Tainted Souls And Painted Faces:

Tainted Souls and Painted Faces Amanda Anderson, 2018-03-15 Amanda Anderson here reconsiders the familiar figure of the fallen woman within the context of mid Victorian debates over the nature of selfhood gender and agency **The Femme Fatale in Victorian Literature** Jennifer Hedgecock, 2008 examines the changing social and economic status of women from the 1860s through the 1880s and rejects the stereotypical mid Victorian femme fatale portrayed by conservative ideologues critiquing popular fiction by Wilkie Collins Mary Elizabeth Braddon Honore de Balzac and William Makepeace Thackeray In these book reviews the female protagonist is simply minimized to a dangerous woman Refuting this one dimensional characterization this book argues that the femme fatale comes to represent the real life struggles of the middle class Victorian woman who overcomes major adversities such as poverty abusive husbands abandonment single parenthood limited job opportunities the criminal underworld and Victorian society's harsh invective against her publisher description

Tainted Souls and Painted Faces Amanda Anderson, 1989 **Married, Middlebrow, and Militant** Teresa Mangum, 1998 Examines the life and work of this daring nineteenth century author and women's rights advocate

Walking the Victorian Streets Deborah Epstein Nord, 2018-09-05 Literary traditions of urban description in the nineteenth century revolve around the figure of the stroller a man who navigates and observes the city streets with impunity Whether the stroller appears as fictional character literary persona or the nameless omnipresent narrator of panoramic fiction he casts the woman of the streets in a distinctive role She functions at times as a double for the walker's marginal and alienated self and at others as connector and contaminant carrier of the literal and symbolic diseases of modern urban life In *Walking the Victorian Streets* Deborah Epstein Nord explores the way in which the female figure is used as a marker for social suffering poverty and contagion in texts by De Quincey Lamb Pierce Egan and Dickens What then of the female walker and urban chronicler While the male spectator enjoyed the ability to see without being seen the female stroller struggled to transcend her role as urban spectacle and her association with sexual transgression In novels nonfiction and poetry by Elizabeth Gaskell Flora Tristan Margaret Harkness Amy Levy Maud Pember Reeves Beatrice Webb Helen Bosanquet and others Nord locates the tensions felt by the female spectator conscious of herself as both observer and observed Finally *Walking the Victorian Streets* considers the legacy of urban rambling and the uses of incognito in twentieth century texts by George Orwell and Virginia Woolf *Fallenness in Victorian Women's Writing* Deborah Anna Logan, 1998 Logan's study is distinguished by its exclusive focus on women writers including Charlotte Bronte George Eliot Elizabeth Gaskell Harriet Martineau Elizabeth Barrett Browning Florence Nightingale Sarah Grand and Mary Prince Logan utilizes primary texts from these Victorian writers as well as contemporary critics such as Catherine Gallagher and Elaine Showalter to provide the background on social factors that contributed to the construction of fallen woman discourse **Inside the American Couple** Marilyn Yalom, Laura Carstensen, Estelle Freedman, Barbara Gulpi, 2023-11-15 One of the most fundamental human

urges is to form a pair Despite many tendencies that threaten traditional marriage and even make committed cohabitation problematic very few people live through adulthood without at least one lengthy relationship and up to ninety percent of Americans marry at least once in their lives This pioneering volume draws attention to issues that question the unspoken traditional practices underlying coupling in America In it some of today's most innovative feminist scholars consider the dramatic changes couples have experienced over the past fifty years such as the proliferation of divorce the increase in ethnically mixed relationships the preponderance of older couples and the new visibility of same sex unions Approaching their subject from a range of disciplines the authors explore the couple as an enduring paradigm for human relationships despite the changes in ideology and practice that couples have experienced over time The essays delve into such subjects as the historical roots of modern marriage the recent phenomenon of lesbian and gay commitment ceremonies the home as a workplace and a place of refuge and the stresses that turn a happy marriage into an unhappy one One chapter explodes the myth that feminists are responsible for the high incidence of divorce while another focuses on the financial worth of the wife after the demise of a long standing marriage Taken together these essays impart a deep and complex picture of the challenges facing couples in our time The vital and engaging narratives show that however anxious our society may be in the face of dissolving marriages and dysfunctional families couples will continue to form the bedrock of American society in the twenty first century One of the most fundamental human urges is to form a pair Despite many tendencies that threaten traditional marriage and even make committed cohabitation problematic very few people live through adulthood without at least one lengthy relationship and u

Manifestoes Janet Lyon, 2018-09-05 For more than three hundred years manifestoes have defined the aims of radical groups individuals and parties while galvanizing revolutionary movements As Janet Lyon shows the manifesto is both a signal genre of political modernity and one of the defining forms of aesthetic modernism Ranging from the pamphlet wars of seventeenth century England to dyke and ACT UP manifestoes of the 1990s her extraordinarily accomplished book offers the first extended treatment of this influential form of discourse Lyon demonstrates that the manifesto usually perceived as the very model of rhetorical transparency is in fact a complex ideologically inflected genre one that has helped to shape modern consciousness Lyon explores the development of the genre during periods of profound historical crisis The French Revolution generated broadsides that became templates for the texts of Chartism the Commune and late nineteenth century anarchism while in the twentieth century the historical avant garde embraced a revolutionary discourse that sought in the manifesto's polarizing polemics a means for disaggregating and publicizing radical artistic movements More recently in the manifestoes of the 1960s the wretched of the earth called for either the full realization or the final rejection of the idea of the universal subject paving the way for contemporary contestations of identity among second and third wave feminists and queer activists *Style and the Nineteenth-Century British Critic* Professor Jason Camlot, 2013-04-28 In analyzing the nonfiction works of writers such as John Wilson J S Mill De Quincey Ruskin Arnold

Pater and Wilde Jason Camlot provides an important context for the nineteenth century critic s changing ideas about style rhetoric and technologies of communication In particular Camlot contributes to our understanding of how new print media affected the Romantic and Victorian critic s sense of self as he elaborates the ways nineteenth century critics used their own essays on rhetoric and stylistics to speculate about the changing conditions for the production and reception of ideas and the formulation of authorial character Camlot argues that the early 1830s mark the moment when a previously coherent tradition of pragmatic rhetoric was fragmented and redistributed into the diverse localized sites of an emerging periodicals market Publishing venues for writers multiplied at midcentury establishing a new stylistic norm for criticism one that affirmed style as the manifestation of English discipline and objectivity The figure of the professional critic soon subsumed the authority of the polyglot intellectual and the later decades of the nineteenth century brought about a debate on aesthetics and criticism that set ideals of Saxon rooted virile style against more culturally inclusive theories of expression

The Economics of Providence Maarten van Dijck, Jan de Maeyer, Jeffrey Tyssens, Jimmy Koppen, 2012 This book deals with the question of how the religious orders and congregations rebuilt their patrimony a necessary prerequisite for the growth of the number of religious educational and charitable services
