Magic: The Life of Earvin "Magic" Johnson Roland Lazenby, 2023-10-24 The definitive biography of the basketball legend Earvin Magic Johnson from the highly respected career sportswriter and author of Michael Jordan The Life Magic Johnson is one of the most beloved and at times controversial athletes in history His iconic smile lifted the dowdy sport of American professional basketball from a second tier sport with low ratings into the global spotlight a transformation driven by Magic's ability to eviscerate opponents with a playing style that featured his grand sense of fun He was a master entertainer who directed the Los Angeles Showtime Lakers to the heights of both glory and epic excess all of it driven by his mind blowing no look passes and personal charm Then in 1991 at the height of his charismatic power Johnson shocked the world with a startling cautionary tale about sexually transmitted disease that pushed public awareness of the HIV AIDS crisis Then out came his confession of unprotected sex with hundreds of women each year followed by his retirement an attempted return and a proper farewell on the iconic 1992 Olympic Dream Team Longtime biographer Roland Lazenby spent years tracking the unlikely ascension of Johnson an immensely popular public figure who was instantly scandalized but who then turned to his legendary will to rise again as a successful entrepreneur with another level of hard won success In Lazenby's portrayal Johnson's tale becomes bigger than that of one man It is a generational saga spanning parts of three centuries that reveals a great deal not just about his unique basketball journey but about America itself Through hundreds of interviews with Johnson's coaches representatives past and present teammates opponents friends and loved ones as well as key conversations with Johnson himself over the years Lazenby has produced the first truly definitive study both dark and light of Earvin Magic Johnson Jr the revolutionary player the icon the man

Duende Quincy Troupe, 2022-07-26 The selected poems from over fifty years by the great poet and biographer and friend of Miles Davis Quincy Troupe writes poetry in great waves The words are just notes It's the music you make with them that matters He's not a wordsmith he's a shaman conjuring long repetitive lines cadences of looking across the sea towards Africa and haunted by the legacy of slavery and racism or of remembering fellow conjurers poets and musical artists celebrating always celebrating but never only that In the fifty page incantatory poem *Ghost Voices* there is a longing to be reconnected to the past and a longing too to be free of it In the short title poem *Duende* For Garcia Lorca and Miles Davis there lies nakedly Troupe's credo secrets mystery infused in black magic that enters bodies in forms of music art poetry imbuing language with sovereignty in blood spooling back through violent centuries The version of the great poem *Avalanche* number 3 that appears here is different from the version of the same poem he published nearly 25 years ago in exactly the same way that a jazz artist picks up his horn to play the same song a little differently every time Troupe is a generous and gregarious poet in this giant offering that includes many new poems as well as a selection chosen from across his eleven previously published volumes What's remarkable is the constancy the energy and how he's always looking right at you in the here and now and at the same time sees something over your shoulder that others don't see yet maybe a distant storm gathering over the waters something we're going to need to rise up and face soon enough
