**Strange Journey** Alec Hugh Chisholm,1973      Strange Journey Alec Hugh Chisholm,1973-01-01      Ludwig Leichhardt's Ghosts Andrew Wright Hurley,2018 A fascinating cultural studies account of the afterlife of Leichhardt revealing both German entanglement in British colonialism in Australia and in a broader sense what happens when we maintain an open stance to the ghosts of the past      **Strange new world; the adventures of John Gilbert and Ludwig Leichhardt** Alexander Hugh Chisholm,1955      **Australian Explorers by Sea, Land, and Air, 1788-1988** Ian Francis McLaren,1990      **The A to Z of the Discovery and Exploration of Australia** Alan Day,2009-06-19 This engaging reference examines the history of the search for and the discovery of Australia taking full account of the evidence for and the speculation surrounding possible earlier contacts by the Ancient Egyptians Arabs and Chinese seamen Day brings the expeditions to life expressing the desires that drove great sea captains deeper into turbulent waters searching for caches of spice silks and precious metals Covers a wide variety of topics including Seamen from eight nations The recovery of storm wrecked ships Diplomatic treaties Priority of discovery disputes Military and civil explorers and surveyors Topographical features Geographical terms and places Rivers and river system      **White Vanishing** Elspeth Tilley,2012-01-01 The story of the vulnerable white person vanishing without trace into the harsh Australian landscape is a potent and compelling element in multiple genres of mainstream Australian culture It has been sung in Little Boy Lost brought to life on the big screen in Picnic at Hanging Rock immortalized in Henry Lawson s poems of lost tramps and preserved in the history books tales of Leichhardt or Burke and Wills wandering in mad circles A world wide audience has also witnessed the many layered and oddly strident nature of Australian disappearance symbolism in media coverage of contemporary disappearances such as those of Azaria Chamberlain and Peter Falconio White Vanishing offers a revealing and challenging re examination of Australian disappearance mythology exposing the political utility at its core Drawing on wide ranging examples of the white vanishing myth the book provides evidence that disappearance mythology encapsulates some of the most dominant and durable categories at the heart of white Australian culture and that many of those ideas have their origin in colonial mechanisms of inequality and oppression White Vanishing deliberately and perhaps controversially reminds readers that while power is never absolute or irresistible some narrative threads carry a particularly authoritative inheritance of ideas and power relations through time      **Glimpses of Paradise** Penny Olsen,2007 The history of the Paradise Parrot from its discovery in the 1800s to its extinction in the 1920s and how claims of sightings have continued to the present day      *White Beech* Germaine Greer,2014-07-15 For years I had wandered Australia with an aching heart Everywhere I had ever travelled across the vast expanse of the fabulous country where I was born I had seen devastation denuded hills eroded slopes weeds from all over the world feral animals open cut mines as big as cities salt rivers salt earth abandoned townships whole beaches made of beer cans One bright day in December 2001 sixty two year old Germaine Greer found herself confronted by

an irresistible challenge in the shape of sixty hectares of dairy farm one of many in southeast Queensland that after a century of logging clearing and downright devastation had been abandoned to their fate She didn't think for a minute that by restoring the land she was saving the world She was in search of heart's ease Beyond the acres of exotic pasture grass and soft weed and the impenetrable curtains of tangled Lantana canes there were Macadamias dangling their strings of unripe nuts and Black Beans with red and yellow pea flowers growing on their branches and the few remaining White Beeches stupendous trees up to 120 feet in height logged out within forty years of the arrival of the first white settlers To have turned down even a faint chance of bringing them back to their old haunts would have been to succumb to despair Once the process of rehabilitation had begun the chance proved to be a dead certainty When the first replanting shot up to make a forest and rare caterpillars turned up to feed on the leaves of the new young trees she knew beyond a doubt that at least here biodepletion could be reversed Greer describes herself as an old dog who succeeded in learning a load of new tricks inspired and rejuvenated by her passionate love of Australia and of Earth the most exuberant of small planets

*German Images in Australian Literature from the 1940s to the 1980s* Irmtraud Petersson, 1990 This cross-cultural study examines German-Australian relations by tracing patterns of representation in Australian writing The imagological approach enables comparisons to be made among a wide range of texts and of authors as diverse as Martin Boyd Dymphna Cusack Thomas Keneally David Martin E. O. Schlunke Patrick White The most common German images and stereotypes found are those associated with rural environment and romantic imagination on the one hand and with savagery and barbarity represented by Nazism on the other The significance of such images often links up with Australian perception of the Old World and its cultural legacy thus being part of the process of Australian self-definition and self-understanding
