THE STRANGE CAREER OF JIM CROW

Strange Career Of Jim Crow

Comer Vann Woodward

Strange Career Of Jim Crow:

The Strange Career of Jim Crow The late C. Vann Woodward, 2001-11-29 C Vann Woodward who died in 1999 at the age of 91 was America's most eminent Southern historian the winner of a Pulitzer Prize for *Mary Chestnut's Civil War* and a Bancroft Prize for *The Origins of the New South* Now to honor his long and truly distinguished career Oxford is pleased to publish this special commemorative edition of Woodward's most influential work *The Strange Career of Jim Crow* The *Strange Career of Jim Crow* is one of the great works of Southern history Indeed the book actually helped shape that history Published in 1955 a year after the Supreme Court in *Brown v Board of Education* ordered schools desegregated *Strange Career* was cited so often to counter arguments for segregation that Martin Luther King Jr called it the historical Bible of the civil rights movement The book offers a clear and illuminating analysis of the history of Jim Crow laws presenting evidence that segregation in the South dated only to the 1890s Woodward convincingly shows that even under slavery the two races had not been divided as they were under the Jim Crow laws of the 1890s In fact during Reconstruction there was considerable economic and political mixing of the races The segregating of the races was a relative newcomer to the region Hailed as one of the top 100 nonfiction works of the twentieth century *The Strange Career of Jim Crow* has sold almost a million copies and remains in the words of David Herbert Donald a landmark in the history of American race relations

The Strange Career of Jim Crow Comer Vann Woodward, 2005 **The Strange Career of Jim Crow. 3rd Rev Ed**
Comer Vann Woodward, 1973 **The Strange Career of Jim Crow** Comer Vann Woodward, 1967 **The Strange Career of Jim Crow** Charles Kayser, 1966 **The Strange Career of Jim Crow** Comer Vann Woodward, 1961 Summary of C. Vann Woodward's *The Strange Career of Jim Crow* Everest Media, 2022-05-02T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The history of American slavery left its mark on the posterity of both slave and master and influenced relations between them for decades after the end of the old regime Segregation is based on these assumptions and has its roots in the slavery period 2 The treatment of the free Negroes was similar to that of the slaves except that they were not slaves They were denied full rights as citizens and were restricted in their freedom of assembly and movement 3 Urban life was a small aspect of the culture of the Old South and urban slavery was a even smaller aspect of the Peculiar Institution In a history of segregation however the urban experience requires special attention 4 The urban experience in the South was typically different from the Old South and it was a mistake to place too much emphasis on the urban experience as evidence of segregation or the opposite tendency **The Strange Career of Jim Crow. (The James W. Richard Lectures in History, 1954.).** Comer Vann Woodward, 1955 **The Strange Career of Jim Crow. Second Revised Edition** Comer Vann Woodward, 1966 **The Strange Career of Jim Crow ... New and Revised Edition** Comer Vann Woodward, 1957 *The Strange Career of Jim Crow* Comer Vann Woodward, 1967 **The Strange Career of Jim Crow. 3d Revised Edition** Comer Vann Woodward, 1974 **The Strange Career of Jim Crow Rice (with Apologies to**

Professor Woodward) James H. Dormon, **Race, Ethnicity, and Urbanization** Howard N. Rabinowitz, 1994 In 14 reprinted essays that bring together his work in the fields of race relations ethnicity and urban history Rabinowitz introduces readers to some of the most important recent developments in these fields including the changing assessments of the nature of black leadership the origins of segregation the expansion of urban history to include the South and the West and the writing of ethnic history Annotation copyright by Book News Inc Portland OR **Aspects of American History** Simon Henderson, 2009-01-26 Aspects of American History examines major themes personalities and issues across American history using topic focused essays Each chapter focuses on key events and time periods within a broad framework looking at liberty and equality the role of government and national identity The volume engages with its central themes through a broad ranging examination of aspects of the American past including discussions of political history foreign policy presidential leadership and the construction of national memory In each essay Simon Henderson introduces fresh angles to traditional topics consolidates recent research in themed essays analyzes views of different historians offers an interpretive rather than narrative approach gives concise treatment to complex issues Including an introduction which places key themes in context this book enables readers to make comparisons and trace major thematic developments across American history The Facts of Reconstruction Eric Anderson, Alfred A. Moss, Jr., 1991-05-01 Thirty years after the publication of John Hope Franklin s influential interpretative essay Reconstruction After the Civil War ten distinguished scholars have contributed to a new appraisal of Reconstruction scholarship Recognizing Professor Franklin s major contributions to the study of the Reconstruction era their work of analysis and review has been dedicated to him Although most of the contributors studied with John Hope Franklin The Facts of Reconstruction is not a festschrift at least not the conventional sense The book does not offer a comprehensive assessment of Franklin s remarkably wide ranging work in southern and Afro American history but instead engages his influential interpretation of Reconstruction The essays in The Facts of Reconstruction focus upon questions raised in Reconstruction After the Civil War Was southern white intransigence the decisive influence in Presidential Reconstruction What as the role of violence in southern redemption How successful were the educational experiments of the Reconstruction era Why did southern Republicans fail to build an effective coalition capable of surviving the pressure of racism In addition several essays discuss questions not directly addressed in Franklin s book since his pathbreaking work indirectly stimulated study in a variety of new areas For example contributors to The Facts of Reconstruction examine the ante bellum origins of Reconstruction evaluate the development of racial segregation during the late nineteenth century analyze the political and legal ideas behind the Reconstruction debates and study the prospering minority among blacks Representing a variety of perspectives the authors have sought to follow John Hope Franklin s admonition that Reconstruction should not be used as a mirror of ourselves If they have succeeded this book in honor of a profound scholar and inspiring teacher will provoke new discussion about the facts of Reconstruction *The Debate on*

Black Civil Rights in America Kevern Verney, 2006-05-14 Here is the first full length study to examine the changing academic debate on developments in African American history from the 1890s to the present It provides a critical historiographical review of the most current thinking and explains how and why research and discourse have evolved in the ways that they have Individual chapters focus on particular periods in African American history from the spread of racial segregation in the 1890s through to the postwar Civil Rights Movement and the Black Power Movement of the sixties and seventies

The Construction and Rearticulation of Race in a Post-racial America Christoper J. Metzler, 2008-06-04

Racecraft Karen Fields, Barbara J. Fields, 2012-10-09 Hailed by Zadie Smith and Ta Nehisi Coates this new edition of the celebrated contemporary work on race and racism ought to be positioned at the center of any discussion of race in American life Bookforum Most people assume racism grows from a perception of human difference the fact of race gives rise to the practice of racism Sociologist Karen E Fields and historian Barbara J Fields argue otherwise the practice of racism produces the illusion of race through what they call racecraft And this phenomenon is intimately entwined with other forms of inequality in American life So pervasive are the devices of racecraft in American history economic doctrine politics and everyday thinking that the presence of racecraft itself goes unnoticed That the promised post racial age has not dawned the authors argue reflects the failure of Americans to develop a legitimate language for thinking about and discussing inequality That failure should worry everyone who cares about democratic institutions

Racecraft Karen E. Fields, Barbara J. Fields, 2014-03-04 Tackling the myth of a post racial society Praised by a wide variety of people from Ta Nehisi Coates to Zadie Smith Racecraft ought to be positioned as Bookforum put it at the center of any discussion of race in American life Most people assume racism grows from a perception of human difference the fact of race gives rise to the practice of racism Sociologist Karen E Fields and historian Barbara J Fields argue otherwise the practice of racism produces the illusion of race through what they call racecraft And this phenomenon is intimately entwined with other forms of inequality in American life So pervasive are the devices of racecraft in American history economic doctrine politics and everyday thinking that the presence of racecraft itself goes unnoticed That the promised post racial age has not dawned the authors argue reflects the failure of Americans to develop a legitimate language for thinking about and discussing inequality That failure should worry everyone who cares about democratic institutions
