The Americans The Democratic Experience:

The Americans: The Democratic Experience Daniel J. Boorstin, 1974-07-12 Winner of the Pulitzer Prize A study of the last 100 years of American history The Americans Daniel J. Boorstin, 2003-01-01 **The Americans: the Democratic Experience** Daniel Joseph Boorstin, 1974 The Americans Daniel Joseph Boorstin, 2000 This Pulitzer Prize winning final volume of The Americans trilogy covers the century following the Civil War 1868 1969 It explores the highways and byways of the American experience from the Go Getters who explored new boundaries to the triumph of man landing on the Moon

The Americans Daniel J. Boorstin, 2008-07-10 Explores changes in the national character since the Civil War paying particular attention to the social costs of progress Bibliogs The Americans: The National Experience Daniel J. Boorstin, 1967-02-12 This second volume in The Americans trilogy deals with the crucial period of American history from the Revolution to the Civil War Here we meet the people who shaped and were shaped by the American experience the versatile New Englanders the Transients and the Boosters Winner of the Francis Parkman Prize *The Librarians of Congress* Christian A. Nappo, 2016-02-04 For over 200 years the Library of Congress has served as our national library Since its establishment in 1800 thirteen librarians have served as the institution s head librarian Sadly little is known about most of them The Librarians of Congress is the first book to contain the biographies of all these librarians Beginning with a brief history of the Library of Congress the book then contains short biographies of each of the thirteen Librarians of Congress beginning with John J Beckley and ending with James H Billington Each biography is accompanied by a photograph A subject index concludes this work **The Modern Christmas in America** William Waits, 1994-10 In days of old Christmas was defined by the custom of exchanging simple handmade gifts Today it has become a multi billion industry synonymous with commercialism and consumption How did this transformation occur In this incisive and engaging examination of how Christmas has evolved since 1880 Waits chronicles the history of the holiday from its origin to its current form The book is illustrated with dozens of historical photographs and will be of interest to cultural and social historians alike Christmas was a relatively modest occasion in the English speaking world celebrated by the exchange of modest handmade gifts until the Victorians invested the holiday with immense significance as part of a larger effort to celebrate home family and a mythic past of well ordered communities By the late 19th century Christmas had become a major American festival Today it is a multi billion dollar industry and easily the most important seasonal event of the year In this survey of the modern American Christmas William Waits shows us how this holiday emerged tracing its evolution from the days prior to 1880 when people presented one another with simple crafted presents to the turn of the century when industrialization brought with it waves of inexpensive tawdry gimcracks In the early twentieth century reform minded Americans reflecting on the new Christmas prompted a backlash against this cheapening of the Yule tradition and the Christmas card was born Henceforth family members and close friends exchanged useful costly items while cards were sent to acquaintances and distant relatives These

reformers also persuaded retail stores to keep their regular hours of business during the holiday rather than lengthening them to give trade workers the opportunity to join in the celebration They also rationalized the collection and distribution of holiday charity resulting in the Christmas celebration we have today Waits's book clearly illustrates that the notion that Christmas is uncontrollable is simply untrue An incisive and engaging history of giftgiving *The Modern Christmas in America* also examines the differing traditions of giftgiving to friends employees the poor and among entire communities Handsomely illustrated with dozens of historical photographs this book is not only the perfect holiday gift but will also be of interest to any student of American history and culture

Popularizing the Past Nick Witham, 2023-07-26 *Popularizing the Past* tells the stories of five postwar historians who changed the way ordinary Americans thought about their nation's history What's the matter with history For decades critics of the discipline have argued that the historical profession is dominated by scholars unable or perhaps even unwilling to write for the public In *Popularizing the Past* Nick Witham challenges this interpretation by telling the stories of five historians Richard Hofstadter Daniel Boorstin John Hope Franklin Howard Zinn and Gerda Lerner who in the decades after World War II published widely read books of national history Witham compellingly argues that we should understand historians' efforts to engage with the reading public as a vital part of their postwar identity and mission He shows how the lives and writings of these five authors were fundamentally shaped by their desire to write histories that captivated both scholars and the elusive general reader He also reveals how these authors' efforts could not have succeeded without a publishing industry and a reading public hungry to engage with the cutting edge ideas then emerging from American universities As Witham's book makes clear before we can properly understand the heated controversies about American history so prominent in today's political culture we must first understand the postwar effort to popularize the past

The Americans Daniel Joseph Boorstin, 1958

Right here, we have countless books **The Americans The Democratic Experience** and collections to check out. We additionally present variant types and with type of the books to browse. The all right book, fiction, history, novel, scientific research, as competently as various supplementary sorts of books are readily approachable here.
