Marian Moser Jones

T R The Last Romantic Part 2 Of 2:

Alexander Hamilton and the Persistence of Myth Stephen F. Knott, 2002-02-15 Alexander Hamilton and the Persistence of Myth explores the shifting reputation of our most controversial founding father Since the day Aaron Burr fired his fatal shot Americans have tried to come to grips with Alexander Hamilton's legacy Stephen Knott surveys the Hamilton image in the minds of American statesmen scholars literary figures and the media explaining why Americans are content to live in a Hamiltonian nation but reluctant to embrace the man himself Knott observes that Thomas Jefferson and his followers and later Andrew Jackson and his adherents tended to view Hamilton and his principles as un-American While his policies generated mistrust in the South and the West where he is still seen as the founding plutocrat Hamilton was revered in New England and parts of the Mid Atlantic states Hamilton's image as a champion of American nationalism caused his reputation to soar during the Civil War at least in the North However in the wake of Gilded Age excesses progressive and populist political leaders branded Hamilton as the patron saint of Wall Street and his reputation began to disintegrate Hamilton's status reached its nadir during the New Deal Knott argues when Franklin Roosevelt portrayed him as the personification of Dickensian cold heartedness When FDR erected the beautiful Tidal Basin monument to Thomas Jefferson and thereby elevated the Sage of Monticello into the American Pantheon Hamilton as Jefferson's nemesis fell into disrepute He came to epitomize the forces of reaction contemptuous of the great beast the American people In showing how the prevailing negative assessment misrepresents the man and his deeds Knott argues for reconsideration of Hamiltonianism which rightly understood has much to offer the American polity of the twenty first century Remarkably at the dawn of the new millennium the nation began to see Hamilton in a different light Hamilton's story was now the embodiment of the American dream an impoverished immigrant who came to the United States and laid the economic and political foundation that paved the way for America's superpower status Here in Stephen Knott's insightful study Hamilton finally gets his due as a highly contested but powerful and positive presence in American national life

Age of Iron Colin Dueck, 2019-09-23 In his latest book Age of Iron Colin Dueck explores the past present and future of Republican foreign policy nationalism He argues that American conservatives and Republican presidents from Theodore Roosevelt onward have always struck balances between nationalist and internationalist impulses Dueck offers an assessment of the Trump administration's foreign policy including analysis of populist conservative political trends Finally he offers recommendations for current US national security policy based upon the recognition that the post Cold War Wilsonian moment is over

Darwin in Atlantic Cultures Jeannette Eileen Jones, Patrick B. Sharp, 2010-06-21 This collection is an interdisciplinary edited volume that examines the circulation of Darwinian ideas in the Atlantic space as they impacted systems of Western thought and culture Specifically the book explores the influence of the principle tenets of Darwinism such as the theory of evolution the ape man theory of human origins and the principle of sexual selection on established transatlantic intellectual traditions and cultural practices In doing so it pays

particular attention to how Darwinism reconfigured discourses on race gender and sexuality in a transnational context Covering the period from the publication of *The Origin of Species* 1859 to 1933 when the Nazis National Socialist Party took power in Germany the essays demonstrate the dissemination of Darwinian thought in the Western world in an unprecedented commerce of ideas not seen since the Protestant Reformation Learned societies literary groups lyceums and churches among other sites for public discourse sponsored lectures on the implications of Darwin s theory of evolution for understanding the very ontological codes by which individuals ordered and made sense of their lives Collectively these gatherings reflected and constituted what the contributing scholars to this volume view as the discursive power of the cultural politics of Darwinism

Bully Boy Jim Powell,2006-08-08 What Hath TR Wrought I don t think that any harm comes from the concentration of power in one man s hands Theodore Roosevelt The notion that Theodore Roosevelt was one of America s greatest presidents is literally carved in stone right up there on Mount Rushmore But as historian Jim Powell shows in the refreshingly original *Bully Boy* Roosevelt s toothy grin outsized personality colossal energy and fascinating life story have obscured what he actually did as president And what Roosevelt did severely damaged the United States Until now no historian has thoroughly rebutted the adulation so widely accorded to TR Powell digs beneath the surface to expose the harm Roosevelt did to the country in his own era More important he examines the lasting consequences of Roosevelt s actions the legacies of big government expanded presidential power and foreign interventionism that plague us today *Bully Boy* reveals How Roosevelt the celebrated trust buster actually promoted monopolies How this self proclaimed champion of conservation caused untold environmental destruction How TR expanded presidential power and brought us big government How he heralded in the era of government regulation handicapping employers destroying jobs and harming consumers How he established the dangerous precedent of pushing America into other people s wars even when our own national interests aren t at stake How this crusader for pure food launched loony campaigns against margarine corn syrup and Coca Cola How Roosevelt inspired the campaign to enact a federal income tax that was supposedly a tax on the rich but became a people s tax *Bully Boy* is both a groundbreaking look at a pivotal time in America s history and a powerful explanation of how so many of our modern troubles began

The Presidents and the Constitution Ken Gormley,2016-05-10 Shines new light on America s brilliant constitutional and presidential history from George Washington to Barack Obama In this sweepingly ambitious volume the nation s foremost experts on the American presidency and the U S Constitution join together to tell the intertwined stories of how each American president has confronted and shaped the Constitution Each occupant of the office the first president to the forty fourth has contributed to the story of the Constitution through the decisions he made and the actions he took as the nation s chief executive By examining presidential history through the lens of constitutional conflicts and challenges *The Presidents and the Constitution* offers a fresh perspective on how the Constitution has evolved in the hands of individual presidents It delves into key moments in American history from Washington s early battles with Congress to the advent of the

national security presidency under George W Bush and Barack Obama to reveal the dramatic historical forces that drove these presidents to action Historians and legal experts including Richard Ellis Gary Hart Stanley Kutler and Kenneth Starr bring the Constitution to life and show how the awesome powers of the American presidency have been shaped by the men who were granted them The book brings to the fore the overarching constitutional themes that span this country's history and ties together presidencies in a way never before accomplished **The American Red Cross** Marian Moser

Jones, 2021-04-27 The iconic relief organization's activities over a half century of history through wars epidemics and other disasters Well researched fascinating Julia F Irwin Bulletin of the History of Medicine In dark skirts and bloodied boots Clara Barton fearlessly ventured onto Civil War battlefields to tend to wounded soldiers She later worked with civilians in Europe during the Franco Prussian War lobbied legislators to ratify the Geneva conventions and founded and ran the American Red Cross The American Red Cross from Clara Barton to the New Deal tells the story of the charitable organization from its start in 1881 through its humanitarian aid during wars natural disasters and the Depression to its relief efforts of the 1930s Marian Moser Jones illustrates the tension between the organization's founding principles of humanity and neutrality and the political economic and moral pressures that sometimes caused it to favor one group at the expense of another This book tells the stories of U S natural disasters such as the Jacksonville yellow fever epidemic of 1888 the Sea Islands hurricane of 1893 and the 1906 San Francisco earthquake crises abroad including the 1892 Russian famine and the Armenian massacres of 1895-96 efforts to help civilians affected by the civil war in Cuba power struggles within the American Red Cross leadership and subsequent alliances with the American government the organization's expansion during World War I race riots and massacres in East St Louis Chicago and Tulsa between 1917 and 1921 help for African American and white Southerners after the Mississippi flood of 1927 relief projects during the Dust Bowl and after the New Deal An epilogue relates the history of the American Red Cross since the beginning of World War II and illuminates the organization's current practices and international reputation *Charging Up San Juan Hill* John R. Van Atta, 2018-08 This book recounts the 1898 charge up San Juan Hill during the Spanish American War under the command of 39 year old Colonel Theodore Roosevelt Describing the battle's background and its ramifications for Roosevelt both personal and political the author explains how Roosevelt's wartime experience prompted him to champion American involvement in world affairs Tracking Roosevelt's rise to the presidency this book argues that the global expansion of American influence indeed the building of an empire outward from a strengthened core of shared values at home connected to the broader question of cultural sustainability as much as it did to the increasing of trade political power and military might **The Presidents and the Constitution, Volume One** Ken Gormley, 2020-03-24 Shines a light on the constitutional issues that confronted and shaped each presidency from George Washington to the Progressive Era Drawing from the monumental *The Presidents and the Constitution A Living History* published in 2016 the nation's foremost experts in the American presidency and the US Constitution join together to tell the

intertwined stories of how the first twenty seven distinctive American presidents have confronted and shaped the Constitution and thus defined the most powerful office in human history From George Washington to William Howard Taft The Presidents and the Constitution Volume 1 illuminates the evolving American presidency in a unique way through the lens of the Constitution itself Arranged chronologically by president the book examines the constitutional issues confronting each president in the context of the personalities driving historical events The contributors illustrate the extensive powers of the American presidency in domestic and foreign affairs showing how they have been used by the men who were granted them and brings to light the overarching constitutional themes that span this country s history and tie each presidency to the other branches of government

Remaking the Presidency Peri E. Arnold, 2009-09-03 In a period of American history marked by congressional primacy presidential passivity and hostility to governmental action Theodore Roosevelt and Woodrow Wilson became iconic presidents through activist leadership Peri Arnold a leading presidential scholar goes beyond the biographers to explain what really set Roosevelt apart from his predecessor William McKinley how Wilson differed from his successor Warren G Harding and how we might better understand the forgettable William Howard Taft in between This is the first comparative study of the three Progressive Era presidents examining the context in which they served the evolving institutional role of the presidency and the personal characteristics of each man Arnold explains why Roosevelt and Wilson pursued activist roles how they gained the means for effective leadership in a role that had not previously supported it and how each of the three negotiated the choppy crosscurrents of changing institutions and politics with entirely different outcomes Arnold delineates the American political scene at the turn of the twentieth century one characterized by a weakening of party organizations the rise of interest groups and print media and increasing demands for reform He shows how the Progressive Era presidents marked a transition from the nineteenth century s checks and balances to the twentieth s expansive presidential role even though demands for executive leadership were at odds with the presidency s means to take independent action Each of these presidents was uniquely challenged to experiment with the office s new potential for political independence from party and Congress and Arnold explains how each had to justify their authority for such experimentation He also shows how their actions were reflected in specific policy case studies the Northern Trust and naval modernization under Roosevelt tariff reform and the Pinchot Ballinger debate over conservation under Taft and the Federal Reserve and Federal Trade Commission under Wilson Ultimately Arnold shows how the period s ferment affected both the presidency and its incumbents and how they in turn affected progressive politics More important he helps us better understand two presidents who continue to inspire politicians of differing stripes and relates their leadership styles to the modern development of the presidency

The Cowboy President Michael F. Blake, 2018-03-01 The Cowboy President How the American West Transformed Theodore Roosevelt details how his time spent in the Western Dakota Territory helped him recover from an overwhelming personal loss but more importantly how it transformed him into the man etched onto Mount

Roosevelt a man who is still rated as one of the top five Presidents in American history Unlike other Roosevelt biographies The Cowboy President details how the land the people and the Western code of honor had an enormous impact on Theodore and how this experience influenced him in his later years

Eventually, you will totally discover a supplementary experience and talent by spending more cash. nevertheless when? realize you bow to that you require to get those all needs gone having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will lead you to comprehend even more on the order of the globe, experience, some places, in imitation of history, amusement, and a lot more?

It is your agreed own grow old to comport yourself reviewing habit. in the middle of guides you could enjoy now is **T R The Last Romantic Part 2 Of 2** below.
