The Elusive Quarry Ray Hyman, 1989-04 Ever since the Society for Psychical Research was founded over a hundred years ago parapsychologists have been attempting to prove the existence of paranormal phenomena things like clairvoyance telepathy precognition and remote viewing This research into what is now often called psi has become increasingly technical Controlled laboratory experiments have replaced systematic surveys of spontaneous occurrences complicated statistical analyses have replaced anecdotal data In short psychical research has aspired to the standards of hard science With what results Ray Hyman is supremely qualified to say A research psychologist held in the highest esteem by both parapsychologists and skeptics Ray Hyman here reviews the history and methods of psychical research The Elusive Quarry is Hyman s fascinating fair minded critique of the field a book designed not to debunk but to discern In Part 1 Parapsychology Hyman gives us a historical overview Over the past hundred years what have been the strongest claims made for the paranormal Hyman gives close scrutiny to what have been called ganzfeld experiments a body of research considered by parapsychologists to be especially compelling Part 2 Scientists and the Paranormal focuses on the scientists themselves from Michael Faraday and Sir William Crookes in the last century to Helmut Schmidt and his recent work with random event generators Scientists have been interacting with an admittedly unique group of people psychics Are their methods of testing and reporting appropriate for the phenomena under examination Hyman steps outside of the laboratory for his book s third part Psychic Phenomena and evaluates the claims of water witching occult healing and remote viewing In doing so he demonstrates that one s interpretation of scientific data is strongly affected by one s underlying belief or lack of belief in paranormal phenomena In Part 4 The Psychology of Belief Hyman vividly explains cold reading that ability psychics have to

convince strangers that they know all about them It s an ability anybody can develop Hyman says The psychology is common not psychic **Strange But True** Hulick Kathryn,2019-10 Prepare to have your mind blown As you explore ten of the world s greatest unsolved mysteries you ll witness a UFO encounter search for the lost city of Atlantis tour a haunted house and discover the kraken s true form Learn how sightings of flying saucers and stories of alien abductions can be explained by sleep paralysis false memories and hypnosis Find out what pareidolia is and how this psychological phenomenon may explain some ghost sightings Explore possible real locations for the lost city of Atlantis Beautiful haunting illustrations set the mood and spark the imagination Along the way you ll use the scientific method and sharp thinking to separate fact from fiction and explain the unexplainable Discover the fascinating truth surrounding these mysteries and legends Alien abductions including the Roswell incident Psychics Mysterious disappearances including plane MH370 Zombies Ancient aliens including the Nazca Lines Curses including King Tut s tomb Monsters of the Deep including Nessie the Loch Ness monster The search for Atlantis Ghosts and haunted mansions Bigfoot The perfect gift for students of the paranormal aspiring mythbusters or anyone with a curious mind this book will fascinate and shock in equal measure *London's Strangest: The Thames* Iain

books booklets articles and ephemeral material and offers a comprehensive list of both primary and secondary materials related to channeling the bibliography takes the most diverse and useful sources of the time This volume although published almost 30 years ago still provides a unique and insightful collection for academics of religion in particular those researching spiritualism and the occult

Mysterious Minds Stanley Krippner, Harris L. Friedman, 2009-11-12 An introduction to the scientific study of psychics and mediums those who are frauds those who are psychotic and those whose claims seem to defy easy dismissal Welcome to the world of Mysterious Minds The Neurobiology of Psychics Mediums and Other Extraordinary People Here experts in the emerging field of neurobiological study make the case that while many claims of psychic ability are easily proven false there may well be claimants who can obtain information in ways not easily explained by mainstream science and there might be scientific tools and approaches available to confirm those experiences Written by an expert team of distinguished investigators from a half dozen countries around the world Mysterious Minds introduces readers to the current state of research into parapsychological experiences emphasizing the neurobiological data obtained by those who claim to be psychics or mediums It offers specific examples of paranormal claims of extraordinary people claims scrutinized through the use of high tech brain imaging clinical neurological examinations and psychotropic drugs The book concludes by proposing a series of models based on fundamental neurobiology psychology and quantum physics that could help us unravel these mental mysteries

The Stargate Conspiracy Lynn Picknett, 2001-09-01 In recent years alternative historians have gained remarkable insight into the mysteries of ancient Egypt but according to Lynn Picknett and Clive Prince their discoveries tie into a dangerous conspiracy nearly fifty years in the making At the center of this conspiracy is a group of respected powerful individuals who believe that the ancient Egyptian gods are really extraterrestrials who will soon return to earth The conspirators have intimate and exclusive knowledge of this momentous second coming but they insist on keeping it to themselves What could be the purpose of such a conspiracy Why are the conspirators so desperate to keep their information a secret And what does it mean for mankind In this riveting well researched book Picknett and Price offer compelling evidence that the conspiracy exists and expose the insidious motivations of the individuals and organizations behind it

The Men Who Stare at Goats Jon Ronson, 2011-06-28 Now a major film starring George Clooney Ewan McGregor and Jeff Bridges this New York Times bestseller is a disturbing and often hilarious look at the US military's long flirtation with the paranormal and the psy op soldiers that are still fighting the battle Bizarre military history In 1979 a crack commando unit was established by the most gifted minds within the US Army Defying all known laws of physics and accepted military practice they believed that a soldier could adopt the cloak of invisibility pass cleanly through walls and perhaps most chillingly kill goats just by staring at them They were the First Earth Battalion entrusted with defending America from all known adversaries And they really weren't joking What's more they're back and they're fighting the War on Terror An uproarious exploration of American military paranoia With investigations ranging from the mysterious Goat Lab to Uri Geller

s covert psychic work with the CIA to the increasingly bizarre role played by a succession of US presidents this might just be the funniest most unsettling book you will ever read if only because it is all true and is still happening today
