The Devils Meridian:

The Devil's Riches Jared Poley, 2016-02-01 A seeming constant in the history of capitalism greed has nonetheless undergone considerable transformations over the last five hundred years This multilayered account offers a fresh take on an old topic arguing that greed was experienced as a moral phenomenon and deployed to make sense of an unjust world Focusing specifically on the interrelated themes of religion economics and health each of which sought to study and channel the power of financial desire Jared Poley shows how evolving ideas about greed became formative elements of the modern experience

The Devil's Pulpit Robert Taylor, 2024-06-28 Dive into the provocative and insightful world of Robert Taylor's *The Devil's Pulpit* a work that challenges conventional religious beliefs and explores the deep connections between Christianity and ancient mythologies Known for his eloquence and bold viewpoints Robert Taylor offers a series of lectures that question the historical authenticity and origins of Christian doctrines presenting a compelling case for their roots in pre-Christian myths In *The Devil's Pulpit* Taylor meticulously examines the parallels between well known biblical narratives and ancient pagan traditions With keen analytical skills and thorough research he draws comparisons between the stories of the virgin birth crucifixion resurrection and other key elements of the Christian faith and similar themes found in earlier mythological systems Taylor's work illuminates the syncretic nature of religious evolution suggesting that many aspects of Christian teachings were influenced by or borrowed from older cultural myths Taylor's lectures are not merely an academic critique they are a passionate call for intellectual freedom and critical examination of long held beliefs He encourages readers to approach religious texts with a questioning mind to seek truth beyond tradition and to understand the historical context in which these narratives developed His arguments are presented with clarity and conviction making complex theological and historical concepts accessible to a wide audience This book remains a significant contribution to religious critique and historical analysis inviting readers to reconsider the origins and meanings of the stories that have shaped Western religious thought *The Devil's Pulpit* stands as a testament to Robert Taylor's legacy as a courageous thinker and eloquent critic of religious orthodoxy
