Take Home Maths Tasks A:

50 Fantastic Ideas for Take-Home Activities Kate Bass, Jane Vella, 2016-01-14 _____ The 50 Fantastic Ideas series is packed full of fun original skills based activities for Early Years practitioners to use with children aged 0-5. Each activity features step by step guidance, a list of resources and a detailed explanation of the skills children will learn. Creative, simple and highly effective, this series is a must have for every Early Years setting. This book from the award winning 50 Fantastic Ideas series is packed full of activities that will inspire practitioners and motivate children to explore the world around them. It contains ideas that are easy for practitioners to digest, allowing them to easily pass on strategies and instant ideas to parents and carers. The introduction will explain to practitioners how these activities could be shared with families and how to entice and include the harder to reach families who would not necessarily buy a book or look at activities online. The activities encourage creative play and exploration and will inspire tasks set for home learning. Take Home Maths Tasks: Book E Peter Maher, 2004. This homework activity book provides activities that help students recognise the importance of what they are earning in relation to the real world. It is ideal for students in their first year of school. The activities utilise items that can be found in most family homes or neighbourhoods, for example recipe books, TV guides and the weekly shopping list. It contains 40 weekly homework task sheets ready to photocopy. Also included are answers and hints for the teacher. Macmillan. Take Home Maths Tasks: Book G Peter Maher, 2004.
