

Strange Sects and Cults

Egon Larsen

This entertaining yet frightening book takes the reader on a brief excursion through the strange world of irrational belief. The author provides authenticated information illuminating the human folly and ferocity, the gullibility and extravagance of people whose lives were bound up in weird dogma.

There is a Russian sect whose initiation ceremonies included castration, and a still flourishing American sect whose members revere, and frequently get bitten by, poisonous snakes. We read about the private life of the incredible Father Divine, and we hear the inside story of the mysterious Rosicrucians.

The peyote-drugged Red Indians of Southern California and the Greenwich Village gurus are contrasted with the Amish in whose world time has stood still for 250 years. What is revealed in these pages makes fascinating reading.

Egon Larsen's inexhaustible interest in ideas and people that shape our world is stoked by extensive research and writing. He is the author of many books with political, scientific, and historic subjects. He has been London correspondent for Radio Munich for many years. In addition to his highly informative books, he has written documentary films.
