11 When Pope Francis recently answered Who am I to judge when asked about homosexuality he ushered in a new era for the Catholic church A decade ago it would have been unthinkable for a pope to express tolerance for homosexuality Yet shifts of this kind are actually common in the history of Christian groups Within the United States Christian leaders have regularly revised their teachings to match the beliefs and opinions gaining support among their members and larger society Mark A Smith provocatively argues that religion is not nearly the unchanging conservative influence in American politics that we have come to think it is In fact in the long run religion is best understood as responding to changing political and cultural values rather than shaping them Smith makes his case by charting five contentious issues in America s history slavery divorce homosexuality abortion and women s rights For each he shows how the political views of even the most conservative Christians evolved in the same direction as the rest of society perhaps not as swiftly but always on the same arc During periods of cultural transition Christian leaders do resist prevailing values and behaviors but those same leaders inevitably acquiesce often by reinterpreting the Bible if their positions become no longer tenable Secular ideas and influences thereby shape the ways Christians read and interpret their scriptures So powerful are the cultural and societal norms surrounding us that Christians in America today hold more in common morally and politically with their atheist neighbors than with the Christians of earlier centuries In fact the strongest predictors of people s moral beliefs are not their religious commitments or lack thereof but rather when and where they were born A thoroughly researched and ultimately hopeful book on the prospects for political harmony *Secular Faith* demonstrates how over the long run boundaries of secular and religious cultures converge

No Place for Abuse Catherine Clark Kroeger,Nancy Nason-Clark,2010-10-12 In this thoroughly revised and updated edition Catherine Clark Kroeger and Nancy Nason Clark share with readers a further ten years of experience in listening to the voices of women from around the world and especially to those in the church They help us hear their cries and find concrete ways to respond so that no home will be a place of abuse

Bad Pastors Anson D. Shupe,William A. Stacey,Susan E. Darnell,2000-08-01 Child molesting priests embezzled church treasures philandering ministers and rabbis even church endorsed pyramid schemes that defraud gullible parishioners of millions of dollars for the past decade clergy misconduct has seemed continually to be in the news Is there

something about religious organizations that fosters such misbehavior *Bad Pastors* presents a range of new perspectives and solidly grounded data on pastoral abuse investigating sexual misconduct financial improprieties and political and personal abuse of authority Rather than focusing on individuals who misbehave the volume investigates whether the foundation for clergy malfeasance is inherent in religious organizations themselves stemming from hierarchies of power in which trusted leaders have the ability to define reality control behavior and even offer or withhold the promise of immortality Arguing that such phenomena arise out of organizational structures the contributors do not focus on one particular religion but rather treat these incidents from an interfaith perspective *Bad Pastors* moves beyond individual case studies to consider a broad range of issues surrounding clergy misconduct from violence against women to the role of charisma and abuse of power in new religious movements Highlighting similarities between other forms of abuse such as domestic violence the volume helps us to conceptualize and understand clergy misconduct in new ways **Because of Eve** Joseph E. Early, Jr., 2022-10-15

Because of Eve is a thorough examination of how the Church and Christian men sought to define women and the roles women must play within the church home and society for more than two thousand years The book examines the works of theologians decrees of councils canon law statements of faith and a myriad of other pronouncements that affected their generation and the following generation s beliefs concerning women Each chapter considers the era in which these beliefs were voiced as much of what was accepted as orthodoxy was reflected in or based on cultural beliefs **WORDS OF PRAISE** This important study surveys the roles of women roles often assigned to them by men through both biblical testaments and across Christian history to the contemporary church It is a significant research resource for understanding historical theological spiritual and cultural interactions between males and females and the religious dogmas that influenced and divided them Bill J Leonard Emeritus Professor of Divinity Wake Forest University Joseph Early has meticulously researched the primary sources throughout the history of the Church to show definitively how men for their own purposes have used the Bible to categorize and define women Early then goes further to show how these erroneous and unbiblical beliefs are reflected and amplified in some modern day theologies and practices As an observer of this six year long research project I can attest to the author s innate dedication and fidelity to the task of showing how God s word is not detrimental to women but instead uplifts them as co heirs with Christ and indeed on equal ground with their brothers in Christ Twyla K Hernandez Professor of Missions Campbellsville University Joseph Early s *Because of Eve* Historical and Theological Survey of the Subjugation of Women in the Christian Tradition is an incredibly useful compendium of Christian men s beliefs about women across church history With careful detail and ample primary source evidence Early demonstrates how for most of church history men have offered biblical interpretations and constructed misogynistic theologies that maintain and reproduce the subordination of women This volume will be helpful for academics and general readers alike for its comprehensive documentation of the treatment of women in men s thinking and writing from biblical times until the present Susan M Shaw

Professor of Women Gender and Sexuality Studies Oregon State University **Professional Women in South African Pentecostal Charismatic Churches** Maria Frahm-Arp, 2010 This book offers an exploration into the interconnections between career success and religiosity as it examines the role of Pentecostal Charismatic Christianity in the work experiences of young professional black women who are becoming part of the post apartheid South African middle class

Be Not Deceived Michelle Wolkomir, 2006-01-24 In *Be Not Deceived* Michelle Wolkomir explores the difficult dilemma that gay Christians face in their attempts to reconcile their religious and sexual identities She introduces the ideologies and practices of two alternative and competing ministries that offer solutions for Christians who experience homosexual desire Through careful analysis of the groups ideologies interactions and symbolic resources *Be Not Deceived* goes far beyond the obvious differences between the ministries to uncover their similarities namely that both continue to define heterosexuality as the normative and dominant lifestyle

In the Midst of Chaos Bonnie J. Miller-McLemore, 2019-03-01 How the daily practices of life with children can shape our faith In *In the Midst of Chaos* explores parenting as spiritual practice building on Bonnie J Miller McLemore s fresh conceptions of children from her book *Let the Children Come* She questions conventional perceptions that spiritual practices require silence solitude and uninterrupted prayer and that assume a life unburdened by care of others She is both honest about the difficulties and attentive to the blessings present in everyday life and demonstrates that the life of faith encompasses children and the adults who care for them Miller McLemore explores how parents might use seven daily practices such as play reading chores and saying goodbye or goodnight as rich opportunities to shape both parent and child morally and spiritually Through these experiences she shows how the very care of children forms and reforms the faith of adults themselves contrary to the belief that adults must form children In *In the Midst of Chaos* also goes beyond the typical focus on individual self fulfillment by tackling difficult questions of social justice and mutuality in the ways families live together Readers will find in this book an invitation to love those around them in the midst of life s craziness and to live more deeply in grace

Family Disintegration Anton Purcell, 2002 The contemporary family is being distracted disturbed and distraught by societal pressures from every direction The nuclear family concept believed crucial to child rearing is becoming pass according to census data Or has the wave of disruption to families crested It is hoped that this bibliography will serve as a useful tool to researchers seeking further information on families and the pressures being exerted upon them in the 21st century

Domestic Violence in Postcommunist States Katalin FÁibiÁin, 2010-07-16 Domestic violence has emerged as a significant public policy issue of transnational character and mobilization in the postcommunist era in Europe and Eurasia as global forces have interacted with the agendas of governments local and international women s groups and human rights activists The result of extensive collaboration among scholars and activist practitioners many from postcommunist countries this volume examines the development of state policies changes in public perceptions and the interaction of national and international politics
