The Dandy at Dusk Philip Mann, 2017-10-05 Philip Mann chronicles the relationship of dandyism and the emerging cultural landscape of modernity via portraits of Regency England's Beau Brummell the first dandy and six twentieth century figures Austrian architect Adolf Loos the Duke of Windsor neo Edwardian courtier Bunny Roger writer and raconteur Quentin Crisp French film producer Jean Pierre Melville and New German Cinema enfant terrible and inverted dandy Rainer Werner Fassbinder He blends memorable anecdotes with acute analysis to explore their style identity and

influence and interweaves their stories with an entertaining history of tailoring and men's fashion *The Dandy at Dusk* contextualizes the relationship between dandyism, decadence and modernism against the background of a century punctuated by global conflict and social upheaval **Dandy in Irish and American Southern Fiction** Ellen

Crowell, 2007-11-19 This book identifies and interprets the longstanding ideological and aesthetic dialogue between the literary imaginations of Anglo Ireland and the Anglo American South. It offers a rich comparative examination of nineteenth and twentieth century Irish and American Southern plantation literatures and their respective representations of race and nation, gender and sexuality, region and landscape and the gothic imagination. Pairing major writers from both traditions including Maria Edgeworth, William Faulkner, Oscar Wilde, Katherine Anne Porter and Elizabeth Bowen, the book shows how this transatlantic dialogue coalesced around questions of power, supremacy and gentility. Writers in Anglo Irish and Anglo Southern literary traditions recognized and spoke to each other through the discourse of aristocracy. As the book demonstrates, from the early nineteenth century onwards, Irish and Anglo Southern writers conducted a sustained exploration into constructions of aristocracy through the figure of the dissipated, deviant gentleman or lady, the dandy. By augmenting literary analysis with a variety of historical, biographical, archival and visual materials including nineteenth century trade cards, original letters and twentieth century photographic portraits, the book offers readers a wide-ranging interdisciplinary illumination of transatlantic modernism. *The Cambridge Companion to George Bernard Shaw* Christopher

Innes, 1998-09-24 This volume covers all aspects of Shaw's drama, focusing both on the political and theatrical context while the illustrations showcase productions from the Shaw Festival in Canada. Royal Taste Daniëlle De Vooght, 2016-04-08 The explicit association between food and status was, academically speaking, first acknowledged on the food production level. He who owned the land possessed the grain; he who owned the mill had the flour; he who owned the oven sold the bread. However, this conceptualization of power is dual. Next to the obvious demonstration of power on the production level is the social significance of food consumption. Consumption of rich food in terms of quantity and quality was and is a means to show one's social status and to create or uphold power. This book is concerned with the relationship between food consumption, status and power. Contributors address the old top of society and consider the way kings and queens, emperors and dukes, nobles and aristocrats, wine and dined in the rapidly changing world of the late eighteenth and nineteenth centuries where the bourgeoisie and even the common people obtained political rights, economic influence, social importance and cultural authority. The book questions the role of food consumption at courts and the significance of particular foodstuffs or ways of cooking, deals with the number of guests and their place at the table and studies the way the courts under consideration influenced one another. Topics include the role of sherry at the court of Queen Victoria as a means of representing middle class values, the use of the truffle as a promotional gift at the Savoy court and the influence of European culture on banqueting at the Ottoman Palace. Together, the volume addresses issues of social networks, prestige, politics and diplomacy.
