**The Strange Death of Heinrich Himmler** Hugh Thomas, 2002-03-22 On 22 May 1945 in the immediate aftermath of World War II the Allies celebrated the capture of the most important member of the Nazi hierarchy Reichsführer Heinrich Himmler The SS leader was arrested and interrogated but committed suicide in Allied custody by ingesting poison from a capsule concealed in his mouth Then he was buried at a secret site on Luneberg Heath But Himmler did not rest in peace if Himmler it was who was buried there Months later the British disinterred re examined and cremated his body Yet in 1946 MI6's most talented if treacherous agent Kim Philby was still not convinced that the story of Himmler's death made any sense at all Philby realized that a man of Himmler's organizational genius a plotter of great intricacy and sophistication who recognized Germany's inevitable defeat as early as 1943 was unlikely to have just blundered into the arms of the Allies What really happened Hugh Thomas set out to answer Philby's question and uncovered a maze of corruption high finance political gambles and international intrigue The Strange Death of Heinrich Himmler unearths not just Himmler's grave but reveals secrets that have long remained buried and shadowy figures who would rather stay that way

**Ratline** Peter Levenda, 2012-04-17 Ratline is the documented history about the mechanisms by which thousands of other Nazi war criminals fled to the remotest parts of the globe including quite possibly Adolf Hitler It is a story involving Soviet spies Nazi priests and a network of Catholic monasteries and safe houses known as the ratline The

name of one priest in particular Monsignor Draganovic was discovered by the author in a diary found in Indonesia Why would this name turn up in a document written in a spidery German hand in a remote island in Indonesia As famed author Peter Levenda began his research more information came to light In December of 2009 it was revealed that the skull the Russians claimed was Hitler s salvaged from the bunker in 1945 was not that of Hitler In 2010 files from the Office of Special Investigations of the Justice Department were declassified revealing a history of American intelligence providing cover for Nazi war criminals The mystery deepened and the author returned to his own roots hunting Nazis in North America South America and Europe He revisited old contacts made some new ones and gradually the explosive story was revealed there is no forensic evidence to prove that Adolf Hitler died in the bunker in April 1945      **SS 1** Hugh Thomas,Walter Hugh Thomas,2001 This work is an exploration of the web of secret deals and international intrigue concerning the death and body of Heinrich Himmler Hugh Thomas reveals not only where the real body is buried but also identifies the other bodies      *The Spy Who Would Be Tsar* Kevin Coogan,2021-09-16 Michal Goleniewski was one of the Cold War s most important spies but has been overlooked in the vast literature on the intelligence battles between the Western Powers and the Soviet Bloc Renowned investigative journalist Kevin Coogan reveals Goleniewski s extraordinary story for the first time in this biography Goleniewski rose to be a senior officer in the Polish intelligence service a position which gave him access to both Polish and Russian secrets Disillusioned with the Soviet Bloc he made contact with the CIA sending them letters containing significant intelligence He then decided to defect and fled to America in 1961 via an elaborate escape plan in Berlin His revelations led to the exposure of several important Soviet spies in the West including the Portland spy ring in the UK the MI6 traitor George Blake and a spy high up in the West German intelligence service Despite these hugely important contributions to the Cold War Goleniewski would later be abandoned by the CIA after he made the outrageous claim that he was actually Tsarevich Alexei Nikolaevich of Russia the last remaining member of the Romanov Russian royal family and therefore entitled to the lost treasures of the Tsar Goleniewski s increasingly fantastical claims led to him becoming embroiled in a bizarre demi monde of Russian exiles anti communist fanatics right wing extremists and chivalric orders with deep historical roots in America s racist and antisemitic underground This fascinating and revelatory biography will be of interest to students and researchers of the Cold War intelligence history and right wing extremism as well as general readers with an interest in these intriguing subjects      **Encyclopedia of Immigrant Health** Sana Loue,Martha Sajatovic,2011-11-25 This encyclopedia adopts a biopsychosocial historical approach to immigrant health with a focus on immigrant populations in and immigration to magnet countries Extensive references to worldwide trends and global issues are made throughout its entries      **Central America Newpak** ,1993      **Director's Cut** Brian Howald,2018-06      *Heinrich Himmler and the Cult of Death* Emerson Vermaat,2024      **The Private Heinrich Himmler** Katrina Himmler,2016-03-08 The English translation of the letters of Heinrich Himmler and his wife recently authenticated by the Bundesarchiv and serialized in Die Welt At the end

of World War II it was assumed that the letters of Heinrich Himmler were lost Yet sixty years after Himmler's capture by British troops and subsequent suicide the letters mysteriously turned up in Tel Aviv and in early 2014 excerpts were published for the first time by the Israeli newspaper Yediot Aharonot providing a rare if jarring glimpse into the family life of one of Hitler's top lieutenants while he was busy organizing the mass extermination of the Jews It was generally held that Himmler once appointed head of the SS blended seamlessly into the Nazi hierarchy The image that emerges however is more subtle Himmler is seen here as a man whose observations can often be characterized by their unpleasant banality a man whose obsession with family life ran alongside a brutal detachment from all things human a serial killer who oversaw the persecution and extermination of all Jews and other non Aryans and those opposed to the regime His letters remove any doubt that he was the architect of the Final Solution and a man who was much closer to Hitler than many historians previously thought The letters in this edition were arranged by Katrin Himmler the great niece of Heinrich and Marga Himmler and Michael Wildt a renowned expert on the Nazi regime who also provide historical context to the letters and their author The entire work was translated by Thomas S Hansen and Abby J Hansen     The Death of Meriwether Lewis James E. Starrs, Kira Gale, 2012 A Coroner's Inquest held in Tennessee in 1996 has investigated the mysterious death of Meriwether Lewis on the Natchez Trace on October 11 1809 and has heard testimony from leading historians and forensic scientists examining physical evidence and a wide variety of documents using theories that include both suicide and murder

**Himmler** Willi Frischauer, 2016-10-27 Originally published in 1953 this masterly study of Heinrich Himmler is a forceful dispassionate analysis of a man who rose from obscure beginnings as an agricultural student to a position of almost absolute power until in the Nazi twilight he challenged Hitler himself Outwardly insignificant diffident possessing neither the flamboyance of Goering nor the incisiveness of Goebbels Himmler head of the dreaded Secret Police yet made himself the man most feared in the Nazi hierarchy and as much by his friends as his enemies Only when the incredible facts about Himmler's extraordinary hold over his colleagues became known were the full depths of the infamy to which Nazism had brought Germany revealed Based on journalist Willi Frischauer's unique knowledge of the background and sequence of events which gave rise to the Hitler regime he manages to unearth the evidence building up stone by stone the mosaic of Himmler's true portrait A fully documented and unforgettable narrative
