Hoffman, 1999 First published in 2000 Routledge is an imprint of Taylor Francis an informa company *The Angry Earth* Anthony Oliver-Smith, Susanna Hoffman, Susanna M. Hoffman, 2019-12-06 The Angry Earth explores how various cultures in different historical moments have responded to calamity offering insight into the complex relationship between societies and their environments From hurricanes floods and earthquakes to oil spills and nuclear accidents disasters triggered by both natural and technological hazards have become increasingly frequent and destructive across the planet Through case studies drawn from around the globe the contributors to this volume examine issues ranging from the social and political factors that set the stage for disaster to the cultural processes experienced by survivors to the long term impact of disasters on culture and society In the second edition each chapter has been updated with a postscript to reflect on recent developments in the field There is also new material on key present day topics including epidemics drought non governmental organizations and displacement and resettlement This book demonstrates the relevance of studying disaster from an anthropological perspective and is a valuable resource not only for anthropologists but for other fields concerned with education policy and practice

The Angry Earth Sally Watson, 2009-10-28 In 1811 New Madrid Missouri was shattered by a series of massive earthquakes For weeks the shocked citizens coped with a world gone mad They all changed fell apart and endured This is a fictionalized account of the true story of a family and a town who faced the terror and hardship of unthinkable prolonged natural violence with courage love and even humor

Earth Awakened Monette Michaels, 2022-02-15 The Terran Realm a world where the Terrans a species as old as time secretly coexist in harmony with humans Their elemental abilities and collective memories are what keeps the world in balance Or at least until greed for power enters the mix On a dig in southwestern Indiana Earth Keeper Lily Redfern a dedicated scientist and unworldly young Terran woman is the chosen Earth Talisman Struggling to stop an earthquake that threatens to split North America in half she gets help from Carr Madoc the Protector Consort destined to guard her and supply her with his strength In New York State Algernon Brody plots to create chaos in the world for his and his Destroyer friends financial gain The earthquake in Indiana was only the beginning His Air Keeper wife and soon to be Air Talisman Autumn hates him for killing her parents and abusing her Trent Steed Brody s half human half Terran aide loves Autumn and will do anything to get her away from the vile Destroyer What Brody does not know is his act of greed will unbalance Earth and trigger the beginning of end times Can the two Talisman couples restore balance or will Brody s foul acts signal the end of all life on Earth This is a re release The book has been gently edited

the plot and characters are basically the same as the earlier edition **Governing Disasters** S. Revet,J.

Langumier,2015-03-04 Based on extensive ethnographic and historical research conducted in diverse field locations this volume offers an acute analysis of how actors at local national and international levels govern disasters it examines the political issues at stake that often go unaddressed and demonstrates that victims of disaster do not remain passive

Homeland Security Law and Policy William C. Nicholson,2005 This book is dedicated with appreciation to the warriors who defend us on foreign soil and the emergency responders and emergency managers who daily confront homeland security's challenges P v *Disaster Research* Rasmus Dahlberg,Olivier Rubin,Morten Thanning Vendelø,2015-09-07 Given the tendency of books on disasters to predominantly focus on strong geophysical or descriptive perspectives and in depth accounts of particular catastrophes Disaster Research provides a much needed multidisciplinary perspective of the area This book is structured thematically around key approaches to disaster research from a range of different but often complementary academic disciplines Each chapter presents distinct approaches to disaster research that is anchored in a particular discipline ranging from the law of disasters and disaster historiography to disaster politics and anthropology of disaster The methodological and theoretical contributions underlining a specific approach to disasters are discussed and illustrative empirical cases are examined that support and further inform the proposed approach to disaster research The book thus provides unique insights into fourteen state of the art disciplinary approaches to the understanding of disasters The theoretical discussions as well as the diverse range of disaster cases should be of interest to both postgraduate and undergraduate students as well as academics researchers and policymakers *Routledge Handbook of Environmental Anthropology* Helen Kopnina,Eleanor Shoreman-Ouimet,2016-08-12 Environmental Anthropology studies historic and present human environment interactions This volume illustrates the ways in which today's environmental anthropologists are constructing new paradigms for understanding the multiplicity of players pressures and ecologies in every environment and the value of cultural knowledge of landscapes This Handbook provides a comprehensive survey of contemporary topics in environmental anthropology and thorough discussions on the current state and prospective future of the field in seven key sections As the contributions to this Handbook demonstrate the subfield of environmental anthropology is responding to cultural adaptations and responses to environmental changes in multiple and complex ways As a discipline concerned primarily with human environment interaction environmental anthropologists recognize that we are now working within a pressure cooker of rapid environmental damage that is forcing behavioural and often cultural changes around the world As we see in the breadth of topics presented in this volume these environmental challenges have inspired renewed foci on traditional topics such as food procurement ethnobiology and spiritual ecology and a broad new range of subjects such as resilience nonhuman rights architectural anthropology industrialism and education This volume enables scholars and students quick access to both established and trending environmental anthropological explorations into theory methodology

and practice Capitalizing on Catastrophe Nandini Gunewardena, Mark Schuller, 2008-02-25 In Capitalizing on Catastrophe an international group of scholars and professionals critically examine how local communities around the world have prepared for and responded to recent cataclysms The book's principal focus is the increasing trend to rely on the private sector to deal with natural disasters and other forms of large scale devastation from hurricanes and tsunamis to civil wars and industrial accidents Called disaster capitalism by its critics the tendency to contract private interests to solve massive urgent public problems may be inevitable but is extremely problematic especially with respect to peoples who need help the most Can private relief groups give the highest priority to potential and actual victims of large disasters for example if that means devoting fewer resources to protecting tourism and other profitable industries The high profile contributors to this volume straightforwardly tackle such timely and difficult questions of great public concern
