Table Of The Grail The Magic Of Independence:

The Quest ,1995 **Tables of the Grail** Neil Dunfield,1994 **The Independent** ,1904 **The Round Table** ,1929

King Arthur Tony Sullivan,2020-04-30 An investigation of the evidence for King Arthur based on the earliest written sources rather than later myths and legends This book differs from the usual Arthur theories in that it favors no particular conjecture simply analyses and clarifies the evidence presenting it all in chronological order Starting from Roman Britain the evidence shows how the legend evolved and at what point concepts such as Camelot Excalibur and Merlin were added It covers the historical records from the end of Roman Britain using contemporary sources such as they are from 400 800 including Gallic Chronicles Gildas and Bede It details the first written reference to Arthur in the Historia Brittonum c 800 and the later Annales Cambriae in the tenth century showing the evolution of the legend in later Welsh and French stories While not starting from or aiming at a specific person the book compares the possibility of Arthur being purely fictional with a historical figure alongside a list of possible suspects The evidence is presented and the reader is invited to make up their own mind before a discussion of the author s own assessment What impressed me about this book is Sullivan s passion for this subject and his willingness to go the extra mile to show both sides of the argument It was extremely fascinating to see how he treated this book like a criminal investigation using different fields of study to figure out the origins of the legend how it evolved and whether or not there was a king named Arthur Adventures of a Tudor Nerd **The Holy Grail** Richard Barber,2004-12-02 The Holy Grail is an image familiar to us all as an almost unattainable infinitely desirable goal The idea has passed into everyday speech and the legends behind it are as current in today s culture as they have ever been And yet the Grail has no real religious meaning and is nowhere mentioned in the Bible What is the truth behind this elusive symbol Here Barber traces the history of the stories surrounding the Holy Grail He describes how through a long series of imaginative transformations the grail has moved from the sphere of romance to religion and in twentieth century popular culture has become an emblem of mysticism and man s highest aspirations intimately linked with the central ritual of the Christian faith The search for the grail has always been described as a quest in this book Barber goes on his own quest brilliantly exploring the richness of the Holy Grail s cultural impact Barber traces the history of legends surrounding the Holy Grail from Chretien de Troyes great romances to the popular bestsellers of the late twentieth century **The Magic Circle** Katherine Neville,2015-07-21 A female scientist races to save the world using prophecies from before Christ s time in this thriller by the New York Times bestselling author of The Eight In the last week of Jesus s life the Emperor Augustus orders the purge of all prophecies that question his divine power Thus in the crater of a dormant volcano the books of the Sibylline oracle are sealed lost to the world until the nineteenth century when Clio a brilliant archaeologist discovers them The Sibyl s words remain as potent as ever having the ability to change the destiny of mankind But who will be bold enough to harness their power More than a century after their discovery some of the secret prophecies fall into the hands of nuclear scientist

Ariel Behn when her beloved cousin is assassinated If Ariel can discover the mystery behind the prophecies she will be able to prevent a potentially worldwide catastrophe but in order to do so she must travel to Russia Vienna and Paris where too many people are desperate to protect the secrets of these ancient writings This ebook features an illustrated biography of Katherine Neville including rare images from her life and travels [Canadian Books in Print](#) ,1997 [Selected Poems](#)

Alfred Tennyson Baron Tennyson,1894 **Cinema Arthuriana** Kevin J. Harty,2015-05-07 The legends of King Arthur have not only endured for centuries but also flourished in constant retellings and new stories built around the central themes With the coming of motion pictures Arthur was destined to hit the screen This edition of Cinema Arthuriana revised in 2002 presents 20 essays on the topic of the recurring presence of the legend in film and television from 1904 to 2001 They cover such films as Excalibur 1981 and Monty Python and the Holy Grail 1975 television productions such as The Mists of Avalon 2001 and French and German films about the quest for the Holy Grail and the other adventures of King Arthur and the Knights of the Round Table
