18 Long Lived Communities around the World Martin K. Ettington, This book is about communities and cities around the world where people live to very old ages It is divided into two groups Those communities who have the longest lived peoples in the world Lots of lifestyle and diet data is included for them The second group are another set of communities which have high average ages which people live to but are not quite the outliers that the first group is I've also tried to provide some general lifestyle and diet guidelines to give an idea of why these places are different for longevity purposes The first four communities were also profiled in my book *Diets and Lifestyles of the World's Oldest Peoples* 32 Longevity Recipes which goes into lot of details about these four locations including traditional recipes Overall I think you will get a better idea of what the reasons are why people live a long time in these locations around the world which may give you ideas about adapting your lifestyle and diets to have maximum longevity

A Stranger's Journey David Mura, 2018-08-01 Long recognized as a master teacher at writing programs like VONA the Loft and the Stonecoast MFA with *A Stranger's Journey* David Mura has written a book on creative writing that addresses our increasingly diverse American literature Mura argues for a more inclusive and expansive definition of craft particularly in relationship to race even as he elucidates timeless rules of narrative construction in fiction and memoir His essays offer technique focused readings of writers such as James Baldwin ZZ Packer Maxine Hong Kingston Mary Karr and Garrett Hongo while making compelling connections to Mura's own life and work as a Japanese American writer In *A Stranger's Journey* Mura poses two central questions The first involves identity How is writing an exploration of who one is and one's place in the world Mura examines how the myriad identities in our changing contemporary canon have led to new challenges regarding both craft and pedagogy Here like Toni Morrison's *Playing in the Dark* or Jeff Chang's *Who We Be* *A Stranger's Journey* breaks new ground

in our understanding of the relationship between the issues of race literature and culture The book's second central question involves structure How does one tell a story Mura provides clear insightful narrative tools that any writer may use taking in techniques from fiction screenplays playwriting and myth Through this process Mura candidly explores the newly evolved aesthetic principles of memoir and how questions of identity occupy a central place in contemporary memoir Depending on Strangers David P Levine, 2021-03-01 We live in a world where our livelihood depends on our ability to relate to strangers The central quality that defines strangers is that they are unknown Because strangers are unknown they represent in the world outside the unknown self within The unknown self is the core of the personality considered as a potential to become something yet to be determined To be already known is to be determined prior to and independently of our presence in our lives At the outset of the process of taking form the individual is in a sense a stranger to self and to others The more this is the case the greater the openness of the process of self formation and the more marked the role of freedom from predetermination in that process Freedom from predetermination exists along three dimensions the free movement of thoughts and ideas or inner freedom the freedom to relate which is also the freedom not to relate and freedom in relating which is the possibility of maintaining secure self boundaries in relations with others In exploring freedom understood in this way Professor Levine considers such topics as the nature of inner freedom and its relationship to deliberation and choice stranger anxiety and its connection to group dynamics and social connection the internal factors that enable us to make the decisions that shape our lives and through our actions realize the ends embedded in our decisions how our memories shape our thought processes and therefore the choices we make and the lives we lead that result from them what makes it possible for us to live comfortably with and depend on people we do not know concern for the welfare of strangers and how our welfare can be secure in a world where we do not care about others and they do not care about us **No Strangers Here** Judy Chin Chan, 2017-10-13 Churches are traditionally among the first to respond to the call to aid strangers in distress In this age of globalization one group of strangers in particular asylum seekers and refugees is in urgent need of welcome as they flee their homelands in search of safety This same group however faces hostility and rejection in many places What should be the church's response This book argues that Christian hospitality offers a powerful theological and pastoral response to such vulnerable strangers in our midst For that to happen the church must answer two questions What is Christian hospitality and How do we put it into practice with refugees and asylum seekers Part One answers the first question with a cross disciplinary study of sacred hospitality in both ancient and modern times Part Two tackles the second with a fascinating case study of the church's outreach to refugees and asylum seekers in an international Chinese city As communities worldwide receive refugees and asylum seekers this book offers Christian hospitality and the Hong Kong experience as one hopeful response to needy strangers at our doorstep It is a welcome theological and practical resource for refugee ministry in the twenty first century World's Great Detective Stories ,1928 **The Authentic Life** Dale A.

Johnson,2013-01-21 I believe it takes a lifetime to learn how to be an authentic human being When we are young we think we know how to live The bruises and battles of life condition us to eventually realize that we are not yet wise We look at the young as did Plato and shake our heads Somehow in the midst of growing up and maturing we begin to develop an inner wisdom unless we throw away the lessons we learn along the way It is a perilous journey In a sense every one of us is on a Hero s Journey seeking to find ourselves our origins and our purpose **Rotting in a Stranger's World** Ben

Brykczynski,2022-04-02 As the world comes to an end a new society rises from its ashes A Stranger gathers survivors into a new sanctuary hidden away in the mountains Built on a foundation of community and collaboration the Stranger stokes the fire of paranoia as he turns the new society ever more towards the worship of an ancient deity Shifting Stories Sarah M. Allen,2020-10-26 Shifting Stories explores the tale literature of eighth and ninth century China to show how the written tales we have today grew out of a fluid culture of hearsay that circulated within elite society Sarah M Allen focuses on two main types of tales those based in gossip about recognizable public figures and those developed out of lore concerning the occult She demonstrates how writers borrowed and adapted stories and plots already in circulation and how they transformed them in some instances into unique and artfully wrought tales For most readers of that era tales remained open texts subject to revision by many hands over the course of transmission unconstrained by considerations of textual integrity or authorship Only in the mid to late ninth century did some readers and editors come to see the particular wording and authorship of a tale as important a shift that ultimately led to the formation of the Tang tale canon as it is envisioned today *A Teachable Spirit* A. J. Swoboda,2025-04-29 Being a know it all isn t a fruit of the Spirit But the ancient call of Jesus beckons us to love the Lord your God with all your heart mind soul and strength Matt 22 37 How do we love God with our mind In *A Teachable Spirit* A J Swoboda helps followers of Jesus develop the discipline of teachability In a world marked by distraction mind numbing entertainment endless content polarization and a decreasing desire to humbly learn from those we dislike the way we engage sources of information like news media science and social media content could not be more important Thankfully the Christian faith provides sharp tools and rich traditions for learning how to be the best learners By drawing on his experiences as a professor theologian and lay pastor Swoboda explores the potency of seeing learning as a part of one s spiritual formation to Jesus With the right posture Christians can learn from even the most unexpected places **Tokyo**

Tales: A stranger in the Metropolis of 100 Villages Hermann Candahashi,2023-05-21 A personal word from the Author As I reflect on the pages of Tokyo Tales Stories of Life in Japan s Bustling Metropolis I find myself immersed in a world of wonder a tapestry of stories that have touched my heart and left an indelible mark on my soul Through the captivating narratives and vivid descriptions I have been transported to the vibrant streets of Tokyo experiencing the city s essence through the eyes of its inhabitants Tokyo a city that breathes with a life of its own is a symphony of sights sounds and emotions It is a place where tradition dances hand in hand with innovation where the past intertwines with the present

creating a harmonious blend that is uniquely captivating In these stories I have witnessed the delicate balance between honoring age old customs and embracing the relentless tide of progress Tokyo is a city that embraces its rich cultural heritage while eagerly exploring the frontiers of the future The people who inhabit this bustling metropolis are the heart and soul of its enchantment Their dreams hopes and struggles reverberate through each tale creating a tapestry of humanity that is both universal and deeply personal From the stoic salaryman navigating the demands of corporate life to the artist seeking solace and inspiration in the city s hidden corners the characters in Tokyo Tales have taught me valuable lessons about resilience determination and the pursuit of one s passions In Tokyo I have discovered a place where contradictions coexist harmoniously Amidst the labyrinthine streets and towering skyscrapers there is a serenity that can be found in the simplicity of a traditional tea ceremony or the tranquility of a Japanese garden It is a city that celebrates the ephemeral beauty of cherry blossoms in spring and the vibrant colors of autumn leaves reminding us of the transient nature of life itself Yet Tokyo is also a city that pulses with the energy of modernity Its neon lit streets crowded intersections and technological marvels create a sensory overload that is both exhilarating and awe inspiring In these tales I have marveled at the fusion of ancient traditions with cutting edge advancements where futuristic architecture rises alongside centuries old temples and where the virtual world seamlessly merges with reality Beyond the physical landscape Tokyo is a city of connections It is a place where strangers become friends where a shared smile or a moment of kindness transcends language and cultural barriers In the stories of Tokyo Tales I have experienced the warmth and hospitality of Tokyoites their willingness to embrace diversity and welcome outsiders into their vibrant community Tokyo has taught me the value of human connection the power of empathy and the beauty of forging bonds that transcend borders As I reach the final pages of this literary journey I carry with me the memories of Tokyo s tales the sights the sounds and the emotions that have enveloped me throughout this remarkable adventure The stories have not only provided a glimpse into the lives of Tokyo s inhabitants but have also invited me to reflect on my own journey my own dreams and the power of embracing the unknown Stranger Magic Marina

Anishinaabe Ways of Knowing and Being Lawrence W. Gross,2016-04-15 Very few studies have examined the worldview of the Anishinaabeg from within the culture itself and none have explored the Anishinaabe worldview in relation to their efforts to maintain their culture in the present day world This book fills that gap Focusing mainly on the Minnesota Anishinaabeg Lawrence Gross explores how their worldview works to create a holistic way of living However as Gross also argues the Anishinaabeg saw the end of their world early in the 20th century and experienced what he calls postapocalypse stress syndrome As such the book further explores how the values engendered by the worldview of the Anishinaabeg are
