Systematic Thought Of Von Balthasar An Irenaean Retrieval:

The Systematic Thought of Hans Urs Von Balthasar Kevin Mongrain, 2002 Is there a single driving force unifying the diverse writings of Hans Urs von Balthasar Kevin Mongrain points to von Balthasar's retrieval of Irenaeus of Lyons In Irenaeus von Balthasar found inspiration for a genuinely Christian theology that resists the recurring danger of gnosticism while honoring the Mystery of God

The Achievement of Hans Urs von Balthasar Levering, 2019 In *The Achievement of Hans Urs von Balthasar* Matthew Levering has written a book for theologically educated readers who mistrust von Balthasar or who mistrust von Balthasar's critics The book shows that von Balthasar's critics can and should benefit both from the rich and wide ranging conversations that mark his trilogy and from the critical and constructive engagement with German philosophical modernity offered by the trilogy In addition Levering hopes to show that those who mistrust von Balthasar's critics need to be more Balthasarian in their response to criticisms of the Swiss theologian

The Cambridge Companion to Hans Urs von Balthasar Edward T. Oakes, S. J., David Moss, 2004-08-05 Hans Urs von Balthasar 1905-1988 is one of the most prolific creative and wide ranging theologians of the twentieth century who is just now coming to prominence But because of his own daring speculations about the meaning of Christ's descent into hell after the crucifixion about the uniqueness of Christ as savior of a pluralistic world and because he draws so many of his resources for his theology from literature drama and philosophy Balthasar has never been an easily categorized theologian He is neither liberal nor conservative neither Thomist nor modernist and he seems to elude all attempts to capture the exact way he creatively reinterprets the tradition of Christian thought For that reason this Companion is singularly welcome bringing together a wide range of theologians both to outline and to assess the work of someone whom history will surely rank someday with Origen John Calvin and Karl Barth

Balthasar: A Guide for the Perplexed Rodney Howsare, 2009-08-30 A concise and helpful guide for students grappling with the main principles of Balthasar's thought

Von Balthasar & the Option for the Poor Todd Walatka, 2017 Hans Urs von Balthasar's vast corpus of theological philosophical literary and pastoral writings remains one of the most impressive achievements in 20th century thought In light of liberation theology and now the papacy of Francis however a theological affirmation of the option for the poor remains dangerously weak in Balthasar's corpus Von Balthasar and the Option for the Poor offers a sympathetic reforming of Balthasar's account of the drama of salvation what he calls theodramatics in response to this weakness

The Trinitarian Theology of Hans Urs von Balthasar Brendan McInerney, 2020-04-30 Although scholarship has long recognized the centrality of the Trinity in the theology of Hans Urs von Balthasar no sustained treatment of this theme has been published until now In this insightful new book *The Trinitarian Theology of Hans Urs von Balthasar* Brendan McInerney fills this gap situating Balthasar's trinitarian theology in conversation with both the wider Christian theological tradition and his non-Christian intellectual contemporaries Drawing from across Balthasar's extensive body of works McInerney argues that Balthasar's vivid description of the immanent Trinity provides a

way to speak of how God is love in himself beyond his relationship to creatures He then shows how Balthasar's speculation into the immanent Trinity serves as the substructure of his theology of deification For Balthasar what we say about the inner life of God matters because we are called to share in that very life through Christ and the Holy Spirit to the glory of God the Father Finally responding to the criticisms that Balthasar's speculations into the inner life of God are without warrant McInerney argues that Balthasar's bold trinitarian claims are actually a vehicle for apophatic theology Balthasar's vivid description of the triune God does not transgress the boundaries of theological discourse Rather it manifests God's ever greater incomprehensibility through verbal excess oxymoron and paradox *Hans Urs von Balthasar and the Question of Tragedy in the Novels of Thomas Hardy* Kevin Taylor, 2013-09-26 What role do novels drama and tragedy play within Christian thought and living The twentieth century Catholic theologian Hans Urs von Balthasar addressed these questions using tragic drama For him Christ was the true tragic hero of the world who exceeded all tragic literature and experience Balthasar demonstrated how ancient pre Christian tragedy and Renaissance works contained important Christian concepts but he critiqued modern novels as failing to be either truly tragic or Christian By examining the tragic novels of Thomas Hardy on their own terms we have an important counterpoint to Balthasar's argument that the novel is too prosaic for theological reflection Hardy's novels are an apt pairing for examination and critique as they are both classically and biblically influenced as well as contemporary The larger implication for Balthasar's theology is that his innovations in theological aesthetics and tragedy must be expanded in the light of modernity and the tragic novel **Balthasar and Prayer** Travis LaCouter, 2021-12-02 This study renders an original and constructive Catholic theology of prayer drawing on the work of Hans Urs von Balthasar 1905-1988 Travis LaCouter explores the trinitarian Christological ecclesial anthropological and eschatological dimensions of prayer in Balthasar's theology and shows how these combine to give a powerful account of prayer's proper theological scope and purpose There is also a critical dimension of prayer which is arguably underdeveloped in some of Balthasar's key texts but which LaCouter shows to have significant dialogical potential with contemporary accounts of parrhesia since Foucault This approach demonstrates the centrality of prayer to Balthasar's entire theological system and does so in a way which itself constitutes an exercise in Catholic systematics This study is also distinctive for establishing a method of proceeding through Balthasar's sprawling oeuvre and the similarly vast secondary literature by arguing for three categories of texts in Balthasar's writings and separately three waves of Balthasar readers Thus this study is a resource not just for those interested in prayer but for anyone interested in reading Balthasar today *Hans Urs von Balthasar's Theology of Representation* Jacob Lett, 2023-04-15 This penetrating study makes a case for the centrality of the concept of representation *Stellvertretung* in Hans Urs von Balthasar's theological project How is it possible for Christ to act in the place of humanity In Hans Urs von Balthasar's *Theology of Representation* Jacob Lett broaches this perplexing soteriological question and offers the first book length analysis of Balthasar's theology of representation *Stellvertretung* Lett

s study shows how Balthasar rehabilitates the category of representation by developing it in relationship to the central mysteries of the Christian faith concerned by the lack of metaphysical and theological foundations for understanding the question above Balthasar ultimately grounds representation in the trinitarian life of God making action in the place of the other central to divine and creaturely being Lett not only articulates the centrality of representation to Balthasar s theological project but also demonstrates that Balthasar s theology of representation has the potential to reshape discussions in the fields of soteriology Christology trinitarian theology anthropology and ecclesiology This work covers a wide range of themes in Balthasar s theology including placial and spatial metaphors a post Chalcedonian Christology of Christ s two wills and theories of drama This book is also a text of significant comparative range Lett considers Balthasar s key interlocutors Gregory of Nyssa Maximus Aquinas Przywara Ulrich Barth and expands this base to include voices beyond those typically found in Balthasarian scholarship including Dietrich Bonhoeffer and Dorothee S lle The overall result is a deeply probing presentation of one of Balthasar s most significant contributions to contemporary theology

“Grace Abounds More”: Balthasar’s Eschatological Universalism in Dialogue Joshua R. Brotherton, 2023-12-04 The problem of eternal damnation is one that should trouble all believers and impels many to seek answers to fundamental questions outside of the Church For this reason theologians with a missionary heart of the last century or more from across the ecclesial spectrum have sought to refashion the gospel in our own estranged image In dialogue with one of the leading figures of this movement Joshua Brotherton tackles the question of the plausibility that all will be saved Sympathetic to their cause this volume seeks to revise the way in which they envision the reconciliation of divine love and moral evil
