X That Ex Kristin E. Carmichael, LISW, 2013-01-03 Hell no It s over I am done Saying it to him felt so damned good God knows he deserved it Still deserves it So why is it that only a few weeks later I doubt if I can stand by what I said X That Ex is the long awaited answer for women who have left a bad relationship and don t

want to go back It is incredibly common for women to leave partners who are emotionally unavailable disrespectful immature selfish or even abusive but then struggle to stay away Women might be tripped up by their exes schemes to get them back their own self sabotaging ways or even by our society which seems to glorify a just give him one more chance philosophy To their family and friends dismay huge numbers of women go back to toxic relationships wasting years and the possibility of happier lives on men who can't give them what they deserve If the post breakup world for most people were logical fair regulated and well defined there would be no need for X That Ex As most of us know however the time after a breakup is emotionally messy sometimes chaotic and filled with conflicting feelings motivations hopes temptations and realities that must be dealt with X That Ex focuses on this confusing time demystifying why it is so difficult to stay away from a problematic ex and distinguishing itself by making personalized predictions for readers about what to expect from their exes and themselves in the tumultuous time right after a relationship ends This book is a unique roadmap that guides readers through the sometimes perilous time when a woman's ex might try time tested tactics to tempt her back when self sabotage may make a woman her own worst enemy and when even our culture gets in on the action by making reunification seem reasonable *Here One Moment* Liane Moriarty, 2024-09-10 If you knew your future would you try to fight fate Aside from a delay there will be no problems The flight will be smooth it will land safely Everyone who gets on the plane will get off But almost all of them will be forever changed Because on this ordinary short domestic flight something extraordinary happens People learn how and when they are going to die For some their death is far in the future age 103 and they laugh But for six passengers their predicted deaths are not far away at all How do they know this There were ostensibly more interesting people on the flight the bride and groom the jittery possibly famous woman the giant Hemsworth esque guy who looks like an off duty superhero the frazzled gorgeous flight attendant but none would become as famous as The Death Lady Not a single passenger or crew member will later recall noticing her board the plane She wasn't exceptionally old or young rude or polite She wasn't drunk or nervous or pregnant Her appearance and demeanor were unremarkable But what she did on that flight was truly remarkable A few months later one passenger dies exactly as she predicted Then two more passengers die again as she said they would Soon no one is thinking this is simply an entertaining story at a cocktail party If you were told you only had a certain amount of time left to live would you do things differently Would you try to dodge your destiny Liane Moriarty's *Here One Moment* is a brilliantly constructed tale that looks at free will and destiny grief and love and the endless struggle to maintain certainty and control in an uncertain world A modern day Jane Austen who humorously skewers social mores while spinning a web of mystery Moriarty asks profound questions in her newest I can't wait to find out what happens novel

Her Grief Was Heard Cady Patterson, 2019-10-01 Do you feel like you are alone in your grief *Her Grief Was Heard* is a unique approach to a devotional using diary entries from Cady s journal after she lost her husband at age 24 The author doesn t shy away from hard questions she struggles with during her grief process The candid dialogue between the young widow and God are not only emotionally validating for any reader but also show that no emotion is too dark or ugly for God Don t be surprised if you see chapters titled by questions you wanted to ask God but felt too afraid to say them As Cady vulnerably wrestles with her questions and raw emotions she finds one thing that is irreplaceable hope We believe you will too Each chapter is woven in Scripture that will tenderly comfort your grieving soul And in each chapter you will find that there is only One who can pick up the pieces of your broken heart
