Take Hold Of Your Future:

Take Hold of Your Dream Jentezen Franklin, 2012-03-06 God has a dream for you and if you will seek Him He will reveal and guide you to it Living your dreams isn't easy It takes persistence and tenacity along with faith in yourself in God and in the vision He has given you In this small book Jentezen Franklin gives you a powerful message of hope you can do it The question is not can you dream but do you have the courage to act on it Is there a dream in your heart Has life buried it Have others told you it's too late Don't you believe it Using personal experiences and examples from biblical characters who pursued their dreams to the end Franklin shows you how to find and walk out your God given vision for your life *Destined for Greatness* Alex Osorio, 2022-02-21 What would you say or do if you ever wanted to reach your Greatness This shocking and provocative question is at the core of the remarkable and inspiring book *Destined for Greatness* This book emerged from the speaking series designed to help people discover their Greatness and then speak it out loud as taught by Pastor Alex In this book Pastor Alex goes beyond the event and dives into what it means to discover your truth and pursue your destiny of Greatness He answers the question Why people should go after their Greatness and then explains precisely how to reach Greatness If you feel living more authentically could allow you to have a more significant impact on others or you can't find the way to reach your destination as bad as you want to this is the book for you The path Pastor Alex lays out is simple but not easy because your greatest gift lies next to your deepest wounds but make no mistake You are destined for Greatness

An Unbroken Educational Apartheid Legacy David E. Morgan Ph.D., 2015-03-17 This is a thought provoking book on the black white academic achievement gap in Chicago's predominantly black communities of color and what highly effective school boards can do to change it In this book the reader will be powerfully enlightened by a civil and human rights debate that calls for effective leadership in our schools beginning with effective school boards The primary agenda of effective school boards is raising student achievement performance levels and engaging the school district community to attain that goal These instructive analyses of effective school board leadership builds on the research and wisdom of great leaders Simultaneously it develops a breath of fresh air for school reformers who seek to implement a new model and escape the insanity and pathology inherent in school board dysfunctions and violations of our civil and human rights which prevents progress in Chicago's south suburban communities of color In both highs and lows of awesome moments as educational reform leaders and school board members we are in a strategic leadership position to help school boards carry out their essential responsibilities for creating equity and excellence in public education In doing so highly effective school leaders can team with our school board leaders to lead our school district communities in preparing all students to succeed in a rapidly changing global society School board members doing the same things over and over again and then expecting different results in academic outcomes is the definition for insanity Education is freedom In an era of
