**Alternative Military Strategies For The Future** Keith A. Dunn, 2019-03-04 In this volume prominent civilian and military experts in defense representing the maritime continental coalition military reform and noninterventionist schools of thought outline the changes in military strategy policy and force structure that they believe the United States must adopt if it is to cope successfully with threats to national security in the 1980s and 1990s The authors analyze US interests and objectives the changing strategic environment and the major security threats facing the United States in the coming decades They also discuss what they believe is the proper mix of political economic and military instruments for dealing with fixture threats The alternative strategies they present are wide ranging and comprehensive running the gamut from a strategic withdrawal from global commitments to proposals for increasing US power projection and forcible entry capabilities in the Third World In many ways the chapters are critical of current and past approaches to military strategy The authors believe it is essential that strategists understand the existing critiques of current U S military strategy in order to make the correct policy decisions for the future

*The Soviet View of U.S. Strategic Doctrine* Jonathan Samuel Lockwood, 1983-01-01 Soviet perceptions of American strategic doctrine have influenced then use of military power in foreign policy An understanding of how those perceptions are being derived at and of their specific contents is therefore essential to any reflection on direction that American defense policy should take Particularly in the field of arms control and disarmament Soviet perceptions carry severe implications for U S proposals as well as general behavior Lockwood bases his examination on Soviet sources such as newspapers periodicals radio broadcasts and books He establishes that Soviet analysts tend to project their own notions of clear strategy onto U S doctrine and intentions Starting from the premise that the Soviets mean what they say Lockwood is able to give a historical account of Soviet perceptions starting from massive retaliation up to and including Presidential Directive 59 In his final chapter the author gives possible policy strategies to successfully counteract the Soviet military policy

**Alternative Conventional Defense Postures In The European Theater** Hans G. Brauch, Robert F. Jr. Kennedy, 2018-10-24 First published in 1993 This volume edited jointly by the American strategic expert

Robert Kennedy and the German peace researcher Hans Giinter Brauch takes up conceptual ideas developed by Horst Afheldt and Carl Friedrich von Weizsacker as well as others on both sides of the Atlantic since the 1960s Our aim has been to contribute to the development of concepts that would reduce the danger of a third world war by the creation of more stable structures in the context of a defensively oriented conventional defense posture In this volume a variety of alternative approaches to European conventional defense driven for the most part by similar strategic considerations are presented by German and American experts to a larger international audience

**Alternative Conventional Defense Postures in the European Theater: The impact of political change on strategy, technology, and arms control** Hans Günter Brauch, Robert Kennedy, 1990 This volume examines NATO strategy and force posture alternatives in the light of changes that have taken place and which are taking place in Europe today The authors offer their views on the nature of political change changing military doctrines and changes in technology NATO s future role in the new Europe which is beginning to emerge in the post Cold War period is analyzed

Strategic Studies and Public Policy Colin S. Gray, 2014-07-15 Strategic studies as a field of civilian scholarship has developed along distinctive lines in the United States since World War II The rapid proliferation and increasing sophistication of weapons technology have required constant revision of strategic theory while the shifting political climate both internationally and in the United States has had an equally powerful impact One of the field's leading theorists now examines the history and development of American strategic studies the varied roles assumed by civilian strategists and their relationship with those charged with developing and carrying out American military and diplomatic policy This provocative book clearly demonstrates the importance of a sound strategic theory if America is to survive in an age of high arms technology and increased world tensions

**The Nixon Doctrine and Military Strategy**, 1971 Japan's Economic Power and Security Christopher W. Hughes, 2013-01-11 Is Japan re-emerging as a normal or even a great military power in regional and global security affairs This Adelphi Paper assesses the overall trajectory of Japan's security policy over the last decade and the impact of a changing Japanese military posture on the stability of East Asia The paper examines Japan's evolving security debate set against the background of a shifting international environment and domestic policymaking system the status of Japan's national military capabilities and constitutional prohibitions post Cold War developments in the US Japan alliance and Japan's role in multilateral regional security dialogue UN PKO and US led coalitions of the willing It concludes that Japan is undoubtedly moving along the trajectory of becoming a more assertive military power and that this trend has been accelerated post 9/11 Japan is unlikely though to channel its military power through greatly different frameworks than at present Japan will opt for the enhanced and probably inextricable integration of its military capabilities into the US Japan alliance rather than pursuing options for greater autonomy or multilateralism Japan's strengthened role as the defensive shield for the offensive sword of US power projection will only serve to bolster US military hegemony in East Asia and globally

**Understanding the Bush Doctrine** Stanley A. Renshon, Peter Suedfeld, 2013-05-13 In this volume leading scholars of US foreign policy international relations and political psychology examine one of the most consequential and controversial statements of national security policy in contemporary American history Unlike other books which focus only on unilateralism or preventive war Stanley A Renshon and Peter Suedfeld

provide a comprehensive framework with which to analyze the Bush Doctrine by identifying five central and interrelated elements of the doctrine American pre eminence assertive realism equivocal alliances selective multilateralism democratic transformation Given its centrality to American national security and the fact that the effects of it are likely to be felt well into the twenty first century Understanding the Bush Doctrine provides a critically balanced and pointed assessment of the Bush Doctrine and its premises as well as a fair appraisal of its implications and prospects Alternative Security Burns H Weston,2019-06-03 Alternative Security offers the thinking person a place to begin to kick the nuclear habit Even as it accepts the premise that war is endemic to the human condition it provides reassurance that an other than nuclear deterrence policy can work to effectively safeguard national and transnational interests These eight original essays acco

**On Geopolitics: Classical and Nuclear** **Ciro E. Zoppo**,Charles Zorgbibe,2012-12-06 At the outset of the 1980 s NATO decided to extend the scien tific program of its Scientific Affairs Division to include the social sciences Strategic and international studies were in cluded within this domain with the express purpose of facilitating communication among experts and research centers in member coun tries as well as in the Organization itself on these important topics This study is the result of the first Advanced Research Workshop on a subject of international relations It focuses on the historical and theoretical aspects of geopolitics because they must necessarily precede studies of policy application This was the intent of the organizers of the Workshop as well as of the sponsoring institution The choice of the topic was ours Conclusions were drawn according to our own judgments being totally unfettered by any guidance from NATO officials Consequently the views and conclu sions presented in this work do not represent any NATO policy other than the encouragement of research in political freedom by free scholars to strengthen freedom everywhere We speak for all participants in the Workshop when we voice our appreciation for the financial and organizational support extended us by the Scientific Affairs Division and the Information Directorate **Defense Management Journal** ,1981
