lost her only brother in a gigantic freak wave while sailing with her family in Narragansett Bay Traumatized by the accident she spent her childhood mostly alone practicing the magic tricks her brother James had taught her and swimming in the ocean near her house Equal parts smart and athletic and awkward and nerdy her self sufficiency is thrown for a loop when she meets Gabriel who seems out of place in the company of the thick necked rough fishermen of New England And he appears and disappears with unnerving frequency at odd times at the beach Summer and Gabriel are instantly drawn to each other but Summer s father a high ranking government scientist inexplicably forbids her from seeing him Summer defies her father and sneaks off to see Gabriel and stumbles upon his secret In the adventure that ensues Summer learns something profound and unexpected about herself [The Devil and the Deep Blue Sea](#) Beth Sherman,2016-06-14 When Satan Comes to New Jersey A quaint coastal community that prides itself on it s piety the good people of oceanside Heights shudder collectively at word of the newest fad among local teens devil worship Despite rumors that old scratch himself has appeared at their beachside revels the kids late night antics seem more ditsy than dangerous until ghostwriter Anne Hardway happens upon the corpse of young would be witch Abby Podowski All hell breaks loose Though a seasoned hand at crime solving Anne doesn t want to touch this case But when the prime murder suspect an apprentice witchling and grandniece of an elderly friend disappears Anne is pulled against her better judgment into an eerie arcane world of black magic And before a witch hunt fever worthy of Salem infects the Heights she s going to unravel the dark web of murderous secrets and lies that surrounds the satanic activities of the Oceanside young even if there s the devil to pay [The Devil and the Deep Blue Sea](#) Linda Pannozzo,2023-01-03T00:00:00Z In the early 1990s the collapse of the Atlantic groundfish stocks signaled the destruction of life in the seas but it also threw 40 000 people out of work unraveling the very fabric of rural life throughout Atlantic Canada Twenty years later even after fishing moratoriums and limited directed fishing the cod have not recovered and some stocks are on the verge of biological extinction The fishing industry politicians and government scientists blame the growing population of grey seals a species that had up until the 1970s been severely depleted and argue that a large scale cull of the population is needed to save the cod In *The Devil and the Deep Blue Sea* Linda Pannozzo finds that the truth is much more complex and that the seals are scapegoats for the federal government s mismanagement of the cod stocks deflecting attention away from the effects of global warming and the continued use of destructive fishing methods The collapse of the cod its failure to recover and the recent recommendations for large scale grey seal culls are stark reminders of how fisheries science and public policy are increasingly estranged from each other [The Deep Blue Sea for Beginners](#) Luanne Rice,2009-08-04 Years ago Lyra Davis fled the people she loved most unable to reconcile the expectations of her wealthy family with the longings of her own wild heart Now she lives quietly among a community of expatriates on the isle of Capri slowly carefully learning to live fully for the first time Pell Davis wise beyond her sixteen years and her younger sister Lucy still long for the mother who ran away from them when they were children Pell thinks she knows why Lyra left Now she
