The Armageddon Network:

The Armageddon Network Michael P. Saba, 1984 **Disciples of Destruction** Charles W. Sutherland, What's going on in the world Every day we hear more horror stories about the wars in the Middle East Americans are afraid to travel world wide because of their justified fears of terrorism And here at home we watch with amazement as the fundamentalists battle over control of a TV empire riddled with sex and drugs with a scenario that makes prime time television look tame As money sex and power once again take their toll *Disciples of Destruction* examines religion itself and the role it has played since time as we know it began Sutherland uncovers and analyzes the real ramifications of organized religion and its devastating effects on Western civilization *Disciples of Destruction* is packed with little known vignettes that are sure to astonish amuse and sometimes even outrage the reader Few will fail to be drawn in by the account of the Corpse Synod in which a Pope's body was exhumed put on trial for high crimes and subsequently dragged through the streets of Rome or shocked by the plausible contention that Albino Luciani elected Pope John Paul I in 1979 but destined to reign for only 33 days did not die a natural death but was in fact assassinated Sutherland convincingly concludes that organized religion even today maintains the proclivities of its barbaric origins as Israeli expansionism the Vatican's obsession with its financial empire the atrocities of Khomeini's Islamic Republic and Marxist militarism and repression amply demonstrate These proclivities updated to our century indicate that while the long battle to liberate the mind from the fear of tyranny continues the slow process of slaying the dragons of mythology is not keeping step with the pace of nuclear weapons development and deployment which accelerates in the context of an equally explosive growth of religious fundamentalism Unchecked this makes armageddon the easiest prophecy to fulfill **The Fatal Embrace** Benjamin Ginsberg, 1999-01-15 Anti-Semitism is on the rise And organized anti-Semitism is moving from the fringes to the center of public life Now Ginsberg puts the new anti-Jew feelings under the powerful microscope of history and documents the uses of organized anti-Semitism on the national political agenda

Israel Undercover Steve Posner, 1987-11-01 *Israel Undercover* focuses on the execution of para-military counterterrorist operations against Palestinian guerrillas and the behind-the-scenes negotiations carried out among Arab statesmen Israeli leaders and American officials Intelligence agencies like the CIA and the KGB are often viewed as tools for carrying out dirty tricks covert operations that lead to government coups illegal bombings political killings and Iran-Contra In the Middle East undercover operatives are frequently called upon to serve a dual purpose to wage clandestine warfare behind enemy lines and to help public officials carry out secret diplomatic moves that would be impossible if carried out under the glare of the world press This book successfully portrays the cold objectivity that governs the life and death foreign policy of a country like Israel the need to view friend and foe alike with resolute realism The book is divided into four sections 1 Inside Beirut describes Israel's use of its intelligence network in Lebanon during the 1970s to conduct military reprisals and its impact on the Israeli-Egyptian peace process 2 Across the River Jordan examines the decades-old secret relationship

between Israeli leaders and Jordan's King Hussein 3 American Dreams reveals the quiet alliance between the Christian Phalanx militia and Washington's back door channel to the PLO and 4 The Mysterious Middle East provides a glimpse of the region's special mix of conspiracy and animosity In order to provide a historical setting and a political context for the events described in the book material is included from widely published sources integrated with information gathered from private informants some of whom have chosen to remain anonymous
