**A Strange Manuscript Found in a Copper Cylinder** James De Mille,2023-01-22 A Strange Manuscript Found in a Copper Cylinder is perhaps James De Mille s most popular book sadly De Mille didn t get to see this novel grow in popularity as it was first serialized posthumously in Harper s Weekly De Mille had written the novel before the lost world genre had become saturated meaning many of the ideas were fresh and original for the time in which it was written But since he didn t succeed in publishing it during his lifetime by the time the novel was made public other authors like H Rider Haggard had made the ideas and plot cliché The novel itself tells the tale of a shipwrecked sailor Adam More who passes through a mysterious underground passage into a hidden land deep in the Antarctic kept warm by a hidden volcano The land is populated by an ancient civilization whose views on life and wealth are the polar opposite of those held in British society of the time they view death and poverty as the highest religious and social achievements As More adventures through the strange land he encounters fantastic dinosaurs lovelorn princesses and the classic kind of adventure that foreshadows the pulp novels of the next century

**Fantastic Romance and the Most Popular Book by James De Mille** James De Mille,2018-11 *A Strange Manuscript Found in a Copper Cylinder* is the most popular book by James De Mille It was serialized posthumously and anonymously in Harper s Weekly and published in book form by Harper and Brothers of New York City during 1888 It was serialized subsequently in the United Kingdom and Australia and published in book form in the United Kingdom and Canada Later editions were published from the plates of the Harper and Brothers first edition during the late 19th and early 20th centuries The satiric and fantastic romance is set in an imaginary semi tropical land in Antarctica inhabited by prehistoric monsters and a cult of death worshipers called the Kosekin Begun many years before it was published it is reminiscent of Edgar Allan Poe s *The Narrative of Arthur Gordon Pym of Nantucket* and anticipates the exotic locale and fantasy adventure elements of works of the Lost World genre such as Arthur Conan Doyle s *The Lost World* and Edgar Rice Burroughs *The Land That Time Forgot* as well as innumerable prehistoric world movies based loosely on these and other works The title and locale were

inspired by Edgar Allan Poe's *Ms Found in a Bottle*. It was unfortunate for De Mille's reputation as a writer that this work was published after *She and King Solomon's Mines*. Although H Rider Haggard's works were well known by then, the actual composition of De Mille's romance predated the publication of the popular romances, and his ideas were not in the least derivative from Haggard's better known works. The main story of the novel is the narrative of the adventures of Adam More, a British sailor shipwrecked on a homeward voyage from Tasmania. After passing through a subterranean tunnel of volcanic origin, he finds himself in a lost world of prehistoric animals, plants, and people sustained by volcanic heat despite the long Antarctic night. A secondary plot of four yachtsmen who find the manuscript written by Adam More and sealed in a copper cylinder forms a frame for the central narrative. They comment on More's report, and one identifies the Kosekin language as a Semitic language possibly derived from Hebrew. In his strange volcanic world, More also finds a well-developed human society which, in the tradition of topsy-turvy worlds of folklore and satire, compares Sir Thomas More's *Utopia* or *Erewhon* by Samuel Butler or Charlotte Perkins Gilman's *Herland*. Here, the values of 19th-century Western society are reversed: wealth is scorned and poverty is revered; death and darkness are preferred to life and light. Rather than accumulating wealth, the natives seek to divest themselves of it as quickly as possible. Whatever they fail to give away to wealthy people is confiscated by the government, which imposes the burden of wealth upon its unfortunate subjects at the beginning of the next year of reverse taxation as a form of punishment.
