Tackling Insurgency And Terrorism:

Tackling Insurgency and Terrorism Bhaskar Sarkar, 1998 In the Indian context **Routledge Handbook of Counterterrorism and Counterinsurgency in Africa** Usman A. Tar, 2021-01-28 This book illustrates how Africa's defence and security domains have been radically altered by drastic changes in world politics and local ramifications. First, the contributions of numerous authors highlight the transnational dimensions of counterterrorism and counterinsurgency in Africa and reveal the roles played by African states and regional organisations in the global war on terror. Second, the volume critically evaluates the emerging regional architectures of countering terrorism, insurgency and organised violence on the continent through the African Union Counterterrorism Framework, AU CTF and Regional Security Complexes (RSC). Third, the book sheds light on the counterterrorism and counterinsurgency (CT/COIN) structures and mechanisms established by specific African states to contain, degrade and eliminate terrorism, insurgency and organised violence on the continent, particularly the successes, constraints and challenges of the emerging CT/COIN mechanisms. Finally, the volume highlights the entry of non-state actors such as civil society, volunteer groups, private security companies and defence contractors into the theatre of counterterrorism and counterinsurgency in Africa through volunteerism, community support for state-led CT/COIN Operations and civil-military cooperation (CIMIC). This book will be of use to students and scholars of security studies, African studies, international relations and terrorism studies and to practitioners of development, defence, security and strategy.

Insurgency and Counter Insurgency: A Dangerous War of Nerves, 2013-07-15 This book is primarily an effort to study the phenomenon called insurgency that has been posing a huge challenge to the internal security of the country. Though a wealth of literature on the subject already exists, a need was felt to analyse the multiple facets of insurgency as no country, barring India, has witnessed this endemic for a prolonged period. The subject is so vast and dynamic that no strait-jacketed solution can be prescribed to curb this menace overnight. However, an attempt has been made to analyse this phenomenon and prescribe remedial antidotes. The author has attempted to capture the origin of insurgency, which dates back to a late 18th century, and study various causes and numerous factors that fuel it. In addition, he has also attempted to study the doctrines and strategies with special emphasis on both Islamic insurgency and other forms of uprisings in the country that continue to pose challenges to the Indian security environment. Owing allegiance to his uniform, the author has also attempted to bring out the role of air power in counterinsurgency operations. The penultimate chapter deals with shaping a viable counter-insurgency strategy and spells out the essential parameters, principles and pitfalls of such a strategy. The chapter also dwells on the political aim and the importance of a socio-economic turnabout to scale down insurgency. The use of calibrated force rather than brutal armed suppressive methods is advocated. Will insurgencies ever end? This lingering question is discussed in the final chapter, and certain essential strategies, both military and non-military, are spelt out, which would provide occasions and opportunities to forge a lasting solution to insurgency in India. *An Insider's Experience of*

Insurgency in India's North-East J. R. Mukherjee, 2007-05-01 Written with empathy and lucidity Mukherjee's book combines hard fact with sensitive insight in his approach to the region's landscape, people and history. The author analyses problems intrinsic to this enigmatic area offering viable solutions where possible.

Homeland Security and Terrorism in Nigeria Sheriff Folarin, Abiodun Raufu, Godwyns Agbude, 2024-10-15 As Nigeria grapples with critical homeland security challenges *Homeland Security and Terrorism in Nigeria* Crises, Climate Change and Counterterrorism analyzes these crises to deepen understanding of the Nigerian security dilemma and to seek pathways to a more secure homeland. This book examines the nature and dimensions of the security challenges focusing on terrorism and its stranglehold on Nigeria's peaceful existence. Leveraging a multi-disciplinary approach, this study combines a range of perspectives cutting across criminology, political science, sociology, history, international relations and strategic studies to dissect the subject and problem. Sheriff Folarin, Abiodun Raufu, Godwyns Agbude and the contributors explore the origins, dynamics and character of terrorism in Nigeria. They also examine the changing nature of Nigeria's security architecture as well as adaptive coping mechanisms and counterterror measures in the homeland. This book is a treasure for strategic and security analysts, Nigerian and African security governance scholars, political scientists and other students and scholars interested in researching Nigeria.

Dynamics of Global Terrorism Dr. Ashok Kuma, 2021-08-03 Book Summary This book on Dynamics of Global Terrorism covers the various aspects of global terrorism.
