## **Straight Through The Heart How The Liberals Abandoned The Just Society:**

*Straight Through the Heart* Maude Barlow, Bruce Campbell, 1995      Breaking Free of Neoliberalism: Canada's Challenge ALEX HIMELFARB, 2024-09-13 Neoliberalism idealizing free market capitalism sets the boundaries for how we are governed in Canada no matter who is in power Author ALEX HIMELFARB explores why these ideas persist when the need for dramatic action on issues like inequality and global warming is obvious to all Neoliberalism free market capitalism and the view that freedom is society's highest value has become embedded in the fabric of Canadian government and society Neoliberal theorists marginalized for decades after the Second World War saw their ideas embraced by Margaret Thatcher and Ronald Reagan who implemented their policies in the 1980s and 90s Neoliberalism arrived in Ottawa with the Mulroney government in 1984 and has continued as widely accepted common sense about government until today Neoliberalism's basic tenets reduce public services in favour of privatization cut taxes to benefit business demonize government deficits limit government regulation and enable corporations to self regulate continue to be promoted by its corporate champions and think tank advocates Yet the experiences of the last decade in Canada and internationally have demonstrated the emptiness of neoliberalism and demonstrated the crucial role government plays in society Challenges from financial market crises to the COVID 19 pandemic and climate change underscore how vital government action can be in our lives      Women on the Defensive Sylvia B. Bashevkin, 1998-06-08 Bashevkin combines individual voices with policy initiatives to provide the first complete picture of the recent past and uncertain future of contemporary feminism BOOK JACKET      *Dismantling Democracy* Andrew Jackson, Matthew Sanger, 1998-01-01 Contents 1 The MAI and Its Implications for Canadians 2 Multilateral Deregulation of Investment 3 The MAI and Competitive Austerity 4 The MAI and Labour Standards 5 The MAI and Environmental Regulation 6 The MAI and National and International Development 7 The MAI and Canada Sectoral Impacts      **Paul Martin: CEO for Canada?** Murray Dobbin, 2003-09-15 Canadians have high hopes for Prime Minister Paul Martin and widely welcome him as Liberal leader But will he give Canada the government Canadians expect In this book Murray Dobbin focuses on what Martin has done in business and in politics and what he can be expected to do in office What Dobbin reports is often surprising Martin's actions reflect a man deeply committed to an agenda of less government expansion of the private sector at the expense of public services tax cuts favouring those already well off and closer relations to the U S In many areas Martin's views seem closer to Brian Mulroney than those traditionally associated with the Liberal party And he is often at odds with the values Canadians themselves express in opinion polls A successful CEO himself Martin thinks and acts as a CEO in his political role For Canadians who want Ottawa to do more in health care education social services and culture Martin's accession may mark a significant step backwards Based on extensive research and interviews with key analysts this book offers a different view of Paul Martin from the usual portrayals in the business friendly news media and from the other books on Martin being published in fall 2003 Rather than a play by play account of who did what to

whom in Martin's political career Murray Dobbin keeps his eye on what really matters to most people what Paul Martin has done to date in business and politics and what he is likely to do as prime minister *Rethinking Church, State, and Modernity* David Lyon, Marguerite Van Die, 2000-01-01 The contributors consider how Canada's religious experience is distinctive in the modern world somewhere between the largely secularized Europe and the relatively religious United States

**Democracy, Citizenship and the Global City** Engin F. Isin, 2013-04-15 Democracy Citizenship and the Global City focuses on the controversial neglected theme of citizenship It examines the changing role of citizens their rights obligations and responsibilities as members of nation states and the issue of accountability in a global society Using this interdisciplinary approach the book offers an innovative collection of work from Robert A Beauregard Anna Bounds Janine Brodie Richard Dagger Gerard Delanty Judith A Garber Robert J Holton Warren Magnusson Raymond Rocco Nikolas Rose Evelyn S Ruppert Saskia Sassen Bryan S Turner John Urry Gerda R Wekerle and Nira Yuval Davis **Wealth by Stealth** H. J. Glasbeek, 2002 How is it that corporations are able to behave irresponsibly criminally and undemocratically Wealth by Stealth is a scathing introduction to the operations of the modern corporation written by a corporate lawyer Many writers point to the growth of undemocratic corporate power Glasbeek takes these observations further and outlines clearly how corporations become so powerful He also shows how they are able to act without regard to the behaviour and laws governing citizens and other groups Glasbeek is known by generations of students for his brilliant funny lectures at Osgoode Hall Law School With Wealth by Stealth his informative critique of corporate behaviour becomes available and accessible to all How is it The corporation makes them do it *Shifting the Paradigm in Community Mental Health* Geoffrey Brian Nelson, John Lord, Joanna Ochocka, 2001-01-01 Examines changes in the values and practices within community mental health that occurred between 1984 and 1998 in the Kitchener Waterloo area A valuable guide for future research and for consumers and administrators in the mental health field Welfare Hot Buttons Sylvia B. Bashevkin, 2002-01-01 This well written and clearly argued book comparatively assesses Third Way public welfare policies and their development in response to conservative led critiques in the U S Canada and Great Britain Eugene Forsey, Canada's Maverick Sage Helen Forsey, 2012-04-07 Eugene Forsey combined vision with protest and erudition with wit A legacy for the common good Eugene Forsey's wit and wisdom Feisty and erudite Eugene Alfred Forsey 1904 1991 was an activist scholar labour researcher constitutional expert and senator who fought all his life for the common good His speeches articles and letters informed and provoked Canadians for more than 60 years and now his daughter brings that legacy back to life in this fascinating and relevant book One of Canada's foremost constitutional experts Forsey was also a provocative voice for social justice Legendary for his sharp wit and high principle he brought encyclopedic knowledge irascible tenacity and common sense to the causes of democracy justice and equality for all Those themes resound through this book and resonate strongly in the Canada of today Forsey never managed to toe a party line obediently Raised a Conservative he converted to social democracy as a young academic in the 1930s He spent the

following decades working for the labour movement and the Co operative Commonwealth Federation CCF now the New Democratic Party and calling governments to account in speeches articles and pithy letters to the editor From 1970 to 1979 he sat in the Senate as a Trudeau Liberal but soon afterward resumed his more natural role as non partisan critic and gadfly In labour halls university classrooms broadcasting studios and the Senate chamber Forsey entertained even as he educated So too does this account of his works and life which blends the personal and the political to provide a rich resource for Canadians facing the challenges of the 21st century Helen Forsey like her father Eugene is a social activist and writer who worked overseas with CUSO and other international voluntary organizations An ardent feminist and environmentalist she winters in Ompah Ontario and summers at Pouch Cove Newfoundland

**The Global Class War** Jeff Faux,2010-12-29 Acclaim for The Global Class War You will never think about free trade the same way after reading Jeff Faux s superb book As Faux makes clear the globalization debate is really about whose interests are served by global elites and how we need to go about reclaiming a democracy that serves ordinary people This book should transform public discourse in America Robert Kuttner founding coeditor of the American Prospect and a contributing columnist to BusinessWeek Jeff Faux s astonishing story of how class works will scandalize the best names in Wall Street and Washington especially the much admired Robert Rubin who along with other elites colluded behind the backs of ordinary citizens in Mexico Canada and the United States The most cynical Americans will be shocked by the sordid details This really is an important book William Greider author of The Soul of Capitalism and Secrets of the Temple Globalization is a cover for American imperialism but the beneficiaries are not the American people at the expense of foreigners but corporate executives at the expense of working class and poor people wherever they may be Jeff Faux offers a comprehensive and devastating analysis Chalmers Johnson author of The Sorrows of Empire

**Child Welfare** Kathleen Kufeldt,2014-05-27 In 1994 a group of researchers and decision makers met to discuss the state of child welfare Also present were a few practitioners and two youth in care Six years later when they met again the number of practitioners and youth had grown considerably and were joined by a strong contingent of foster parents Thus the findings and insights presented were affirmed or challenged by those most affected those on the front line It was an exciting event worth capturing in book form Kathleen Kufeldt and Brad McKenzie have gathered the papers presented at the 2000 Symposium and have organised them under four themes incidence and characteristics of child maltreatment the continuum of care policy and practice and future directions An analysis and synthesis of the work informs each of these themes while an eight point research agenda developed in an earlier symposium is used to assess developments to date and provide guidance for the future

**The Necessary Nation** Gregory Jusdanis,2011-06-27 In this controversial look at nationalism Gregory Jusdanis offers a sweeping defense of the nation as a protector of cultural difference and a catalyst for modernization Since the end of the Cold War the nation state has undergone intense scrutiny among critics in the media and the academy Many believe that civic nationalism may be fruitful but that cultural nationalism fosters xenophobia and backward thinking Jusdanis

however emphasizes the positive collaboration between nation building and culture Through a series of critical readings of multicultural postcolonial and globalization theories the author reveals how nationalism enables people to defend their distinctive ways of life to fight colonial oppression and to build an independent society of citizens He explains why people over the last two hundred years have politicized their ethnic identities and have sought a union of culture and power within an autonomous nation state While seeking to defend nationalism Jusdanis also examines its potential to unleash extraordinary violence into the world He thus proposes federalism as a political solution to the challenges posed by nationalism and globalization Jusdanis applies the tools of disciplines ranging from anthropology to philosophy as he explores the nation building projects of numerous and diverse countries around the world What emerges is a fresh perspective on the subjects of national culture identity political nations globalization postcolonialism and diaspora

*The Marketization of Social Security* John C. Dixon, Mark Hyde, 2001-03-30 Much could be gained from the privatization of social security but can the gains actually be delivered Dixon Hyde and their contributing authors take a balanced look at where we are now and where we seem to be moving on the issues of social security privatization and come up skeptical There will be tradeoffs but will the benefits outweigh the costs Their volume examines a variety of settings in Latin America Asia Europe North America and Africa where the marketization of social security appears most hotly contested As a contribution to this new energetic global policy discourse the book will be of special interest to policymakers in the public and private sectors and particularly in organizations where concerns about the growing cost of employee benefits have become critical Dixon Hyde and the others start by showing how the concept of social security has changed dramatically over the last 20 years not just in the United States but throughout the world The collectivist ideology that has long underpinned social security policy has been challenged by the emergence of an ideology of individualism But can one presume that the desires of government to privatize are driven purely by the need to achieve neoliberal policy goals by that means Too simplistic say the contributors Marketization offers the promise of reduced dependency on the state reduced public expenditure and thus lower taxes enhanced competitiveness internationally more efficient delivery of social security services and other advantages but whether these promises would be kept seems to depend on a variety of factors Among them explored in this volume are the level of development and sophistication of the capital markets the degree of market competition that can be achieved and sustained and the capacity of the state to develop and implement governance mechanisms to ensure that private providers act in the public interest The volume also examines two daunting challenges to governments how to design a set of regulations that can protect the public interest in perpetuity and how to resist the calls for government subsidies to support the economic rent expectations of privatized providers The contributors and editors develop these and other points concisely and readably and in doing so offer important lessons from the experiences of others worldwide

*Poverty* Professor John Dixon, John Dixon, David Macarov, 2002-01-04 This book addresses the long standing global issue of poverty An introductory

chapter explores concepts and definitions of poverty the subsequent chapters providing detailed examinations of poverty in ten different countries UK USA Australia Canada Hong Kong Ireland Malta The Netherlands The Philippines and Zimbabwe Each chapter follows a consistent format to facilitate comparison and focuses on the following issues the socio economic and historical context within which poverty exists the extent and nature of poverty its causes the measures that have been taken to mitigate it This book will be essential reading for students of social policy and administration as well as development studies and anthropology **Partnerships for Prevention** Geoffrey Nelson, Karen Hayward, S. Mark Pancer, 2005-01-01 The Highfield Community Enrichment Project is one of eight demonstration sites for the Better Beginnings Better Futures initiative a comprehensive community driven program dedicated to the prevention of children s mental health problems in Ontario and the promotion of child family and community wellness Drawing from this multi method longitudinal research project authors Geoffrey Nelson S Mark Pancer Karen Hayward and Ray DeV Peters have written Partnerships for Prevention providing insights and lessons on how prevention programs can be planned implemented and managed in a low income multicultural context with a high degree of community involvement The authors demonstrate not just that the program works but how it works and in so doing make a contribution to theory research and practice in primary prevention and mental health promotion for children Partnerships for Prevention provides a great deal of knowledge that will be of interest and use to policy makers program planners practitioners and community residents who wish to create prevention programs

**International Handbook of Educational Change** Andy Hargreaves, A. Lieberman, M. Fullan, D.W. Hopkins, 1998-05-31 The International Handbook of Educational Change is a state of the art collection of the most important ideas and evidence of educational change The book brings together some of the most influential thinkers and writers on educational change It deals with issues like educational innovation reform restructuring culture building inspection school review and change management It asks why some people resist change and what their resistance means It looks at how men and women older teachers and younger teachers experience change differently It looks at the positive aspects of change but does not hesitate to raise uncomfortable questions about many aspects of educational change either It looks critically and controversially at the social economic cultural and political forces that are driving educational change School leaders system administration teacher leaders consultants facilitators educational researchers staff developers and change agents of all kinds will find this book an indispensable resource for guiding them to both classic and cutting edge understandings of educational change no other work provides as comprehensive coverage of the field of educational change **Emergency Policy** Allan

McConnell, 2017-03-02 This volume of leading scholarly articles addresses the international dynamics of emergency policy and practice In a world of increasing technological economic and political interdependency it is no longer feasible for states to ignore the pervasive influence of globalisation The crises wrought by industrial disasters catastrophic weather events pandemics financial implosion and cyber intrusion now transcend and challenge national interests with increasing frequency

The case studies collected here explore these global dimensions of crisis and the state through the lenses of planning and prevention acute responses recovery and reconstruction and learning about crisis This collection is essential reading for academics policy officials and practitioners with an interest in emergency management risk management and issues of national global security In original introductory and concluding chapters to the volume Legrand and McConnell provide a critical perspective on the challenges that globalisation presents to policymakers under crisis conditions and signposts some of the emerging challenges to the state and international community

*Dead Centre* Jamey Heath, 2008-02-28 A provocative and inspired call to unite progressives in Canada and shift the political landscape The Liberal Party is down and might not be able to get back up It is no longer a natural governing entity after losing Quebec for seven straight elections Stephen Harper's policies have been controversial and polarizing especially for left leaning Conservatives There are people on both sides who want Canada to get past this mollified partisanship The alternative is to take back the centre and charge forward with a progressive agenda What about the environment What about our foreign policy Canada can once again stand tall in the eyes of the world and in the eyes of its own citizens Our nation was once a beacon for centrist sensible and level headed policy Do the Liberals speak for true Canadian values anymore They don't Will the Conservatives stand firm for Canada in a globalized economy They won't Is the status quo good enough for you How do we get back to a place where Canada leads in those areas that Canadians feel passionate about

Author of *Dead Centre* Jamey Heath watched the left fracture before his eyes when he was the NDP's lead strategist from 2003 to 2006 In his book Jamey calls to account the leading lights of the left He challenges assumptions and revisits the defeats and the squabbles He then sounds a clarion call to regroup and tackle our nation's challenges With refreshing contrarian insight Heath will find a significant audience among Liberals Greens New Democrats and the growing number of politically minded but party neutral progressives that want sensible leadership and a renaissance of Canadian nationhood *Dead Centre* is printed on biodegradable paper with environmentally friendly inks
